- I. **ARTICLE I, Scope of Services**, of the Agreement is amended in its entirety to read as follows:

ARTICLE I

Scope of Services: Contractor agrees to perform as the administrator of County's self-insured liability claims program. Contractor shall provide a senior adjuster and a back-up adjuster, adequate technical, clerical staff, equipment, and software necessary to provide the claims administration services to County's account.

Contractor shall manage and administer liability claims as described below or as may be assigned by County during the term of this Agreement. Contractor shall investigate, evaluate, process, manage, and resolve bodily injury, personal injury and property damage claims, and potential claims for money damages asserted by third parties against County, its officers, agents, or employees for which County, its officers, departments, commissions, or related agencies, or any of its employees is alleged to be legally responsible. Contractor shall coordinate, consult, and fully cooperate with County personnel in the administration of those claims referred to herein.

Specific services and the guidelines for the performance of such services include, but are not necessarily limited to:

- A. County will maintain an imprest account for the payment by Contractor of proper charges against County, arising from liability claim payments and allocated claims expense. The imprest account shall be reimbursed monthly to maintain a minimum balance of \$25,000, or greater if needed, of which shall be maintained and established in compliance with Government Code Section 31000.8. Contractor shall notify County in advance when the imprest account needs to be replenished, and the amount necessary to be deposited. Contractor shall provide Risk Manager a monthly check register and report in a form satisfactory to County which details all disbursements made by Contractor on behalf of County, together with a monthly reconciliation of the imprest account, and shall make such other reports on the status of the imprest account and disbursements therefrom as may be required by County. The imprest account shall not be used for any payment to Contractor for services rendered hereunder.
- B. Contractor shall receive, examine, and investigate as warranted or may be directed by County, all reports of accidents, incidents, claims, or cases which are, or may be, the subject of liability claims. Contractor may, in its discretion or as directed by County, immediately reject claims and deny applications for leave to present late claims or otherwise act as authorized by Government Code Section 31000.8 with respect to claims which require notice of Board action.

- C. Contractor shall provide complete administration service on each accident or incident assigned which is, or may be, the subject of a liability claim. Contractor shall consult with County Counsel and Risk Manager with respect to the facts, liability, and disposition of all claims, including notices allowed or required by the Government Tort Claims Act, and authority to settle any claim by Contractor when such authority is not already granted by resolution of the Board of Supervisors or other authority. County Counsel or Risk Manager may delegate to Contractor any and all duties authorized by Government Code Section 31000.8 not specifically reserved for or retained by County herein or by resolution of the Board of Supervisors or other authority.
- D. Contractor shall ensure an internal file review is conducted at least quarterly by the appropriate management personnel to assess file completeness, timeliness, and provide the appropriate feedback to the adjuster as needed.

Contractor may also engage expert, appraisal, and specialized investigative or other related services as may be necessary or appropriate for the defense or other resolution of claims within Contractor's scope of services. All bills for legal fees and related costs for all claims referred to Contractor shall be reviewed by Contractor as to appropriateness, after which, the above described fees and costs will become County charges and may be paid by Contractor from the trust fund in accordance with Government Code Section 31000.8; provided that upon request of County Auditor-Controller, the proposed payments shall be submitted to Auditor-Controller for timely review prior to payment. County may provide for payment in an alternative manner, including payment directly by County, if desired.
- F. Contractor shall review and process invoices/bills for allocated expenses in accordance with the following County expectations:
- Vendor shall be notified to send invoices/bills to Contractor's Office (currently in Rancho Cordova, CA).
 - Within forty-eight (48) hours, all invoices/bills received by the assigned adjuster shall be sent to the appropriate staff member as designated by Contractor for review of possible errors, over-billing, and processing. Any questions or concerns shall be discussed and resolved by the assigned adjuster.
 - Upon receipt, two (2) unredacted copies of the invoices/bills shall be sent to County Counsel and to Risk Manager marked as "attorney-

client” and “work product”. In addition, redacted copies of the invoices/bills shall be sent to Risk Manager and Chief Administrative Office Central Fiscal Division staff along with the Request for Payment to Outside County transmittal sheet. Contractor shall not comingle multiple firms or multiple claims in a single email transmittal.

