After serving on the Fish & Game Commission for 15 years, I will resign my "At Large" appointment effective December 1st, 2014.

I strongly encourage the board to appoint the current District V commissioner Victor Babbitt to fill my vacancy. Victor is principally responsible for the Sawmill Pond project, which annually raises over \$6,000 in support of youth fishing at Sawmill Pond. He is also active in advocating for improved fishing throughout the County. His appointment as an "At Large Commissioner" will strengthen the Commissions ability to accomplish more in the Tahoe Basin.

I have enjoyed my time on the Fish & Game Commission and thank you for allowing me to serve as a commissioner.

Thank You again

Karl Weiland
Commissioner
