|  |        |              |  |              |              |  |
| Justification  |        |              |  |              |              |  |
| Eminent storm warning reported with snow of up to 1 foot in the Placerville area. Activation of the Emergency Operation Center.  I concluded that it was necessary to meet the duties of the Director of the EOC during an emergency situation, it would be best to have access to 4WD vehicle during the storm. Since the storm did not produce the snow predicted, the vehicle was parked at my residence over night. The vehicle was rented on 2/25/2011 driven to my home and has been returned to the County. The total number of miles driven were 51. |        |              |  |              |              |  |
