**NOW, THEREFORE**, the parties do hereby agree that Agreement for Services 151-S1111 shall be amended a second time as follows:

**Articles III, IX, X, XXI, XXIII, XXIX, XXXIV, and XXXVII** are amended in their entirety to read as follows:

### **ARTICLE III**

**Compensation for Services:** For each Client placed with Contractor, County shall pay Contractor with AFDC-FC funds at the current applicable monthly Group Home rate established by the California Department of Social Services Foster Care Funding and Rates Bureau ("FCFRB"). If Contractor is vendored by a Regional Center, County shall pay at their current applicable rate as established and authorized by the California Department of Developmental Services ("CDDS").

County and Contractor agree that payments referenced in this Agreement shall be based upon the current applicable monthly rates as established by the FCFRB or, when appropriate, as established by the CDDS for Regional Center vendored facilities and transmitted to CDSS. County shall compensate Contractor for the services authorized by County for each Client, as set forth in this Agreement and at Contractor's current California-approved Licensing Rate Classification Level ("RCL"), which varies based on the licensing classification of Contractor and the age of Client at the time services are rendered. These rates are published by CDSS and transmitted to County and Contractor via a CDSS All County Letter whenever there is a change in the rates. For services provided hereunder, County shall calculate payment for services rendered and shall issue payments, including prorated payments, at a rate based on the length of Client's stay at facility and the classification and level of services authorized and provided. County agrees to pay Contractor monthly in arrears for services authorized by County and rendered by Contractor. More specifically:

- A. For Foster Care Placement services, County shall transmit said payment in the form of a check within fifteen (15) days following the end of the month in which services were provided.
- B. For Emergency Shelter Care services, County shall transmit said payment in the form of a check within thirty (30) days following the end of the month or following the last date said services were provided.
- C. Unique or specialized services obtained on behalf of Client shall require written authorization from Client Caseworker and Caseworker's supervisor prior to the procurement for said service(s). Payment for any unique specialized service(s) shall be made in the form a check within forty-five (45) days of receipt of a detailed invoice accompanied by a copy of the purchase receipt or invoice and the written authorization from County.

The categories of rates that are established by CDSS or CDDS and that may, based on Contractor's agency classification and/or RCL, be applicable for reimbursement under this Agreement are:

Adoption Assistance Program: WIC Sections 16115, 16118, 16119 and 16120 et seq. establishes the criteria necessary for determining a child's Adoption Assistance Program eligibility status and for the provision of financial aid. It directs County to directly reimburse eligible individuals for

reasonable nonrecurring expenses as defined by CDSS that are incurred as a result of the adoption of a Client eligible for the Adoption Assistance Program and instructs County to seek reimbursement for said costs from State.

Annual and Initial Clothing Allowance: WIC Sections 11460 and 11461 et seq. and the California 2001-02 Budget Act defines annual and initial clothing allowances as the amount paid by each county with State participation in addition to the AFDC-FC basic rate for the provision of clothing for an AFDC-FC child. This includes an initial supply of clothing, school or other uniforms, and disposable diapers for infants and for children who use disposable diapers as undergarments. The State supplemental clothing allowance does not supplant the regular County clothing allowance. Donated clothing may supplement but not supplant any clothing allowance provided by the State or County.

Foster Family Agency (“FFA”) Treatment and Nontreatment Program Rates: There are two types of FFA programs: "Treatment foster care or therapeutic foster care," and "nontreatment foster care." The California Department of Social Services has statutory responsibility for developing, implementing, and maintaining a rate setting system for FFAs receiving AFDC-FC funds. The FFA treatment rates are established by using the basic rate for the FFH plus a set increment for the special needs of the child, a maximum amount for social work activities, and a percentage for administration, recruitment, and training. The FFA nontreatment rates are established by using only the basic rate of the FFH and a specialized care rate when appropriate.

Foster Family Homes (“FFH”): Foster Family Homes, as defined in California’s Department of Social Services Community Care Licensing regulations, provide 24-hour care and supervision in a licensee's family residence for no more than six (6) children. Care is provided to children who are mentally disabled, developmentally disabled, or physically handicapped, children who have been removed from their home because of neglect or abuse, children who require special health care needs and supervision because of such disabilities, or children who are adjudicated wards of the court.

