Why do you seek appointment?

I have been involved with Wildlife issues for 30 years in the country. Brought up to the board of supervisors the need to not put fencing along roads to stop the killing of fawns and young animals which can not jump over, brought up to the board the need for wildlife corridors in zoning and planning decisions, educated youth and teachers in the county on how hunting supports wildlife, testified to the State Commission on the need to manage otters which are getting over-populated.

Additional Information

I have been involved with conservation globally for 50 years. Have raised over \$100,000 for the Rifa Kids camp in Zimbabwe to teach African youth about conservation, spoke at schools, civic organizations, the state capitol, and other places on Wildlife and conservation issues, managed lands here in the county for the benefit of wildlife.

If known, indicate the member of the Board of Supervisors who will receive a copy of this application

Spoke with Lori Parlin.
