Chair Parlin and Honorable Supervisors,

The Resolution 078-2022 for a payment to the City of Placerville pool budget is important to citizens throughout the County. I live in unincorporated El Dorado County and was at the pool on opening day. The Placerville Pool is the only regional pool east of Cameron Park and is heavily utilized by County residents.

Please approve the resolution to support the operations of the pool to ensure that the facility is available for residents from all Supervisorial districts.

Thank you for your consideration.

Mindy Jackson
