Dear Supervisors,

Please postpone to a future date the second reading of Ordinance 5189. The reasons for this request are:

1. The public would benefit from the fulfillment of our BOS's commitment to "... contact the Office of AIDS to coordinate a discussion with the Board in a local format."
2. The public would benefit from current data from EDC public health.
3. The public would benefit from perspectives from SHRC's partners including our hospitals and health centers.
4. Our neighbors challenged by substance use disorder would benefit from current data on overdose reversals by SHRC.

Sincerely,

Léo Bennett-Cauchon
