El Dorado County Board of Supervisors Wildlife Impacts Presentation

July 16, 2024

Thank you for the opportunity to provide comment. The Senator has been in communication with the Law Enforcement partners, the California Department of Fish and Wildlife following the tragic mountain lion attacks on humans and livestock. She is eager to stay informed on the work being done to protect the safety of all her constituent community and she recognizes the importance of this issue to all who live and recreate in Senate District 4 as well as the entire State of California. To that end, she has asked that I attend this presentation at the El Dorado County Board of Supervisors and report back to her what is shared. She also wishes to reiterate that our office remains open to assist in whatever way possible.
