AGREEMENT FOR SERVICES #048-S0311
AMENDMENT I

This Amendment I to that Agreement for Services #048-S0311, made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and Xerox Corporation, a New York Corporation duly qualified to conduct business in the State of California, whose local place of business is 2485 Natomas Park Drive, Suite 250, Sacramento, CA 95833 (hereinafter referred to as "Contractor");

WITNESSETH

WHEREAS, Contractor has been engaged by County to provide equipment maintenance and supporting software license and support for the Information Services Department in accordance with Agreement for Services #048-S0311, incorporated herein and made by reference a part hereof; and

WHEREAS, the parties hereto have mutually agreed to amend **ARTICLE I-Scope of Services**, **ARTICLE II-Term**, and **ARTICLE III-Compensation for Services**.

NOW THEREFORE, the parties do hereby agree that Agreement for Services #048-S0311 shall be amended a first time as follows:

ARTICLE I

Scope of Services: Contractor agrees to provide equipment maintenance and supporting software license for the Information Services Department laser printer.

Software License:

The following shall apply to copyrighted software and the accompanying documentation, including but not limited to operating system software, provided with or within the Equipment ("Base Software"). This license does not apply to any Diagnostic Software or to any software and accompanying documentation made subject to a separate license agreement.

- A. Contractor grants County a non-exclusive, non-transferable license to use the Base Software within the United States, its territories and possessions (the "United States") only on or with the Equipment with which (or within which) it was delivered. For Application Software, Contractor grants County a non-exclusive, non-transferable license to use this software within the United States on any single unit of equipment for as long as County is current in the payment of any indicated software license fees (including any Annual Renewal Fees). County has no other rights to the Base or Application software and, in particular, may not (1) distribute, modify, create derivatives of, decompile, or reverse engineer this software; (2) activate any software delivered with or within the Equipment in an unactivated state; or (3) allow others to engage in same. Title to the Base and Application Software and all copyrights and other intellectual property rights in it shall at all times reside solely with Contractor and/or its licensors (who shall be considered third-party beneficiaries of these software provisions).
- B. Contractor may terminate County's license for any Base software (1) immediately if County no longer uses or possesses the Equipment or is a lessor of the Equipment and its first lessee no longer uses or possesses it or (2) upon the termination of any agreement under which County has rented or leased the Equipment.
- C. If County transfers possession of the Equipment, Contractor will offer the transferee a license to use the Base Software within the United States on or with it, subject to Contractor's then-applicable terms and license fees, if any, and provided the transfer is not in violation of Contractor's rights.
- D. Contractor warrants that the Base and Application Software will perform in material conformity with its published specifications for a 90-day period from the date it is delivered or, for software installed by Contractor, the date of software installation. Neither Contractor nor its licensors warrant that the Base or Application Software will be free from errors or that its operation will be uninterrupted.

Software Support - During the period that Contractor provides Basic Services for the Equipment, Contractor will also provide software support for the Base Software under the following terms. For application Software, Contractor will provide this same level of support provided County is current in the payment of all Initial License and Annual Renewal Fees (or, for programs not requiring Annual Renewal Fees, the payment of the Initial License fee and the annual "Support Only" Fees):

- A. Contractor will assure that Base and Application Software performs in material conformity with its published specifications and will maintain a toll-free hotline during standard business hours to answer related questions.
- B. Contractor may make available new releases of the Base and Application Software that primarily incorporate coding error fixes and are designated as "Maintenance Releases". Maintenance Releases are provided at no charge and must be implemented within six (6) months after being made available to County. Each new Maintenance Release shall be considered Base or Application Software governed by these Software Terms.
- C. Contractor will use reasonable efforts, either directly and/or with its vendors, to resolve coding errors or provide workarounds or patches, provided County reports problems in the manner specified by Contractor.
- D. Contractor shall not be obligated (a) to support any Base or Application Software that is two or more generations older than Contractor's most current release or (b) to remedy coding errors if County has modified the Base or Application Software.

