JoAnn,

Please include this email in the BOS packet for Dec.

Thanks.

Jason

Subject General Plan Amendment AO7-0007 Rezone Shinn Ranch

For the record,

At today's meeting I asked the commisioners specifically about a for sale sign on APN 331-070-01. You ignored my letter entirely and "passed" the resolution to move the project on to the Board of Supervisors for rezoning. You were told during the meeting by the applicant that the property was already designated "open space" and would never be changed. Why then did you pass the resolution to rezone this property High Density Residential? I am sure you would never waste the tax payers money on rezoning when it was not necessary.
