In the event of a change in the service locations or types of equipment to be serviced, County's Contract Administrator, or designee, will provide Contractor with a revised list of locations and types of equipment. When a new location is requested by County's Contract Administrator, or designee, Contractor shall provide a written quote with proposed services, service frequency, and cost per service for the requested fire suppression equipment and system services for the new location. Upon County Contract Administrator's, or designee's review and approval, County's Contract Administrator, or designee will provide Contractor with a revised list of service locations. Each revised list shall be attached to this Agreement as an addendum subject to the terms of this Agreement, including the compensation terms of ARTICLE III, Compensation for Services. The effective date of the changes in locations or types of equipment to be serviced shall be indicated on the revised list.

Upon full execution of this Agreement, County's Contract Administrator, or designee will issue written authorization to Contractor to begin all of the routine maintenance, inspection, testing, and certification fire suppression equipment and system services to be provided under this Agreement. Contractor shall not commence work on any of the routine services until receiving the written authorization. No payment will be made for any work performed prior to the date specified in the written authorization. The schedule for the routine services shall be mutually agreed upon by County's Contract Administrator, or designee, and Contractor in advance of performing the routine services.

For each as-needed, non-urgent work assignment, the specific services for each assignment shall be determined at a meeting, by email, or telephone conference between County's Contract Administrator, or designee and Contractor. For each as-needed, non-urgent work assignment, Contractor shall provide a written quote to County's Contract Administrator, or designee. Upon receipt and approval of each quote, County's Contract Administrator, or designee will issue a separate written Work Order to Contractor for each as-needed, non-urgent work assignment identifying the specific site where the work will be performed, any required deliverables, including reports or other documents to be supplied in connection with the work assignment, a description of the work or other services to be performed, a specific date by which the work shall be completed, and a not-to-exceed cost to complete the work. Contractor shall not commence work until receiving the written Work Order. With the exception of urgent and immediate Work Orders, no payment will be made for any work performed prior to the issuance of the written Work Order. No payment will be made for any work performed prior to approval and full execution of the Work Order or beyond the earlier of the expiration date of the Work Order or expiration of the underlying Agreement, and no payment will be made for amounts in excess of the not-to-exceed amount of the Work Order.

For services performed as the result of an urgent or immediate need, as determined by County's Contract Administrator, or designee, authorization to perform the required services necessary to ensure that County property is protected may occur through verbal or email communication to Contractor. Any verbal or email authorization to perform urgent or immediate services under this Agreement will be confirmed to Contractor by a written Work Order issued by County's Contract Administrator, or designee. Contractor shall respond to all requests for urgent or immediate services with Contractor's personnel on-site within twenty-four (24) hours from the time County's Contract Administrator, or designee transmitted the verbal or email service request.

The period of performance for Work Orders shall be in accordance with dates specified in each Work Order. No payment will be made for any work performed before or after the period of performance in the Work Order unless County's Contract Administrator, or designee and Contractor amend the Work Order. No Work Order will be written which exceeds the cumulative total of the not-to-exceed dollar amount of this Agreement. No Work Order will be written which extends beyond the expiration date of this Agreement.

Contractor acknowledges that the work performed must meet the approval of County, and therefore County reserves the right to monitor the work to ensure its satisfactory completion.

Deliverables shall be submitted via electronic file and Contractor shall produce the file using Microsoft (MS) Office 365 applications (specifically, MS Word, MS PowerPoint, and MS Excel). Signed reports shall be submitted in Adobe portable document format (PDF). All deliverables shall be submitted in the language, format and design that are compatible with and completely transferable to County's computer, and that are acceptable to County's Contract Administrator, or designee. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator, or designee. Contractor

shall submit all deliverables to County's Contract Administrator, or designee in accordance with completion time schedules identified in the individual Work Orders issued pursuant to this Agreement. Failure to submit the required deliverables in the format required may be grounds for termination of the Agreement, as provided in ARTICLE XXVII, Default, Termination, and Cancellation, herein.

Contractor shall perform the services and tasks required under this Agreement in a safe, professional, skillful, and workmanlike manner. Contractor is responsible for ensuring that its employees, as well as any subcontractor if applicable, perform the services and tasks required under this Agreement accordingly. All of the services included in the Scope of Work, or in the individual Work Orders issued pursuant to this Agreement, are the responsibility of Contractor unless specifically described as a task or item of work to be provided by County. Contractor shall be responsible for the supervision, administration, and work performed by any subcontractor for services rendered under this Agreement. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees, agents, associates, representatives, or subcontractors.

