Discount Details

For this enrollment, Microsoft provided the Customer's Partner an additional discount off of the Partner's Net Price. The Partner is required, by Microsoft, to pass on the additional discount to the Customer by reducing the Microsoft Product resale price by an amount equal to or greater than the discount.

Listed in the table below is the maximum price the partner may charge for the Microsoft Products to be ordered under this enrollment. The Maximum Resale Price (MRP) is calculated by subtracting the additional discount provided to the Partner, from the total estimated resale price for the Microsoft Products.

The requirement to pass through the additional discount, does not mean that Microsoft is setting the Customer's actual price. Partners remain free to set the price charged for Microsoft Products at any point equal to or below MRP. The Customer's actual price will be established by a separate agreement between Customer and its Partner.

Ordered Products

Currency	Maximum Resale Price
US Dollar	11,799

Note: The Maximum Resale Price listed in the table above only pertains to the Microsoft Products to be ordered under this Enrollment. The content of this form has no impact on the Customer's price for Non-Microsoft products and services.

In this form, the following definitions apply:

"Customer" means the entity that may enter or has entered into a Contract with the Partner.

"Contract" means a binding agreement between the Partner and Affiliate, under which Customer orders Products from Partner.

"Microsoft" means (1) the entity that has entered into an agreement with Partner under which Partner may place orders for Microsoft Products for use by the Customer and (2) the affiliates of such entity, as appropriate.

"Maximum Resale Price" means the sum of the Estimated Retail Price for all Microsoft Products ordered under the Customer Contract minus the aggregated discount off of the Partner's Net Price provided by Microsoft listed in the currency in which the Partner or Partner's reseller transacts with Microsoft.

"Product" means all Microsoft Products identified in the Product Terms, such as all Software, Online Services, and other web-based services, including pre-release or beta version. Microsoft product availability may vary by region.
