Only the concrete adjustment rings will be removed and replaced.

Staff recommends awarding the contract for this project to the lowest, responsible bidder, B and F Contracting, Inc, in the amount of \$1,394,294.67, and authorize a change order allowance in the amount of \$139,430 (10%), for a total amount of \$1,533,724.67. To continue to meet current railroad approach and clearance standards at the Alma School Road railroad crossing, additional safety improvements will need to be made. Mesa will participate in the federally-funded Railway-Highway Grade Crossing Program, and will be responsible

for adjusting the existing concrete sidewalks around the proposed cantilevers and gates, and installing concrete medians.

This project was previously awarded by Council on July 10, 2017, however, the previously selected contractor could not comply with the federal requirements and the project was released for bid a second time.

Staff recommends awarding the contract to the lowest, responsible bidder, AJP Electric, in the amount of \$149,494, plus an additional \$14,949 (10%) as a change order allowance, for a total amount of \$164,443. We regularly respond to varied IT needs: Be it small rural communities to large municipalities and states, the City of Mesa can be sure that we are ready to be your partner in any IT enterprise. Below are just a few of the benefits that the members of this cooperative will enjoy:

Contract Expertise. Consistently meeting your needs is our main focus which is why we'll update your contract, adding new technologies as soon as you need them. If it is in our catalog, we can add it to your contract. Whatever your needs may be, we will work with you to make sure those needs are met. Included in your contract are pricing options that will enable the City of Mesa to compare pricing options. This benefit enables you to make more informed decisions and provides you with purchasing reports.
