

My name is Gary

I have ownership in two houses.

One is in Row's district  
and the other is in Helen area

which I think gives me a  
say in the actions of  
the county

I know of no person  
who is employed at the DOT dept

I believe the roads of the  
county are the commerce  
for the County

Bad roads cause the county's  
vehicles and mine to  
spend money on repairs

I don't share in cutting funds  
to DOT

Submitted by Doug Schyete

at Board Hearing of 10/27/08

So if not here, where?

The population has a growth rate of 1 1/2% a year for the past four years

Yet the sheriff dept has a growth rate of 10% a year for the past four years

According to county records

Some would protect the sacred cow, but there's enough fat and meat to carve from the cow in double digits
