RECEIVED
BOARD OF SUPERVISORS
EL DORADO COUNTY

Let me clarify. The County seems to be developing or requiring trail easements that might connect to the trail system within Folsom Lake SRA in the vicinity of NY Creek. State Parks is unaware of the County's plans with regards to public trails or public access in this area. What I indicated to Jonathan is that if El Dorado County is interested in developing trail connections to the Folsom Lake SRA trail system in this area or elsewhere – the County and the State should sit down and discuss the matter. Thanks, JM.

Jordan,

In speaking with folks from the State Parks Department there was some discussion of any future connection of EDC trails with Folsom SRA trails in norther EDC. I'm forwarding you the gentleman's contact info to include him with any updates tot eh Master Plan that may be occurring.

Thanks

Jon

Jonathan:

Here is a copy of the draft that was prepared in 1997. Please note that this was never finalized and has not been adopted by the Board of Supervisors. We are currently trying to release an RFP to hire a consultant to finalize this document as part of an overall Park and Recreation Master plan.

Jordan,

I work in the Planning Services Department and I'm trying to get a copy of the Hiking and Equestrian Trails Master Plan. Do you have a hard copy or an electronic copy you can send me?

Thanks

Jon