- Once the monthly payment report is received, all payments shall all be entered into the claims system within forty-eight (48) hours of receipt of the report.
 - All timeframes shall be adhered to barring any unforeseen event that would prevent the timeframe being adhered to (illness, office shutdown, or other unforeseen circumstances). If a delay prevents a timeframe from being met, Contractor shall immediately notify County of the delay, the reason for it, and the projected timeframe to complete.
- G. All claim files, documents, computation forms, and other claim data are acknowledged to be the property of County. Contractor at all times must maintain complete and detailed claim files as well as a claims log within the Claims Management Information System. Contractor shall provide, at no additional cost, monthly loss run reporting of claims information to Risk Manager no later than five (5) business days after the end of each month during the term of this Agreement. These reports must include the status of each open claim, including details of payment and outstanding reserves for the month and year covered by the report. Such report must also include a detailed listing of all claims by department, loss payments, open reserves, summary description by type of losses, and a detailed listing of all drafts or checks written. A list of monthly reports shall be agreed upon by Contractor and County. Contractor shall provide statistical and financial reports to County on all fees and costs paid on liability claims in a form acceptable to Risk Manager.

- I. Contractor shall establish and maintain liability and expense reserves on each claim which fairly and adequately reflect County's exposure according to standard practices and County requirements. Periodic review and adjustment of reserves, if necessary, shall be performed on all open claims to reflect most recent status.

- L. Contractor shall comply with all required federal and state income forms to claim recipients.
- M. Contractor shall schedule quarterly meetings with County staff to review the claims inventory and discuss any issues or concerns.
- N. Contractor shall respond to all inquiries made by Risk Management, County Counsel, or County fiscal staff on the same day, preferably, but not later than within one (1) business day.
- O. Contractor agrees to hold in trust and confidence all confidential information disclosed to or obtained by Contractor pursuant to or in the performance of this Agreement. Contractor shall not disclose the confidential information without the prior consent of County or as otherwise required by law.
- P. Contractor and Contractor's subconsultant ExamWorks, formally Gould & Lamb (G&L), shall provide all necessary services to ensure County compliance with the Medicare, Medicaid, and SCHIP Extension Act of 2007 (MMSEA), including the retention and contracting of ExamWorks for Mandatory Insurer Reporting (MIR) for County. ExamWorks shall represent County and Contractor and shall be the designated reporting agent. County will be the Responsible Reporting Entity (RRE) for its claims. Contractor shall be responsible for gathering and timely reporting accurate claims data required by the MMSEA to ExamWorks. Contractor agrees to assume the responsibility for reporting data to ExamWorks to meet all reporting requirements in accordance to the MMSEA, on behalf of County, including assuming responsibility for any fines or penalties that are directly caused by Contractor's non-compliance and or failure of ExamWorks to comply with MMSEA. ExamWorks shall perform the MMSEA Mandatory Insurer Reporting function for Contractor and County, without charge to County, subject to the following: County will designate ExamWorks, unless otherwise requested, as its exclusive agent for all of County's "Qualified Referrals" (those claims determined to require Medicare Set Aside (MSA) or a Claim Settlement Allocation (CSA)).

In Contractor's separate contract with ExamWorks, ExamWorks shall indemnify and hold Consultant harmless from and against any claim, damage, fine, loss, and expense arising in connection with, or as a result of, any error, omission, or negligent performance of its obligations as reporting agent, which indemnity shall include all reasonable costs of litigations and attorneys' fees incurred. Without in any way limiting the indemnity set forth in this Agreement, all work performed by ExamWorks shall be done in a compliant and professional manner.

Pursuant to ARTICLE XII, Notice to Parties, Contractor shall provide appropriate notification to County of changes pertinent to the release of ExamWorks as a responsible party for Medicare, Medicaid, and SCHIP Extension Act of 2007 (MMSEA) reporting requirements.
