

Law Enforcement FY 2021/2022

Prepared by County of El Dorado
for California Highway Patrol (CHP) Law Enforcement FY 2021/2022

Submitted by Justene Cline

Submitted on 04/19/2021 4:14 PM Pacific Standard Time

Opportunity Details

Opportunity Information

Title

Law Enforcement FY 2021/2022

Description

Law Enforcement grants provide financial assistance to allied agencies for the education, prevention, and the enforcement of laws related to driving under the influence of alcohol and other drugs, including cannabis. The intent of the program is to educate the public regarding the dangers of impaired driving, enforce impaired driving laws on the roadway, improve agency's effectiveness through training and development of new strategies.

Funding Information

Funding Sources

State

Funding Source Description

With the passage of Proposition 64 in 2016, The Control, Regulate, and Tax Adult Use Marijuana Act (AUMU), California voters mandated the state to set aside funding for the CHP to provide grants to local governments and qualified non-profit organizations for the education, prevention, and enforcement of impaired driving laws pursuant to Section 34019 (f)(3)(B) Revenue and Taxation Code (RTC).

Funding Restrictions

State Agencies/Departments please refer to Section 34019 (f)(3)(b) RTC and California Code of Regulations, Title 13, Division 2, Chapter 12, for additional information.

2. Senate/Assembly/Congressional/County Information

To determine the State Senate district(s) and State Assembly district(s), copy and paste the URL:
http://www.legislature.ca.gov/legislators_and_districts/districts/districts.html in your browser and search.

To determine the Congressional District(s), copy and paste the URL:
<https://www.govtrack.us/congress/members/CA> in your browser and search.

To make multiple selections, hold down the Ctrl key and click each one.

Select one or more of the State Senate districts where the proposed project activities will occur.

State Senate 01

Select one or more of the California State Assembly districts where the proposed project activities will occur.

State Assembly 05, State Assembly 06

Select one or more of the California Congressional districts where the proposed project activities will occur.

California Congressional District 04

Select one or more of the California Counties where the proposed project activities will occur.

El Dorado

Population/residents that your agency serves.

192843

3. Statistical Data

Please ensure the responses provided below are accurate and align with the statistical data provided within the application.

If a question is not applicable, please input "0" or "N/A".

Number of residents (population) your agency serves:

192843

Number of schools in your jurisdiction:*

	Elementary Schools	Middle Schools	High Schools	Colleges/Universities
Number of schools	28	16	16	2

Number of law enforcement personnel within your agency:

20

Does your agency have specifically designated traffic enforcement personnel who conduct driving under the influence (DUI) enforcement operations?

- Yes
- No

How often does your agency conduct DUI enforcement activities (e.g., roving patrols, saturation patrols, checkpoints)?*

	Average Weekly	Average Monthly	Average Annually
Enforcement Activities	N/A	N/A	N/A

How many law enforcement personnel have attended Standard Field Sobriety Test (SFST), Advanced Roadside Impaired Driving Enforcement (ARIDE), and/or Drug Recognition Evaluator (DRE) training?*

	SFST	ARIDE	DRE
Number of Trained Law Enforcement Personnel	12	3	0

How many certified DREs does your agency currently have?

0

How many law enforcement personnel are certified SFST and/or DRE Instructors?*

	SFST	DRE
Number Certified Instructors	0	0

What in-service training does your agency offer relating to DUI?

The El Dorado County District Attorney's Office has an SFST/ARIDE Deputy District Attorney whose position is currently funded through the Vertical Prosecution Grant administered by Office of Traffic Safety (OTS). This Deputy District Attorney provides in-house training to less experienced DDA's on the prosecution of DUI and DUI-Drugs cases. This training is conducted within our facility. The Vertical Prosecutor also trains the local law enforcement agencies on best practices of DUI and DUI-D cases. The Vertical Prosecutor participates in the County's Drug Court. The El Dorado County District Attorney's Office has sponsored wet-lab experiments and SFST training within our facility for the local law enforcement agencies.

Is training conducted at your agency or at another facility ?

- Within agency
- Alternate facility

Do your law enforcement personnel participate in training with local city attorneys and/or district attorneys?

- Yes
- No

4. Project Description

Project Types: All projects shall have an Enforcement component. Please select one or more project type applicable to your project.

- Law Enforcement Training
- Education and Prevention
- Enforcement

Project Description

Project description is a brief overview, a paragraph, of the proposed project.

