Supervisors:

I'm very pleased to finally see CAO Ashton putting on the agenda his recommendation to rescind the Board Resolution 054-2020 (March 17, 2020) related to the coronavirus pandemic and the County's response. This is long overdue. Emergency declarations are not meant to last for a year. That resolution is a dangerous abuse of our checks and balances and it is repugnant to the Constitution. Please vote yes to rescind the resolution.

Kind regards,

Tracy Doyle
