Summary of qualifications I first came to Coloma during my summer breaks from college to work as a commercial whitewater raft guide. I worked a total of eight seasons on the three forks of the American, as well as the Merced, Tuolumne, and Rogue river. I have ample outdoor experience from also working as a professional ski patroller in the Tahoe Basin with my WEMT certifications. I have a BA in psychology from Chapman University, and worked in the medical field after graduating as a medical assistant/scribe and then orthopedic technician. After some time in the medical field, I realized how much I missed "river life" and left the field to return to the ski and raft worlds. I now have my own business Natalie Haber Media, where I provide both content creation and marketing consulting with clients. I am also a photography tutor at Sacramento City College. Throughout my adult life I continued using the river as my primary form of recreation. I spend a majority of my free time on the river, and primarily the Forks of the American. I have seen changes on the Forks of the American even in the relatively short time that I have spent in the area, and want to contribute in any way possible to ensure the changes are beneficial.			
Affiliations with professional and/or community groups Professional Photographers Association and American Whitewater			
Why do you seek appointment? I seek appointment because I truly love the Coloma Lotus Valley and want to ensure a happy and positive community for generations to come.