Outreach-The El Dorado County District Attorney's Office is requesting funding to support (1) FTE District Attorney Investigator (DAI) who will be dedicated to completing the objectives as outlined under this program. The DAI will have a unique opportunity to address the dangers of impaired driving with school-age children as well as adults. The District Attorney's Office has partnered with the elementary schools in the county to provide an overview of the judicial system to 6th graders. Part of the program discusses impaired driving and the DAI would be able to elaborate on this portion of the curriculum to illustrate to the children the dangers of driving under the influence of drugs and strategies to avoid getting in a vehicle with an impaired driver. The El Dorado County District Attorney's Office will participate in the Every 15 Minutes Program which would allow the funded investigator to address the lifelong consequences suffered by teen drivers who choose to drive under the influence of drugs. The El Dorado County District Attorney's Office maintains a booth annually at the El Dorado County Fair that routinely gets an average of 300 visitors a day over the weekend. The El Dorado County District Attorney's Office has an active social media presence and can use that platform to address the dangers of impaired driving and educate the public on the signs of an impaired driver. Training: Quarterly training sessions will be provided to local law enforcement agencies to discuss best practices on follow-up investigations for successful resolutions of DUI-D cases. The funded Investigator would receive assistance from the Vertical Prosecutor in providing the training to increase the expertise of officers. Enforcement Activities: The SFST and ARIDE trained Investigator will attend quarterly checkpoints to assist with enforcement activities and educate the public on the ramifications of DUI-D arrests and convictions. The funded Investigator would work closely with the OTS-funded Vertical Prosecutor on fatal DUI cases to obtain a conviction of the offender.

5. Problem Statement

Problem statement identifies the problem, including statistical data, to be addressed by the project.

El Dorado County is a major tourist destination that provides a route to Lake Tahoe and other popular tourist destinations in Nevada, such as the casinos right over the state line. El Dorado also has its own casino that attracts many visitors from the Sacramento region and Bay Area. El Dorado County is an area full of winding foothills and mountainous roads. The primary thoroughfare is Highway 50, which ranges from two to four lanes, is heavily traveled, and runs through the center of El Dorado County. Drivers who are under the influence of drugs present a significant and verifiable danger to other motorists and pedestrians in El Dorado County. The legalization of marijuana has exacerbated the DUI problem. For this reason, we need to commit additional resources to combat this increasing problem. For reference, The El Dorado County District Attorney's Office reviewed 148 cases involving drug-impaired driving. Of those 148 cases, 74 cases were filed in court. Out of the 6 impaired driving fatal collisions in El Dorado County in 2018, 50% of them were drug-related. In 2019, El Dorado County District Attorney's Office reviewed 127 drug-impaired driving cases and filed charges in 23 of the cases. Again in 2019 as in 2018, 50% of the impaired driving fatal collisions were drug-related. In 2020, the El Dorado County District Attorney's Office reviewed 40 drug-impaired cases and filed charges in 13 cases. The low numbers in 2020 can be attributed to the lockdown orders issued in response to the COVID-19 pandemic. The statistics also highlight the need for sufficient training of officers making the drug-impaired driving arrests so that the cases meet the filing standards in court. California OTS stated that in 2018, 42% of all drivers killed in motor vehicle crashes that were tested, had legal and/or illegal drugs in their system. El Dorado County was ranked 48th out of 58 counties for fatal and injury collisions by OTS in 2018. A funded district attorney investigator would assist the OTS-funded Vertical Prosecutor to improve the prosecution of drug-impaired driving cases. The El Dorado County District Attorney's Office receives referrals from three local law enforcement agencies along with two CHP offices. All of the necessary follow-ups on these cases are completed by one Investigator. The duties of the DAI for the DUI cases involve obtaining witnesses statements regarding events that occurred before the arrest or collision, reviewing toxicology results with the criminalists and testifying in court, managing the impounds of the involved vehicles, obtaining police reports from the arresting agency, writing search warrants for medical records, locating and contacting reporting parties who observed the impaired driving and reported it to law enforcement, taking statements from victims regarding their injuries and ongoing medical issues as well as the circumstances of the collisions.

Statistical Data/Report(s)

If applicable, please upload any statistical data/reports to support your problem statement.

6. Performance Measures

Performance measures include project goals and objectives, activities with timelines and quantitative measurements.

