AT&T Site No.: CNU1278

County Application No.: S13-0014

Dear Mr. Prutch:

Although AT&T's project management team is diligently and cooperatively working with the Serrano Home Owners' Association in preparing to submit AT&T's plans to the architectural review process for approval of the appearance of the new Mono Oak, as well as of our continuing efforts to secure the required access easement from the HOA from its privately owned cul-de-sac to the project site, we have not yet completed these efforts. Consequently, AT&T's project application is not quite ready for the scheduled June 26, 2014 Planning Commission hearing. Accordingly, AT&T kindly requests that this matter be continued from the Commission's June 26, 2014 hearing Agenda to **August 28, 2014**. AT&T will of course have a representative in attendance at the June 26 hearing to answer any relative questions the Commission or public may have about our continuance request or project in general.

I thank you in advance for your anticipated kind attention in this regard. Should you have any questions or require additional information, please do not hesitate to contact me.

Sincerely,

Richard L. Krous
