RE: Cherylyn Story
Temporary Mobile Home Application TMA08-0007
Building Permit #187911

Mr. Lloyd,

I have read the Temporary Mobile Home requirements from the El Dorado County Planning Department. The following is from your guidelines for approval of a temporary mobile home:

1. One temporary mobile home for use by the owner or members of the family to prevent the dislocation of family members and/or to allow for in-home care of family members.
2. One temporary mobile home for use by a caretaker where the purpose of the caretaker is to assist the elderly or handicapped homeowner in the care and protection of their property. The site must consist of a minimum of one acre and the elderly or handicapped homeowner must reside on the site.

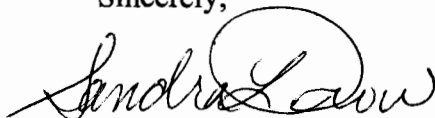

The said property is currently vacant. The advertisement in the Mountain Democrat is enclosed to show that she intends to rent it out again. If there were a family member being "dislocated" she could move them into the house on Kasey Lane.

Cherylyn has stated that her 19 year old son will be moving into the mobile home. I do not know if he is in need of in-home care or if he is disabled; but if he is, then the mobile home should be located at Cherylyn's personal residence on Diana Street.

The property in question has always been a rental property. My understanding is that the owner must occupy the property to add a hardship mobile home to the same parcel.

I trust that you will take this into consideration while making your final decision.

Sincerely,

Sandra L. Prow

For consideration to the Planning Commission re: Agenda of Sept. 11, 2008

I'm writing this letter in response to the Stop Order issued on 7-28-08 at Kasey Lane in Pleasant Valley. I am the grandfather of the hopeful future resident, Garrett Henderson. We obtained the permit to put a Hardship Mobile Home on six acres owned by Garrett's mother and grandmother.

When the permit was applied for it was a known fact that the mother did not live on the property. She said she did not live there and all addresses on the permit application were not located in that area. That was no problem according to the person filling out the application.

We did not go there trying to dupe the County to issue a permit on false information. We knew we would have problems because of a hostile neighbor who is against having a mobile home in the neighborhood, so we were careful to conform to all rules and regulations. Nothing was said that the property owner living on the property was necessary. The permit was issued. If there was a problem, that would have been the time to discuss it. The Planning Dept. said nothing. Did they know?, we didn't.

We proceeded with engineers to draw plans for a septic system, hired a licensed contractor to install the septic system. Installed culvert under the road for driveway, installed waterline to property, got permit from P. G. & E. to install underground electricity, dug 300 ft. trench for electricity, installed power pole, bought mobile home, moved mobile home on the property.

The County came out with STOP WORK ORDER.

This came after almost four months and after over \$15,000.00 for improvements and two inspections by the County for the septic system. Nothing was said in that period.

Why did it take four months to find that we were in violation? Somebody in the permit department is responsible for this predicament, who?

Re: Planning Commission Agenda Item #7

Appeal Temporary Mobile Home Allocation TMA 08-0007 Building Permit # 187911

To whom it may Concern:

I'm asking you to please consider my request to continue the approval of my project. I have spent all my weekends and free time, missed work and spent a lot of money on my new home in Pleasant Valley.

We thought we were OK to go ahead with the project after receiving the permits. I've been so excited about getting my own home. I have worked so hard. I'm upset and confused on why and how this situation has happened in the first place.

I can barely get by, working over 40 hrs a week to pay for food, utilities and rent. This opportunity came up for me to get ahead of the game and save some money. My grandparents have generously loaned me the money, \$16,000.00, with no interest for the project. I have to pay them back each month until it's paid in full regardless of approval or not.

I realize mistakes were made on both our end and the county's. We have made changes as requested by the county and made me an owner of the property. (See "Stop Work Notice")I hope they can make an allowance in this special circumstance to allow me to lawfully live in my home on my property, as they were at fault for giving out the wrong information to my mom in the first place.

This is just wrong what happened. I'm very angry because I thought I was doing everything right, by getting all the permits, doing everything by the book. \$16,000.00 may not seem like a lot of money to you, but it is a lot to me. It will take me 15 years to pay them back at \$100 a month if I still have to struggle to make rent payments to live.

I hope you'll come to the best decision in all fairness to all and allow me to live in my mobile home under this hardship permit.

Sincerely,

Garrett Henderson

Dear Sirs

The information that I know regarding this appeal is as follows.