Group Home (“GH”): Group Home, as defined in CCL regulations, refers to a residential facility of any capacity that provides 24-hour non-medical care and supervision to children in a structured environment with the services provided at least in part by staff employed by the licensee. It does not include health facilities and clinics, County-operated juvenile halls, homeless shelters, or residential schools whose only function is education. Although a GH may be licensed to care for fewer than six (6) children, the vast majority of GH are licensed to care for six (6) or more children.

Infant Supplement: California Senate Bill 510 (Chapter 1066, Statutes of 1988) implements the Omnibus Budget Reconciliation Act (“OBRA”) of 1987, which amended sections of the Social Security Act, which requires the aid payment for a minor parent who receives AFDC-FC to also include an amount for the care of the minor parent’s child living with the parent in placement. CDSS Operations Manual, Division 11, Section 11-415.1 addresses the administrative standards for eligibility and assistance programs regulations for AFDC-FC program rates and states, “The infant supplement paid shall be a uniform amount to cover the cost of care and supervision of a child in addition to the rate that would otherwise be paid for the minor parent's placement.”

Authorities cited are WIC Section 10553 and Section 10554. Reference: Sections 11465 and 11468, WIC. Children who are in receipt of Kinship Guardian Assistant Payments Program (“Kin-Gap”) benefits are also entitled to receive the infant supplement.

Intensive Treatment Foster Care Programs: WIC Section 18358 et seq. sets the requirements for implementing the Intensive Treatment Foster Care Program (“ITFC”). Rates for Foster Family Agency programs participating under this Section shall be exempt from the current AFDC-FC Foster Family Agency rate-setting system. Rates for Foster Family Agency programs participating under this Section shall be set according to the appropriate service and rate level based on the level of services provided to the eligible child and the certified foster family. For an eligible child placed from a GH program, the service and rate level shall not exceed the rate paid for GH placement. For an eligible child assessed by the County interagency review team as at imminent risk of GH placement or psychiatric hospitalization, the appropriate service and rate level for the child shall be determined by the interagency review team at time of placement.

Kinship Guardianship Assistance Payments Program: The Kinship Guardianship Assistance Payment Program was established by California Senate Bill 1901 (Chapter 1055, Statutes of 1998) to provide services to all children exiting the juvenile court dependency system on or after January 1, 2000 to live with a family member(s), relative legal guardian, or non-related extended family member. A delinquent ward may also be placed with a family member(s), relative legal guardian, or non-related extended family member. WIC Section 11364 et seq. establishes that Kin-GAP Program rates are to be paid on behalf of eligible children at an amount equal to one hundred percent (100%) of the basic rate paid to a licensed or approved FFH. Children who are in receipt of Kin-GAP benefits are also entitled to receive the infant supplement (see “Infant Supplement,” below).

Special Care Increments: WIC Section 11461(e) (1) defines "specialized care increment" as an AFDC-FC approved amount paid with State participation on behalf of an AFDC-FC Client requiring specialized care, to licensed or approved family home facility with a capacity of six (6) or less, or in an approved home of a family member(s) or relative, or non-related legal guardian, in addition to the basic rate.

Contractor and its duly licensed certified substitute care providers shall not be entitled to payment or reimbursement for any tasks or services performed, nor for any incidental or administrative expenses whatsoever incurred in or incidental to performance hereunder, except as specified herein. All substitute care providers shall be appropriately cleared by the Department of Justice (“DOJ”) to perform substitute care services pursuant to the Article titled “Fingerprinting,” and shall be licensed and certified as required by the State. Assumption or takeover of any of Contractor’s duties, responsibilities, obligations, or performance of same by any entity other than Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever, shall occur only with County’s express prior written approval.

