ORDAIN AS FOLLOWS:

## SUBPART 1. MAJOR LAND DIVISIONS CHAPTER 120.24 / TENTATIVE MAPS

**Section 1.** Section 120.24.085 entitled “Notice requirements and procedure,” is hereby repealed in its entirety and replaced as set forth below:

### **Sec. 120.24.085. - Notice requirements and procedures.**

- A. This Section implements greater public notice requirements than the prescribed requirements in California Government Code (CA Gov. Code § 65090- 65095). Action by the Planning Commission pursuant to Section 120.24.075.A (Approval procedure) shall be made after a public hearing for which notice has been given. The public notice requirements and procedures for tentative map applications are set forth below in Table 120.24.085.1 (Tentative Map Notice Requirements and Procedures). Public notice regarding projects will be mailed to nearby property owners according to the distance radius from the project site parcel boundary as specified in this table. If the project has multiple actions with conflicting distance radii, then the greater distance radius shall apply.
- B. Any project requiring public notice that exceeds 1,000 individual property owners, in lieu of mailed or delivered notice, may provide notice by placing a display advertisement of a least one-eighth page in at least one newspaper of general circulation (CA Gov. Code § 65091).
- C. The notice shall be mailed at least 10 days prior to the hearing to any person who has filed a written request for notice either with the clerk of the governing body or with any other person designated by the governing body to receive these requests. The local agency may charge a fee, which is reasonably related to the costs of providing this service, and the local agency may require each request to be annually renewed. As used in this chapter, “person” includes a California Native American tribe that is on the contact list maintained by the Native American Heritage Commission (CA Gov. Code § 65092).
- D. The failure of any person or entity to receive notice pursuant to this title shall not constitute grounds for any court to invalidate the actions by the Planning Commission, and/or Board of Supervisors for which the notice was given (CA Gov. Code § 65093).

E. Any public hearing conducted under this title may be continued from time to time (CA Gov. Code § 65095). If a hearing on a project is continued to a date certain, no additional public notice is required. Projects continued off calendar require new public notice.
