[Report Suspicious](#)

According to the voter approved 2016 Measure E Implementation Statements #3:

"All 2004 General Plan Traffic Impact Mitigation Fees for all projects shall be paid at the building permit stage."

This item is in violation of the General Plan and the policy adopted by the voters, and the policy can only be modified by the voters. You must vote no on this item, and the policy should have been revised in 2016. I would suggest you update this policy and others within Measure E that were added to the General Plan by the voters.

Sincerely,
Sue Taylor
