Please don't expand White Rock Road to a 4 lane highway. It will ruin the quality of life we have here. We do not want this area to turn into the Bay Area.

Thank you and hope you take our concerns into consideration before destroying the beauty we have here.

Supervisors,

The residents of the communities that are adjacent to White Rock Road are very concerned about the proposal by the Connector JPA to make the White Rock Road the terminus for their 4 lane highway. This new expansion of White Road will only act as a new way to get to highway 50 and will not increase business in Town Center.

We have been advising the JPA Connector Board that unless certain conditions are met this 4 lane highway will bring a tidal wave of traffic that will destroy our quality of life and reduce the value of our homes.

We have been advocating for years that the volume of car and truck traffic be reduced prior to entering the El Dorado County. This can be done:

- By completing the plan to build the Empire Ranch four lane road connecting White Rock to highway 50 between Placerville Road and the El Dorado County Line.
- Installing a traffic light on Carson Crossing and White Rock to make it safe for residents of Four Seasons, Heritage Village and El Dorado Springs to enter & exit White Rock Road

Please respect the residents who live along White Rock Road.

Sincerely,

Samantha Avneri
Stonebriar Resident

To the Board of Supervisors of El Dorado County:

PLEASE do not approve the expansion of White Rock Road to four lines unless you divert a portion of the traffic and install a stop light at Carson Crossing Road.

We elders who live in the Four Seasons development will be in danger of life and limb with all the additional traffic.

Thank you for your consideration.

Widening of White Rock Road and its impact on the Four Seasons Community

1 message

Donna-Jeff <donna-jeff@sbcglobal.net>

To Whom it May concern:

There is concern within the Four Seasons Community that with the widening of White Rock Road and your approval of diverting a portion of the truck and car traffic and installing a traffic light at Carson Crossing, our quality of life will be destroyed and the value of our homes will be reduced.

The widening of White Rock Road has some fundamental issues that have not been adequately addressed in the present development of the project including:

- Traffic ADT – Average Daily Traffic - does the ADT - average daily traffic support the 4 -lanes, what is the LOS - level of service,
- Traffic Signals - What is placement of traffic signals being proposed/located; with the NEW Lennar development - how does that influx of traffic access White Rock;
- Environmental – The noise analysis study does not appear to address the noise impacts per CEQA/NEPA (per Caltrans Noise Policy - from top of large trucks smoke stack to receptor (5.5 ft person) - the line of sight must be broken to reduce the sound as the existing Four Season sound walls appear to need additional height to meet this requirement);
- Bicycle Route - Is the bicycle route part of an approved larger county wide route;
- ADA - American Disabilities Act – Is it properly addressed (sidewalks, curb cuts, etc.); with the congestion that already occurs at White Rock and Latrobe (especially during AM & PM rush hours) what traffic mitigation is being proposed;
- ADT Corridor Traffic - How does allowing large trucks use the route effect the traffic and related congestion management requirements (LOS, air conformity, etc.);
 - o Was a destination trip for Grant Line / HWY 99 to Prairie City Road / HWY 50 and/or White Rock/Latrobe/Hwy 50 done (IE: identifying the shortest route from point A to point B for traffic (including large trucks);
- Funding - Are Federal-aid dollars being used on this project and/or any part of GrantLine extension (possible environmental segmentation);

Respectfully,

Jeff Lewis

Four Seasons Resident

Supervisors , The residents who live along White Rock Road have serious concerns about the JPA Connector Plan for its expansion.

Before you make a decision to spend millions of dollars to expand White Rock , an expansion that will destroy our quality of life and not be of any benefit to El Dorado County , please read the attached letter from your constituents

John Raslear

Chairman -Four Seasons Civic League

Chairman – White Rock / Latrobe Sub Commtee of the El Dorado Hills Area Planning Advisory Committee

To: edc.cob@edcgov.us

Dear Supervisors,

I am requesting that you not approve the widening of White Rock Road to 4 lanes from County line to Manchester.

The traffic will be unbearable for the residents of that area.

Folsom apparently cares for its people enough to disapprove a truck lane which would go through their proposed housing area. Do you care enough for the people in your area to protect them from this problem?

Carol Novak
Resident of 4-Seasons, White Rock Road

Expansion of White Rock Rd

1 message

John Bowles <John.Bowles@nc4.com>
To: "edc.cob@edcgov.us" <edc.cob@edcgov.us>

Mon, May 9, 2016 at 2:17 PM

Board of Supervisors: Please approve the expansion of White Rock Rd to 4 lanes from the Sacramento County border to the new exit on Silva Valley Parkway. This is a critical component of the planned "Southeast Expressway" that will connect Hwy 50 in EDH to I-5 north of Elk Grove. This will provide a smooth, easy route to I-5 south without having to go through downtown Sacramento.

Regards,

John Bowles

El Dorado Hills
