Subject Consent item 16 for March 13th

Dear Rusty, Helen, Jack, Ron and Norma,

Item 16 on your agenda for Tuesday (March 13th) needs some discussion. I suggest you pull that one off for discussion. The item is a request for grant money for the INRMP process, however, the backup documentation makes references to also an HCP/NCCP.

Until this Board decides whether or not we will actually choose to form an HCP/NCCP as a part of the INRMP, we should not misrepresent or intent to the granting authority. In my view, we should either remove all references to HCP/NCCP before we submit for grant funding, OR, postpone the request until the Board decides on it's final direction. I believe more factual and conclusive information is forthcoming. We know we will be creating an INRMP but it may or may not include the state and federal agencies.

Thaleia
