Sirs,

On behalf of Gold Country Endurance Riders, I would like to thank you for allowing us to use the Airport property for one of our rider vet / rest stops.

This year was our 30th annual ride and in keeping with the spirit of endurance riding the Airport allows us to have a 20 mile loop from the Dru Barner Equestrian Camp. With the other loop being a 30 mile loop from Dru Barner to Darling Ridge. Hence we offer a 30 mile fun/introduction/ beginner ride and a 50 mile endurance ride, sanctioned with American Endurance Riders Conference (AERC).

These rides encourage all age groups to get out with their horses and experience a day of riding in our Forests, giving the recreational opportunity to visit and have fun with other like users.

Our Airport Head Volunteer, Donna Williams made us aware of a need for the facility maintenance (Restrooms) at the airport. We usually bring in portable units but it makes sense for Gold Country to help maintain existing restrooms for the community. Hence we would like to donate \$250.00 to the Restroom Maintenance Fund.

Sincerely,

Randy Hackbarth, GCER, ride secretary