Rosters and agendas will be maintained for the training sessions. Completion certificates for all outside training attended by the Investigator will be submitted for review. Statistical data on the number of DUI-D referrals and prosecutions will be maintained. Agendas for educational presentations will also be maintained.

7. Proposed Solution

Proposed solution includes the desired results, the benefits of the results, project deliverables and timeframes.

By increasing law enforcement officer expertise in drug-impaired driving through training provided by the District Attorney's Office, there would be an increase in charges filed against the offenders. The officers would be better trained in the area of report writing to ensure the cases referred to the El Dorado County District Attorney's Office would meet the filing standard and lessen the amount of time and resources necessary to conduct follow-up. An increase in the number of arrests and cases filed for driving while impaired by drugs could serve as a deterrent to future and/or repeat offenders. Using the various outreach opportunities, the public would be made aware of the dangers and consequences of drug-impaired driving which would also serve as a deterrent. Educating the public on the indicators of impaired driving could lead to more reporting of incidents and the removal of dangerous drivers.

8. Method of Evaluation

Method of Evaluation

Method of evaluation describes the evaluation strategy that will be used to show project effectiveness.

Statistics will be reported on cases referred to the El Dorado County District Attorney's Office for DUI-D, the number of presentations participated in schools, the number of checkpoints attended, the number of attendees at the fair booth, and a description of the training sessions provided to local LE agencies. We hope to show a lesser amount of referrals of drug-impaired driving cases from local law enforcement agencies and more cases filed by the end of the grant year.

9. Program Sustainability

Program sustainability describes the plan for reducing reliance on state funding in the future and includes efforts that will be continued if funds are either not available or significantly reduced.

DUI-D cases are complex and are increasingly more common now with the legalization of marijuana. This increase has made it apparent that our office needs a dedicated investigator to work on these cases and provide guidance to other law enforcement agencies on the best practices for a successful resolution to the case. To properly investigate DUI-D collisions, the involved vehicles need to be inspected which incurs a cost. The impound fees for the retention of evidence places a cost burden on the District Attorney's Office, however, with the funding of this grant, the El Dorado County District Attorney's Office will be able to commit a dedicated investigator to thoroughly and efficiently investigate the increasing DUI-D cases which would result in safer roads for the citizenry and lessen the amount of time a vehicle is in impound.

10. Administrative Support

Administrative support includes the organization's experience, personnel and physical resources needed for successful implementation of this project.

The implementation of the CHP Cannabis grant will require one investigator to be assigned full-time to the grant in order to meet the objectives and one fiscal staff member to manage the financial aspects of the grant. The assigned investigator will need to be proficient in SFST and ARIDE training in order to conduct the follow-up assignments, present training to other officers and district attorneys, and the public. The assigned investigator will work closely with the local CHP officers at checkpoints and training sessions. The assigned investigator will also attend approved training to learn new skills and maintain subject matter expertise in the area of drug-impaired driving investigations. As needed education materials such as brochures, pamphlets, and training materials will be acquired and absorbed by the agency. Fiscal staff routinely monitor and conduct grant related financial activities and ensure any billable program expenses are in accordance with grant regulations.

11. Other Grant Programs

Impaired Driving Enforcement Funding

Has grant funding been received in the past for impaired driving enforcement?

- Yes
 No

If yes, what was the outcome?

Application to other Grant Programs

Has or will a proposal be submitted to another grant program for this project (i.e., that would fund the same project components applied for in this project, or for related project components to be completed during the same time period as those described in this project).

- Yes
 No

If yes, identify granting agency or organization(s), grant program name(s), proposal title, date submitted (or to be submitted), and relationship between proposals. Please also clearly distinguish in which tasks would be funded by CHP, and which would be funded by other organizations

The El Dorado County District Attorney's Office has actively participated in the Office of Traffic Safety (OTS) grant program for Vertical Prosecution of DUI casework. The office has approximately 10 years of experience with successfully meeting OTS Vertical Prosecution grant objectives and hopes to expand efforts into the education, training and enforcement aspect to deter DUI incidents. The agency plans to utilize CHP grant funds provided through this opportunity to fund (1) FTE District Attorney Investigator who will actively conduct outreach, education, training, and investigation related to DUI incidents.