Diagnostic Software – Software used to maintain the Equipment and/or diagnose its failures or substandard performance (collectively "Diagnostic Software") is embedded in, resides on, or may be loaded onto the Equipment. The Diagnostic Software and method of entry or access to it constitutes valuable trade secrets of Contractor. Title to the Diagnostic Software shall at all times remain solely with Contractor and/or Contractor's licensors. County agrees that (1) County's acquisition of the Equipment does not grant County a license or right to use the Diagnostic Software in any manner and (2) that unless separately licensed by Contractor to do so, County will not use, reproduce, distribute, or disclose the Diagnostic Software for any purpose (or to allow third parties to do so). County agrees at all times (including subsequent to the expiration of this Agreement) to allow Contractor to access, monitor, and otherwise take steps to prevent unauthorized use or reproduction of the Diagnostic Software.

Equipment Maintenance:

Maintenance shall be provided for the following equipment:

Xerox DP90 Printer. State and local non-lease. Print allowance 3 year/BCMI 2923/1, 1 x 5 service at \$892.25 per month. The print allowance plan includes 150,000 prints a month, prints 150,001 and over are billed at \$0.0052.

DPCTRL 10A Controller. State and Local non-lease. Service 1 year/BCMI 2981/1, 1 x 5 service at \$100.00 per month. Contractor may annually adjust the Controller Support-Only Fees in an amount not to exceed 10%. (For state and local government customers, this adjustment shall take place at the commencement of each of your annual contract cycles).

Services shall include, but not be limited to the following:

- *Repairs and Parts:* Contractor will make adjustments and repairs necessary to keep equipment in good working order (including such adjustments or repairs required during

initial installation). Parts required for repair may be new, reprocessed, or recovered. Parts shall include toner cartridges but exclude paper and staples. All replaced parts/materials will become Contractor's property.

- *Hours and Exclusions:* Unless otherwise stated, Basic Service will be provided during Contractor's standard working hours (excluding contractor-recognized holidays) in areas within the United States, its territories and possessions open for repair service for the equipment at issue. Basic Services shall cover repairs and adjustments required as a result of normal wear and tear or defects in materials or workmanship (and shall exclude repairs or adjustments Contractor determines to relate to or be affected by the use of options, accessories or other connected products not serviced by Contractor as well as any non-Contractor alterations, relocations, service, supplies or consumables).
- *Installation Site and Meter Readings:* The equipment installation site must conform to Contractor's published requirements throughout the term of this Agreement. If applicable, County must provide meter readings in a manner prescribed by Contractor. If County fails to provide timely readings, Contractor may estimate them and bill County accordingly.
- *Remedy:* If Contractor is unable to maintain the equipment as described above, Contractor will, as County's exclusive remedy, replace the equipment with an identical product or, at Contractor's option, another product of equal or greater capabilities. This replacement product shall be subject to these same terms and conditions including any remaining warranty period.

ARTICLE II

Term: This Amendment I shall become effective January 1, 2004. The term of this Agreement as amended shall be for the period of July 1, 2002 through December 31, 2006.

ARTICLE III

Compensation for Services: For services provided herein, County agrees to pay Contractor monthly in arrears. Payment shall be made within thirty (30) days following County receipt and approval of itemized invoice(s) detailing services rendered. For the purposes hereof, the billing rate shall be as follows:

DP90 Printer	\$892.25 per month
DPCTRL 10A Controller (PC)	\$100.00 per month

The print allowance plan includes 150,000 prints per month. Prints 150,001 and above will be billed at \$0.0052 per print. The total amount of this Agreement shall not exceed \$40,000.00 inclusive of all applicable charges under the terms of this Agreement.

Except as herein amended, all other parts and sections of this Agreement #048-S0311 shall remain unchanged and in full force and effect.

Box 1600, Stamford, CT 06904, and whose local place of business is 2485 Natomas Park Drive, Suite 250, Sacramento, CA 95833, (hereinafter referred to as "Contractor");

WITNESSETH

WHEREAS, County has determined that it is necessary to obtain a Contractor to provide equipment maintenance and supporting software license and support for the Information Services Department laser printer; and

WHEREAS, Contractor has represented to County that it is specially trained, experienced, expert and competent to perform the special services required hereunder and County has determined to rely upon such representations; and

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable federal, state and local laws; and

WHEREAS, County has determined that the provisions of such services provided by Contractor are in the public's best interest, are more economically and feasibly performed by outside independent Contractors as well as authorized by El Dorado County Charter, Section 210 (b) (6) and/or Government Code 31000;

NOW, THEREFORE, County and Contractor mutually agree as follows:

ARTICLE I

Scope of Services: Contractor agrees to provide equipment maintenance and supporting software license for the Information Services Department laser printer.

