June 2, 2014

El Dorado County Board of Supervisors
330 Fair Lane
Placerville, CA 95667

Honorable Board of Supervisors,

The Fire Agencies and the El Dorado County Fire Prevention Officers Association respectively request that the Supervisors ratify the Building Standard Amendments of the 2013 California Fire Code.

All involved Fire Districts have conducted numerous meetings, as well as public hearings, without any dissent. Each Fire District's Board of Directors has voted to adopt the aforementioned Codes and Ordinances in a uniform manner.

We appreciate the Board of Supervisors action to move this forward to ratification and to establish the required enforcement authority for one and two family dwelling units and for the 2013 California Fire Code as amended.

Yours in Public Safety,

Michael Lilienthal, President