12. Terms and Conditions

By submitting your application, you agree to the following terms and conditions:

I certify under penalty of perjury that the information I have entered on this application is true and complete to the best of my knowledge. I further understand that any false, incomplete, or incorrect statements may result in my disqualification from the grant process or dismissal from receiving grants funded from the California Highway Patrol (CHP) Cannabis Tax Fund Grant Program. I authorize the California Highway Patrol to investigate referenced documents or other documents submitted to the program to check the accuracy of the information provided.

I agree with the Request for Application, the above terms and conditions, and the California Code of Regulations, Title 13, Division 2, Chapter 13, Sections 1890.00 through 1890.27.

I Agree

When using AMPLIFUND, I authorize the state to take my requested action by an electronic means and authorize the state to accept the combination of my USER ID and password in lieu of my written signature.

I Agree.

My password is unique to me and is to remain confidential. I will not allow other individuals to use my USER ID and password to access AMPLIFUND.

I Agree.

It is my responsibility to maintain the confidentiality of AMPLIFUND information.

I Agree.

Once I submit the application, I am unable to add, edit, or delete any application information.

I Agree

Confidentiality Notice: All documents submitted as a part of the Cannabis Tax Fund Grant Program proposal are public documents and may be subject to a request pursuant to the California Public Records Act. The CHP cannot ensure the confidentiality of any information submitted in or with this proposal. (Gov. Code, § 6250 et seq.)

I Agree

Disclaimer: "Generated income disclaimer: There will be no program income generated from this grant. Nothing in this agreement shall be interpreted as a requirement, formal or informal, that a particular law enforcement officer issue a specified or predetermined number of citations in pursuance of the goals and objectives. Although special emphasis will be placed upon violations specific to this agreement, appropriate enforcement action will be taken for all observed violations."

I Agree

Vendor I.D

I have provided a STD. 204 form which is required for payments to all entities.

I Agree

STD. 204 form

State PDR & Fiscal Form

City Council or County Board of Supervisors Resolution

A City Council or County Board of Supervisors Resolution will be submitted to the CHP prior to the execution of the Grant Agreement.

I Agree

A county, city, district, or other public body shall provide a copy of a resolution, order, motion, and ordinance of local governing body, which by law has the authority to enter into an agreement authorizing execution of a grant agreement. If applicant does not have a signed resolution at final application submission time, applicant may submit signed resolution via email prior to execution of the grant agreement. The resolution must explicitly state the agency has delegated authority to enter into an agreement for the requested amount.

Budget

Proposed Budget Summary

Expense Budget

	Grant Funded	Total Budgeted
Personnel		
District Attorney Investigator Benefits	\$28,412.00	\$28,412.00
District Attorney Investigator Salaries	\$146,588.00	\$146,588.00
Subtotal	\$175,000.00	\$175,000.00
Indirect		
10% Indirect	\$17,500.00	\$17,500.00
Subtotal	\$17,500.00	\$17,500.00
Total Proposed Cost	\$192,500.00	\$192,500.00

Revenue Budget

	Grant Funded	Total Budgeted
Grant Funding		
Award Requested	\$192,500.00	\$192,500.00
Subtotal	\$192,500.00	\$192,500.00
Total Proposed Revenue	\$192,500.00	\$192,500.00

Proposed Budget Detail

See attached spreadsheet.

Proposed Budget Narrative

Personnel

Personnel costs include direct compensation for salaries and fringe benefits for grant funded positions. Please itemize employees' salaries, overtime, and benefits. Narrative shall include: classification, monthly or hourly rate, percent applicable to the project and project related duties.

District Attorney Investigator Benefits

Total DAI Benefits Budget = \$28,412 (19.38% of salary) Benefits include: 17.84% CalPers 1.45% Medicare .25% LTD (max \$122)