Software License:

The following shall apply to copyrighted software and the accompanying documentation, including but not limited to operating system software, provided with or within the Equipment ("Base Software"). This license does not apply to any Diagnostic Software or to any software and accompanying documentation made subject to a separate license agreement.

- A. Contractor grants County a non-exclusive, non-transferable license to use the Base Software within the United States, its territories and possessions (the "United States") only on or with the Equipment with which (or within which) it was delivered. For Application Software, Contractor grants County a non-exclusive, non-transferable license to use this software within the United States on any single unit of equipment for as long as County is current in the payment of any indicated software license fees (including any Annual Renewal Fees). County has no other rights to the Base or Application software and, in particular, may not (1) distribute, modify, create derivatives of, decompile, or reverse engineer this software; (2) activate any software delivered with or within the Equipment in an unactivated state; or (3) allow others to engage in same. Title to the Base and Application Software and all copyrights and other intellectual property rights in it shall at all times reside solely with Contractor and/or its licensors (who shall be considered third-party beneficiaries of these software provisions).
- B. Contractor may terminate County's license for any Base software (1) immediately if County no longer uses or possesses the Equipment or is a lessor of the Equipment and its first lessee no longer uses or possesses it or (2) upon the termination of any agreement under which County has rented or leased the Equipment.
- C. If County transfers possession of the Equipment, Contractor will offer the transferee a license to use the Base Software within the United States on or with it, subject to Contractor's then-applicable terms and license fees, if any, and provided the transfer is not in violation of Contractor's rights.
- D. Contractor warrants that the Base and Application Software will perform in material conformity with its published specifications for a 90-day period from the date it is delivered or, for software installed by Contractor, the date of software installation. Neither Contractor nor its licensors warrant that the Base or Application Software will be free from errors or that its operation will be uninterrupted.

Software Support - During the period that Contractor provides Basic Services for the Equipment, Contractor will also provide software support for the Base Software under the following terms. For application Software, Contractor will provide this same level of support provided County is current in the payment of all Initial License and Annual Renewal Fees (or, for programs not requiring Annual Renewal Fees, the payment of the Initial License fee and the annual "Support Only" Fees):

- A. Contractor will assure that Base and Application Software performs in material conformity with its published specifications and will maintain a toll-free hotline during standard business hours to answer related questions.
- B. Contractor may make available new releases of the Base and Application Software that primarily incorporate coding error fixes and are designated as "Maintenance Releases". Maintenance Releases are provided at no charge and must be implemented within six (6) months after being made available to County. Each new Maintenance Release shall be considered Base or Application Software governed by these Software Terms.
- C. Contractor will use reasonable efforts, either directly and/or with its vendors, to resolve coding errors or provide workarounds or patches, provided County reports problems in the manner specified by Contractor.
- D. Contractor shall not be obligated (a) to support any Base or Application Software that is two or more generations older than Contractor's most current release or (b) to remedy coding errors if County has modified the Base or Application Software.

Diagnostic Software – Software used to maintain the Equipment and/or diagnose its failures or substandard performance (collectively "Diagnostic Software") is embedded in, resides on, or may be loaded onto the Equipment. The Diagnostic Software and method of entry or access to it constitutes valuable trade secrets of Contractor. Title to the Diagnostic Software shall at all times remain solely with Contractor and/or Contractor's licensors. County agrees that (1) County's acquisition of the Equipment does not grant County a license or right to use the Diagnostic Software in any manner and (2) that unless separately licensed by Contractor to do so, County will not use, reproduce, distribute, or disclose the Diagnostic Software for any purpose (or to allow third parties to do so). County agrees at all times (including subsequent to the expiration of this Agreement) to allow Contractor to access, monitor, and otherwise take steps to prevent unauthorized use or reproduction of the Diagnostic Software.