ARTICLE II

Term: This Agreement shall become effective upon final execution by both parties and shall cover the period of April 1, 2025 through March 31, 2028.

ARTICLE III

Compensation for Services: For services provided herein, including any deliverables that may be identified in the individual Work Orders issued pursuant to this Agreement, County agrees to pay Contractor upon the satisfactory completion and County's acceptance of each work assignment in arrears. Payment shall be made within forty-five (45) days following County receipt and approval of invoices detailing the services rendered.

For the purposes hereof, the billing rates shall be in accordance with Exhibit B and Exhibit C. The rates in Exhibit B and Exhibit C shall be fixed for the entire term of the Agreement.

Notwithstanding any other provision of this Agreement to the contrary, payments to Contractor and subcontractors for travel, lodging, per diem, and mileage expenses, if applicable, for Contractor's or subcontractor's claims for reimbursement shall not exceed the rates to be paid to County employees under the current Board of Supervisor's Travel Policy in effect at the time the expenses are incurred, without markup. Any individual travel expense exceeding one hundred dollars (\$100) and any work requiring overnight stay must be approved in advance by County's Contract Administrator, or designee. Contractor and subcontractor are responsible for canceling hotel rooms before the cancellation period ends and should record the cancellation number in case of disputes. Contractor and subcontractor shall not be reimbursed for "no-show" hotel charges unless there are unavoidable reasons for not cancelling the room and County's Contract Administrator, or designee has determined that the reasons are valid.

Subcontractor's services and other outside services, authorized herein shall be invoiced at Contractor's cost, without markup, for the services rendered. Rates and fees, included in such direct costs, will require prior authorization from County's Contract Administrator, or designee or successor. Any invoices that include subcontractor services shall be accompanied by backup documentation to substantiate Contractor's costs for the services being billed on those invoices.

Any parts, materials, or equipment used during the performance of work under this Agreement shall be listed on the invoice which shall list the amount being charged to County for same.

The total amount of this Agreement shall not exceed \$350,000, inclusive of all Work Orders, and amended Work Orders, all work of subcontractors, and all costs, taxes, and expenses. In no event, however, will the Contract Administrator, or designee issue a Work Order, or series of Work Orders related to the same project, for repair services greater than \$75,000. It is understood and agreed that there is no guarantee, either expressed or implied that this dollar amount will be authorized under this Agreement through Work Orders.

Invoices shall follow the format specified by County and shall reference this Agreement number and the County-supplied Work Order number both on their faces. Copies of documentation attached to invoices shall reflect Contractor's charges for the specific services billed on those invoices. Contractor shall bill County for only one (1) Work Order per invoice. Invoices shall be mailed to County at the following address:

County of El Dorado
Chief Administrative Office
Facilities Division
3000 Fairlane Court, Suite One

or to such other location as County directs.

In the event that Contractor fails to deliver the documents or other deliverables required by the individual Work Orders issued pursuant to this Agreement, County at its sole option may delay the payment for the period of time of the delay, cease all payments until such time as the deliverables are received, or proceed as set forth herein below in ARTICLE XXVII, Default, Termination, and Cancellation, herein.

Copies may be made for Contractor's records, but shall not be furnished to others without prior written authorization from County's Contract Administrator, or designee. Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. There shall be no change in subcontractors, which shall be established at the issuance of individual Work Orders, without prior written approval by County's Contract Administrator, or designee.

ARTICLE XXII

Contractor to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further understood that this Agreement does not create an exclusive relationship between County and Contractor, and Contractor may perform similar work or services for others. However, Contractor shall not enter into any agreement with any other party, or provide any information in any manner to any other party, that would conflict with Contractor's responsibilities or hinder Contractor's performance of services hereunder, unless County's Contract Administrator, or designee, in writing, authorizes that agreement or sharing of information.