My daughter, Cherylyn Story, went to the county to have her son, Garrett Henderson, be permitted to live in a trailer on the property. At the permit counter she explained what she wanted to do. She made it quite clear that she did not live on the property, but owned the six acres that had a rental house on it and wished to move a trailer onto the property for him to live in, as a hardship case. The man at the counter said it was a hardship case and to sign the application. As so many of us do, she did not read all the pages but signed where he indicated. I, being on the deed of the property, also signed where my daughter said to sign.

My daughter should have read the conditions, I should have read the conditions, but we didn't. We all, at that time, started the project so Garrett could get moved as soon as possible. We purchased the neighbor's trailer, which incidently, has been located on the ten acres while the owner, Iliia Shiskoff lived there and then was lived in when the new owners, the Coles lived in it as they built their new home. One of the neighbors did not like the fact that this trailer was there and had been there for approximately 20 years. We purchased the trailer from the Coles and had it moved across the road, at the end of the cul de sac, to our property.

The project was going well until we recieved a Stop Work Notice. The notice was applicable and we stopped work. My daughter and I went to the county and explained that we thought everything we had done was legal and that if she had been told by the counter person that we couldn't do that unless the owner lived there, she would never have started. Mr. Mauer, Planning and Mr. Toothaker, building, met with us and said that the man that talked to my daughter was at the counter at lunch break (and I thought they said he was new,) and they would talk to their supervisor to see if a variance could be issued.

After approximately a week, we were notified that we would not receive a variance. We have added Garrett Henderson as an owner on the deed, which I notified Mr. Appel we would do. We did sign up for this appeal session in case we were again denied, although Garrett is now a part owner and would be living on the property. Mr. Appel is evidently leaving this decision to you. Cherylyn has been trying to split the six acre parcel into three two acre lots, but as Agriculture zoning is now touching her land, she had been denied. She wishes to leave her three children each two acres

I beseech you, as a grandmother, to let my grandson live on this property, which I have had in the family since the 1950ties when the Old Hotel was on the corner of Sly Park, Mt. Aukum and Pleasant Valley Road.

Thank you

Joellen Hasal

Re: Planning Commission Agenda Item #7 Appeal Temporary Mobile Home Allocation TMA 08-0007 and Building Permit # 187911.

Dear Sirs:

I am writing this letter so you can better understand all the facts of this appeal that I am requesting. I will explain what happened and the chain of events that followed.

Sometime in March I came in to the Planning Dept. and spoke with a planner. I explained that I had 6 acres in Pleasant Valley. I had a home on the property that I rented out. I wanted to know if I could allow my son to live in a small mobile home on the property as my son is occasionally unable to pay his rent in an apartment in Cameron Park, and that he only makes \$10.00/hr. The Planners reply was "Yes, you can apply for a Hardship Permit." The planner then gave me the form to fill out and told me to sign here. I did not read the "Conditions of Approval" thoroughly, nor was I instructed to, as the planner had told me that my son qualified through our discussion right before that. Please see exhibit #1.

I feel that this is the situation at hand: The planner just didn't hear me state that I did not live on the property, that I rented it out or that he may not have been completely clear as to the conditions of approval and gave out the incorrect information. Regardless, that planner stated: "A Hardship was appropriate for my situation", and gave me the application to fill out.

In addition, had the application been reviewed correctly at the very beginning of this process, the fact that I did not live on Kasey Lane, that I lived at 342 Diana Ct. as stated on the application should have been caught and questioned at that time, but it was not. And so the application was approved on 03/26/08, by Planner, Thomas Lloyd. The Planning dept. collected \$60.00 for fees.

04/08/08. The next step in the process was to get a Building Permit. We paid a fee of \$100.00 to the Building Dept. Again the address on my application does not state that I live on Kasey Ln. See exhibit #2. After a lot of extensive research, and several changes required by the county, my application for the mobile home was approved and we received our building permit on 06/04/08. We paid the county another \$963.00.

We waited until all permits were approved by the county before going forward with our project. Below are the dates, improvements and costs that were involved in this "Hardship Home". See exhibits #3.

