

**RESOLUTION NO.  
OF THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO**

**RESOLUTION ESTABLISHING NON-EXCLUSIVE PUBLIC  
UTILITY EASEMENTS ON COUNTY-OWNED PROPERTY**

**WHEREAS**, the Board of Supervisors of the County of El Dorado established a Road Easement and Public Utility Easements by Resolution No. 079-2009 for the Missouri Flat Interchange project; and

**WHEREAS**, the addition of a Bike Path and drainage ditch interfered with the location of said Public Utility Easements; and

**WHEREAS**, the County also needs to establish new non-exclusive Public Utility Easements for any and all purposes which may benefit the public to accommodate the relocation and installation of utility facilities which lie approximately parallel to the new right-of-way limits for State Route 50, and thus superseding the Public Utility Easements shown on Resolution No, 079-2009; and

**WHEREAS**, the Department of Transportation has petitioned the Board of Supervisors to approve the establishment of said non-exclusive Public Utility Easements across three parcels currently owned by the County, as well as across a portion of the existing right-of-way of Perk's Court, and to file a Record of Survey depicting said easements; and

**WHEREAS**, pursuant to Government Code Section 25526.6, the Board of Supervisors hereby finds that the establishment of said non-exclusive Public Utility Easements is in the public interest and will not substantially conflict or interfere with the use of the underling fee ownership of the properties owned by the County; and

**WHEREAS**, said non-exclusive Public Utility Easements are shown on said Record of Survey map and as described in Exhibits A and A1, attached hereto; and

**WHEREAS**, the map being recorded in Book \_\_\_\_\_ of Record of Surveys, at Page \_\_\_\_\_, this \_\_\_\_\_ day of \_\_\_\_\_, 2013

**NOW, THEREFORE, BE IT RESOLVED** that from and after the date this Resolution is recorded, said non-exclusive Public Utility Easements are hereby established as shown on the Record of Survey. The cost responsibility for future utility rearrangement, relocation, reconstruction and/or removal of utilities located in said non-exclusive Public Utility Easements shall lie solely with owner of the utility and not the County.