ARTICLE XXIII

Confidentiality: Contractor and any subcontractors authorized under this Agreement shall maintain the confidentiality and privileged nature of all records, including billing

records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Contractor, and all Contractor's staff, employees, and representatives, including any subcontractors authorized herein, shall not use or disclose, directly, or indirectly at any time, any said confidential information, other than to County's Chief Administrative Office, Facilities Division or to such other person with County's consent for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE XXIV

Assignment and Delegation: Contractor is engaged by County for its unique qualifications and skills as well as those of its personnel. Contractor shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County. County may, at its sole discretion, through its Contract Administrator, or designee, authorize Contractor to utilize subcontractors for services performed in ARTICLE I, Scope of Work, for the particular tasks, work and deliverables identified therein or as identified in the individual Work Orders issued pursuant to this Agreement. Said authorization and approval shall be sought and obtained by Contractor prior to subcontractors' commencement of any work under this Agreement. Specific subcontractors shall be authorized in individual Work Orders issued pursuant to this Agreement. Contractor shall require each subcontractor, to the extent of the work to be performed by the subcontractor, to be bound to Contractor by the terms of this Agreement and to assume toward Contractor all of the obligations and responsibilities that Contractor, by this Agreement, assumes toward County.

ARTICLE XXV

Independent Contractor: The parties intend that an independent contractor relationship will be created by this contract. Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, agents, affiliates, and subcontractors, if any are authorized herein, as they relate to the services or work to be performed under this Agreement during the course and scope of their employment by Contractor. Those persons will be entirely and exclusively under the direction, supervision, and control of Contractor.

County may designate the tasks to be performed and the results to be accomplished under this Agreement, provide information concerning the work or services, approve or disapprove the final work product and/or services provided, and set deadlines for the completion of the work or services, but County will not control or direct the manner, means, methods, or sequence in which Contractor performs the work or services for accomplishing the results. Contractor understands and agrees that Contractor lacks the authority to bind County or incur any obligations on behalf of County.

Contractor, including any subcontractor or employees of Contractor, shall not receive, nor be eligible for, any benefits County provides for its employees, including, but not limited to, vacation pay, paid holidays, life insurance, health insurance, social security, disability insurance, pension, or 457 plans. Contractor shall be solely responsible for paying its employees, and for withholding Federal Income Contribution Act amounts and other taxes, workers' compensation, unemployment compensation, medical insurance, life insurance, or any other benefit that Contractor provides for its employees.

Contractor acknowledges that it has no authority to bind the County or incur any obligations on behalf of the County with regard to any matter, and shall not make any agreements or representations on the County's behalf.

ARTICLE XXVI

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement and any Work Orders issued pursuant to this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XXVII

Default, Termination, and Cancellation:

A. 1. Termination by Default: If either party becomes aware of an event of default, that party shall give written notice of said default to the party in default (notice) that shall state the following:

a. The alleged default and the applicable Agreement provision, and

- b. That the party in default has ten (10) days upon receiving the notice to cure the default (Time to Cure).

If the party in default does not cure the default within ten (10) days of the Time to Cure, then such party shall be in default and the party giving notice may terminate the Agreement by issuing a Notice of Termination. The party giving notice may extend the Time to Cure at their discretion. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

2. If County terminates this Agreement, in whole or in part, for default:

- a. County reserves the right to procure the goods or services, or both, similar to those terminated, from other sources and Contractor shall be liable to County for any excess costs for those goods or services. County may deduct from any payment due, or that may thereafter become due to Contractor, the excess costs to procure from an alternate source.
- b. County shall pay Contractor the sum due to Contractor under this Agreement prior to termination, unless the cost of completion to County exceeds the funds remaining in the Agreement. In which case the overage shall be deducted from any sum due Contractor under this Agreement and the balance, if any, shall be paid to Contractor upon demand.
- c. County may require Contractor to transfer title and deliver to County any completed work under the Agreement.

3. The following shall be events of default under this Agreement:

- a. Failure by either party to perform in a timely and satisfactory manner any or all of its obligations under this Agreement.
- b. A representation or warranty made by Contractor in this Agreement proves to have been false or misleading in any respect;
- c. Contractor fails to observe and perform any covenant, condition or agreement on its part to be observed or performed under this Agreement, unless County agrees, in writing, to an extension of the time to perform before that time period expires.
- d. A violation of ARTICLE XXXVIII, Conflict of Interest.

- B. Bankruptcy: County may terminate this Agreement immediately in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.

- C. **Ceasing Performance:** County may terminate this Agreement immediately in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. **Termination or Cancellation without Cause:** County may terminate this Agreement or any Work Order issued pursuant to this Agreement, in whole or in part, for convenience upon thirty (30) calendar days' written Notice of Termination. If such termination is effected, County will pay for satisfactory services rendered before the effective date of termination, as set forth in the Notice of Termination provided to Contractor, and for any other services that County agrees, in writing, to be necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Work Order or the total amount of the Agreement, as applicable. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise. In the event of termination, County reserves the right to take over and complete the work by contract or by any other means.