- | | | | |
|----|----------|---|------------|
| 1. | 06/04/08 | Purchased 14'x48' mobile home from neighbors on Kasey Ln. | \$5,000.00 |
| 2. | 03/26/08 | Paid for engineering design for septic. | \$ 900.00 |
| 3. | 06/23/08 | Paid for PG&E Customer fund management. | \$ 130.00 |
| 4. | 06/27/08 | Paid for septic tank and leach field installation. | \$5,000.00 |
| 5. | 06/27/08 | Paid for power pole. | \$ 125.00 |
| 6. | 07/19/08 | Paid for tractor rental road and house pad. | \$ 500.00 |
| 7. | 06/17- | | |

07/19	Put in 2 trenches 300' long x 3' deep for power & water.	\$ 1,400.00
8. 07/24/08	Paid for mobile home to be moved.	\$ 50.00
9. 07/29/08	Paid for mobile home set up per Co. requirements.	\$ 1,000.00
10.	Misc.costs (Plumbing, electric, pipe, meter etc.)	<u>\$ 800.00</u>
		\$15,505.00

07/29/08 The County issued a "Stop Work Order". On the order it was highlighted that the owner had to reside on the property. Although I clearly stated this to the planner at the very beginning that I did not live on the property, we went ahead and added my son on the deed to the property so as to be in compliance with the county's request. (See exhibit #4) Later, in speaking with Larry Appel, to let him know that we had remedied the situation, as per stated on the Order, he replied that he didn't think so, that this wouldn't apply correctly to a hardship permit. If you read the application that I filled out and signed, nowhere does it state that "The owner must live in the main house and the displaced family member must live in the mobile unit". The verbiage is misleading and not complete. He had suggested a "Granny Flat Permit. This is out of the question as that requires an additional \$20,000 in county fees to be paid, monies that none of us have. We have exhausted all resources to pay for the hardship. My parents Joellen and Godfrey Hasal have used their retirement money to help their grandson, Garrett Henderson to get a little ahead. The arrangement was for Garrett to pay them back \$500.00 a month or more till he paid them off. It was a way for a young person to try and get affordable housing and perhaps after the loan is paid, to save money every month and possibly build a home after the land gets split. We have had this property in our family for 45 years and I acquired it from my mom at least 20 years ago. My plans are to give each of my three children a 2 acre parcel. I have tried on several occasions to split my property, but have been unable to do so because of the General Plan being on hold for so many years as well as Agricultural land that is near me.

The surrounding houses are on 1 to 1 1/2 acre parcels. We placed the mobile way up on the hill as far away from the neighbors as possible. We also created the driveway as far away as possible from the neighbors as well. This cost was quite a bit more, but we did it to be as considerate as possible to our neighbors.

My son has put his blood, sweat and tears in his new home. He is 20 years old and was so happy to have the opportunity to perhaps get ahead someday. He and his grandfather have been out there almost every weekend working on the property.

I cannot believe that this is actually happening. We have spent close to \$16,000.00 on this home set up. Not to mention all the sweat equity that Grandpa and Garrett have put in. All in good faith, doing everything by the book, so we thought every step of the way. I hear time and again how the county of El Dorado is trying their best to provide affordable housing for low income individual's and here we have tried to do our best to provide that for my son ourselves and have expended such great costs only to be denied that opportunity when I was told directly from Planning that we could.

So here is the big \$16,000 question: Had I received the correct information from planning in the first place, at the beginning, I never ever would have proceeded with this project.

I honestly and truly feel that these circumstances are an extreme situation of misinformation and should be allowed to continue as approved, or allow a variance or waiver, whatever way possible to let my son Garrett live on the property through this hardship permit.

Very Respectfully,

Cheryln Story

CONDITIONS OF APPROVAL**TEMPORARY MOBILE HOME APPLICATION #TMA 08-0007**

1. The owner(s) shall comply with all other statutes and ordinances relating to zoning, development criteria, health and building codes. Building permits, and where applicable septic permits must be obtained by the owner and finalized by the County prior to occupancy of the temporary residence.
2. The owner(s) shall sign a removal agreement which provides that at the conclusion, expiration, or the violation of the permit, the mobile home or park trailer, shall be removed from the property or placed in permanent storage pursuant to Section 15.64.060 of the El Dorado County Ordinance Codes. If the temporary mobile home is a travel trailer or motor home, the agreement requires it shall be permanently disconnected from the water, sewer, gas and electrical services. The agreement also authorizes the County to remove the residence and/or permanently disconnect and record a lien on the property for the cost thereof if the owner fails to comply with the removal agreement.
3. This temporary mobile home permit (excluding those in commercial and industrial zones or those used for public, school or church purposes), shall be null and void if any of the following occur:
 - a. The two year period of authorization expires;
 - b. The temporary mobile home is removed from the property;
 - c. The temporary mobile home has not been occupied by the family member noted on the application for a 90 day period or longer;
 - d. The person requiring care due to age or handicap no longer resides on the premises;
 - e. The original temporary mobile home is replaced with another temporary mobile home;
 - f. The property is sold;
 - g. The property owner no longer resides on the property.

