Re: Housing Element Update

It appears that March 30, 2008 has become an important deadline. Should our county fail to get an updated Housing Element submitted to our State Department of Housing and Community Development (HCD) by this date our county stands to lose funding support for both a homeless shelter as well as affordable housing.

The submission of this updated Housing Element in time to meet this deadline was discussed at our recent Community Action Council meeting and all present were impressed with its importance. We trust that the Board of Supervisors is also.

We know you are aware. We sincerely hope you will do every thing you can to expedite its happening and not let this opportunity slip between the cracks of your very busy schedule.

Respectfully,

Bob McGee
