- 20% if > 200K
- 15% if >100K and ≤ 200K
- 10% if >50K and ≤ 100K
- 5% if >10K and ≤ 50K

(\*) Lifetime Emissions Reductions and Cost Effectiveness calculations were corrected for 5 year Project Life (instead of typical 10 years) to assure that only surplus emission reductions (CARB Public Fleet Rule) are considered for project ranking and funding evaluation.