In the instance of commercial/industrial/school/church caretakers or watchman permits, the temporary mobile home permit is considered null and void if the applicable commercial/industrial/school/church activity on the property which justified the caretaker/watchman temporary mobile home is discontinued. Additionally, such caretaker/watchman permit is also considered null and void if "a", "b", "e", or "f" above occurs.

If any of the above occur, the owner shall notify the Planning Department of such action.

4. The temporary mobile home permit shall be valid for a two year period; however, the owner(s) may apply for additional two year extensions. To initiate a renewal, the owner shall submit the Renewal Agreement form to the Planning Department before MARCH 26, 2010
(Expiration Date) along with the current renewal fee.
5. If an renewal application is not received by the date noted in #4 above, the application is considered to be expired. Within 30 days of said expiration all electric supply, fuel gas and sewer drain inlets shall be disconnected and the mobile home shall be removed from the site or placed in dead storage in accordance with Building Department requirements. Should such removal or disconnection not occur, formal action will be taken by the County as noted in number 2 above.
6. If the temporary mobile home is a recreational vehicle, the conditions noted in Exhibit A (attached) shall also apply.

§19825 of the Health and Safety Code requires that the following declarations be included as part of a Building Permit.

NOTE: MORE THAN ONE SIGNATURE MAY BE REQUIRED * * *

OWNER-BUILDER DECLARATION: I hereby affirm under penalty of perjury that I am exempt from the Contractor's License Law for the following reason:
(\$7031.5 Business and Professions Code: Any city or county which requires a permit to construct, alter, improve, demolish, or repair any structure, prior to its issuance, also requires the applicant for such permit to file a signed statement that he or she is licensed pursuant to the provisions of the Contractor's License Law (Chapter 9, commencing with \$7000 of Division 3 of the Business and Professions Code) or that he or she is exempt there from and the basis for the alleged exemption. Any violation of \$7031.5 by any applicant for a permit subjects the applicant to a civil penalty of not more than five hundred (\$500) dollars) (check one):

- I, as owner of the property, or my employees with wages as their sole compensation, will do the work, and the structure is not intended or offered for sale (\$7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who does such work himself or herself or through his or her own employees, provided that such improvements are not intended or offered for sale. If, however, the building or improvement is sold within one year of completion, the owner-builder will have the burden of proving that he did not build or improve for the purpose of sale).
I, as owner of the property, am exclusively contracting with licensed contractors to construct the project (\$7044, Business and Professions Code: The Contractor's License Law does not apply to an owner of property who builds or improves thereon, and who contracts for such projects with a contractor(s) licensed pursuant to the Contractor's License Law).
I am exempt under Section Business and Professions Code for this reason:

Owner's signature: Cherylyn Story Date: 4/7/08 CDLID#: N4377024 Exp date: 3/23/11

LICENSED CONTRACTOR'S DECLARATION: I hereby affirm that I am licensed under provisions of Chapter 9, commencing with \$7000) of Division 3 of the Business and Professions Code and my license is in full force and effect.

Contractor's signature (if none, state NONE): none Lic #/Class: Exp date:

WORKERS' COMPENSATION DECLARATION: I hereby affirm under penalty of perjury one of the following declarations (check one):

- I have and will maintain a certificate of consent to self-insure for workers' compensation, as provided by §3700 of the Labor Code, for the performance of the work for which this permit is issued.
I certify that in the performance of the work for which this permit is issued, I shall not employ any persons in any manner so as to become subject to the workers' compensation laws of California, and agree that if I should become subject to the workers' compensation provisions of §3700 of the Labor Code, I shall forthwith comply with those provisions.
I have and will maintain workers' compensation insurance, as required by §3700 of the Labor Code, for the performance of the work for which this permit is issued. My workers' compensation insurance carrier and policy number are: (This section need not be completed if the permit is for one hundred (\$100) dollars or less)