Contractor and its duly licensed certified substitute care providers shall have no claim whatsoever against County for payment of any money or reimbursement of any kind for any service(s) provided by Contractor or its duly licensed certified substitute care providers following

the termination of this Agreement. Contractor shall not charge any Client or their family or guardian, or receive any fee or payment from any Client or their family or guardian, for services rendered pursuant to this Agreement. Contractor shall not charge or receive fees or payments from any Client or their family or guardian for children referred to Contractor pursuant to this Agreement who are not actually placed in facility. Should Contractor receive any such payment, Contractor shall immediately notify County and shall immediately repay all such funds to County. Payment by County for services rendered after termination of this Agreement or any overpayments made in error shall not constitute a waiver of County's right to recover such payment from Contractor.

Any payment made in error shall be returned to County within forty-five (45) days of receipt of said payment either by returning the check sent in error or by issuance of a new check made payable to County. This provision shall survive the termination of this Agreement. Notwithstanding the foregoing, if County does not remove Client from Contractor's GH facility following termination of this Agreement, County shall continue to pay based upon the GH's RCL rate. If County does not remove Client from Contractor's Certified Family Home following termination of this Agreement, County shall continue to pay for Client's residence based upon the current applicable monthly facility rate(s) established by the CDSS, Foster Care Funding and Rates Bureau.

Contractor shall maintain a Foster Care Funding and Rates Bureau facility rate(s) or, for a Contractor vendored by a Regional Center, authorization for payment of the Regional Center rate with AFDC-FC funds throughout the term of the Agreement.

Expenditures made by Contractor during the provision of services under this Agreement shall be in compliance and in conformity with the United States Office of Management and Budget ("OMB") Circular, A-122. Contractor is responsible for obtaining the most recent version of this Circular which is available online at <http://www.whitehouse.gov/omb/circulars/index.html>.

Charges for placements lasting less than a full month shall be prorated. Payment for placements shall commence the day Client is placed with Contractor and terminate the day before Client is removed. When Contractor agrees to hold a bed open for Client, Contractor shall document County's agreement to pay for the open bed in Client's record and shall request from County a written confirmation via fax of said requested open bed hold. County shall not pay for an open bed for a period in excess of seven (7) days.

Should Contractor, after having Client admitted to a psychiatric facility, unilaterally decide not to take Client back, all payments made to Contractor to keep the space available for that Client shall be returned immediately to County by Contractor, unless otherwise agreed to by County and Contractor in writing.

Emergency Shelter Care Rates: The term "emergency shelter care" refers to placements made with little or no advance notice pending court-ordered placement of Client. Emergency shelter care rates shall be pro-rated based on the current applicable monthly facility rate(s) established by CDSS, Foster Care Funding and Rates Bureau.

Reimbursement for Unique, Specialized Purchases: Purchases necessary to meet unique,

specialized requirements that are specific to an individual Client and are critical to their safety and/or well-being shall be reviewed and authorized on a case-by-case basis by the County as follows:

- A. For Clients who are a dependent of the court, all such unique, specialized purchases must be specifically pre-approved in writing by County of El Dorado’s HHS Director, Assistant Chief Director, Chief Fiscal Officer, or Child Protective Services Program Manager.
- B. For Clients who are a ward of the court, all such unique, specialized purchases must be specifically pre-approved in writing by the El Dorado County Probation Department’s Chief Probation Officer or Supervising Deputy Probation Officer.

Under no circumstances shall County reimburse Contractor or their duly licensed certified substitute care provider for any provisions, supplies, or other items that have not been pre-approved in writing. Contractor shall submit within thirty (30 days) following the month in which purchase was made, a detailed invoice accompanied by a copy of the purchase receipt(s) and the written authorization from the appropriate County department, i.e., HHS, for Clients who are dependent children of the court or Probation Department for Clients who are wards of the court.

Any correspondence or inquiries relative to payments under this Agreement shall be in writing and shall be addressed to:

The maximum compensation payable under this Agreement shall not exceed \$250,000 during any fiscal year, which shall be defined as the period commencing July 1 of each calendar year and ending June 30 of the following calendar year.

County represents that it is unaware of any financial or economic interest of any public officer or employee of Contractor relating to this Agreement. It is further understood and agreed that if such a financial interest does exist at the inception of this Agreement either Party may immediately terminate this Agreement by giving written notice as detailed in the Article in the Agreement titled, "Default, Termination, and Cancellation."