ARTICLE III

Compensation for Services: For services provided herein, County agrees to pay Contractor monthly in arrears. Payment shall be made within thirty (30) days following County receipt and approval of itemized invoice(s) detailing services rendered. For the purposes hereof, the billing rate shall be as follows:

DP90 Printer	\$613.50 per month
DPCTRL 10A Controller (PC)	\$100.00 per month

The total amount of this Agreement shall not exceed \$30,000.00 inclusive of all applicable charges under the terms of this Agreement.

ARTICLE IV

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE V

Contractor to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Contractor shall act as Contractor only to County and shall not act as Contractor to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Contractor's responsibilities to County during term hereof.

ARTICLE VI

Assignment and Delegation: Contractor is engaged by County for its unique qualifications and skills as well as those of its personnel. Contractor shall not subcontract, delegate or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE VII

Independent Contractor/Liability: Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, associates and subcontractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Contractor shall be responsible for performing the work under this Agreement in a safe, professional, skillful and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees.

ARTICLE VIII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, El Dorado County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this Agreement may be deemed to be cancelled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE IX

Default, Termination and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (time to cure), then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time.

No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired.

- B. Bankruptcy: This Agreement, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- C. Ceasing Performance: County may terminate this Agreement in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part thirty (30) calendar days upon written notice by County for any reason. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to Contractor, and for such other services, which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

ARTICLE X

Notice to Parties: All notices to be given by the parties hereto shall be in writing and served by depositing same in the United States Post Office, postage prepaid and return receipt requested. Notices to County shall be in duplicate and addressed as follows:

This duty of Contractor to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XII

Insurance: Contractor shall provide proof of a policy of insurance satisfactory to the El Dorado County Risk Manager and documentation evidencing that Contractor maintains insurance that meets the following requirements:

- A. Full Worker's Compensation and Employer's Liability Insurance covering all employees of Contractor as required by law in the State of California.
- B. Commercial General Liability Insurance of not less than \$1,000,000.00 combined single limit per occurrence for bodily injury and property damage.
- C. Automobile Liability Insurance of not less than \$500,000.00 is required in the event motor vehicles are used by the Contractor in the performance of the Agreement.
- D. In the event Contractor is a licensed professional, and is performing professional services under this Agreement, professional liability (for example, malpractice insurance) is required with a limit of liability of not less than \$1,000,000.00 per occurrence. For the purposes of this Agreement, professional liability is not required.
- E. Contractor shall furnish a certificate of insurance satisfactory to the El Dorado County Risk Manager as evidence that the insurance required above is being maintained.

- F. The insurance will be issued by an insurance company acceptable to Risk Management, or be provided through partial or total self-insurance likewise acceptable to Risk Management.
- G. Contractor agrees that the insurance required above shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of term of the Agreement, or for a period of not less than one (1) year. New certificates of insurance are subject to the approval of Risk Management and Contractor agrees that no work or services shall be performed prior to the giving of such approval. In the event the Contractor fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.
- H. The certificate of insurance must include the following provisions stating that:
1. The insurer will not cancel the insured's coverage without thirty (30) days prior written notice to County, and;
 2. The County of El Dorado, its officers, officials, employees and volunteers are included as additional insured, but only insofar as the operations under this Agreement are concerned. This provision shall apply to all liability policies except worker's compensation and professional liability insurance policies.
- I. The Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be in excess of the Contractor's insurance and shall not contribute with it.
- J. Any deductibles or self-insured retentions must be declared to and approved by the County, either; the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the County, its officers, officials, employees and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.
- K. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to the County, its officers, officials, employees or volunteers.
- L. The insurance companies shall have no recourse against the County of El Dorado, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.
- M. Contractor's obligations shall not be limited by the foregoing insurance requirements and shall survive expiration of this Agreement.

- N. In the event Contractor cannot provide an occurrence policy, Contractor shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- O. Certificate of insurance shall meet such additional standards as may be determined by the contracting County Department either independently or in consultation with Risk Management, as essential for protection of the County.

ARTICLE XIII