District Attorney Investigator Salaries

This personnel budget line includes the cost of salaries for (1) FTE District Attorney Investigator as follows: DAI Salaries = \$70.47/hr x 2080hrs = \$146,588. The District Attorney Investigator (DAI) will support Law Enforcement objectives pertaining to, but not limited to, assisting with current and establishing new educational outreach programs, conducting training sessions with local agencies on best investigative practices for DUI and DUI-D cases, and increased participation in local DUI checkpoints. The assigned DAI will support grant objectives on a full-time, 100% allocation basis. The DAI will be the liaison between the Deputy District Attorneys and agencies submitting arrest reports. The DAI will work to monitor cases submitted by agencies up to the filing standard in the court. After obtaining the necessary training and experience, this Investigator will also be able to testify as an expert in DUID cases. Together, the assigned DAI and Deputy District Attorneys, who file the DUID cases, will identify weaknesses in the cases submitted by outside agencies and determine the best practices to get those cases filed and resolved. These practices will be taught to the patrol officers during quarterly trainings. The current OTS grant for our office specifically deals with the prosecution of DUI/DUID felonies. Our office handles many more misdemeanor DUI/DUID cases which require immense follow-up on the part of the district attorney investigator. These cases are not always filed due to lack of sufficient evidence. With this grant, the District Attorney's office will consist of a well-trained investigator to act as a liaison to ensure proper and thorough investigations as well as public outreach and education to alert our citizens to the dangers of impaired driving. Through training, public outreach and education, the DAI will work to increase the number of DUID cases filed and, as a result, prosecuted by 5%. The increased number of filed cases would lead to less repeat offenders and remove more dangerous drivers from the roads.

Indirect

The indirect cost rate is generally no more than 10 percent (10%). Indirect costs are shared costs (overhead) that cannot be directly assigned to a specific project activity and are necessary to complete the project and are not a direct project cost. An indirect cost benefits more than one cost objective and shall be prorated equitably among all applicable functional areas. Narrative shall include a brief description of the overhead costs the applicant intends to utilize for the project (i.e., office supplies, administrative costs, and other grant related expenses).

10% Indirect

The 10% indirect rate supports administrative/overhead costs associated with the Law Enforcement DUI program within the El Dorado County District Attorney's Office that cannot be directly assigned to specific project activity. Administrative/overhead costs include, but are not limited to: Fiscal staff cost overseeing/facilitating/managing the financial aspect of the program, office utilities cost (i.e. PG&E, telephone/internet services), as-needed program supplies cost, and retirement overhead costs. Administrative/overhead costs are absorbed by the County's General Fund.

Proposed Performance Narrative

Press Releases/Announcements

Please provide planned number of project related press releases/announcements regarding public safety on DUI of alcohol and other drugs, including cannabis and cannabis products.

Press Release Announcements

(1) Press Release (4) Public Safety announcements via Social Media Upon awarding of the grant, this office would issue a pre-approved press release announcing the grant on its social media platform. The press release would explain the purpose of the grant, how the grant will be used by this office and how the county will benefit from having such a grant such as getting impaired drivers off the roads and making them safer for our citizens.

Standardized Field Sobriety Test (SFST) Training

Please provide planned number of law enforcement personnel that will be sent to SFST training; pending CHP approval.

SFST Training

(1) Investigator and (2) Attorneys assigned to DUI cases would be trained in SFST within the one year limit of this grant. This would be accomplished in quarters 1 & 2.

Advanced Roadside Impaired Driving Enforcement (ARIDE) Training

Please provide planned number of law enforcement personnel that will be sent to ARIDE training; pending CHP approval.

ARIDE Training

(1) Investigator will be trained in ARIDE within the one-year term of this grant. This would be accomplished during quarters 2 & 3.

Drug Recognition Evaluator (DRE) Training

Please provide planned number of law enforcement personnel that will be sent to DRE training; pending CHP approval.

DRE Training

(1) Investigator would be DRE trained within the one-year term limit. This would be accomplished during quarters 3 & 4.

Sobriety Checkpoints

Please provide planned number of DUI checkpoints.

Sobriety Checkpoints

(4) Quarterly sobriety checkpoints. As a sworn peace officer and trained in SFST's, the District Attorney Investigator can assist on the sobriety checkpoints by helping with enforcement actions and investigations of suspected impaired driving.

Driving Under the Influence Saturation Patrols

Please provide planned number of DUI/DUID saturation patrols.

Saturation Patrols

(2) Driving Under the Influence Saturation Patrols

Prosecutor Training

Please provide planned number of district attorneys, and/or city attorneys, and prosecutors that will be trained on traffic safety laws and other issues related to DUI of alcohol and other drugs, including cannabis and cannabis products.

Prosecutor Training

(3) Attorneys in charge of filing the DUID cases would work as a group to provide (4) quarterly trainings to outside agencies during the one year term limit. The focus of the trainings would be best practices of investigating DUID cases to ensure charges are filed. New case laws regarding DUID would be discussed with officers conducting enforcement on impaired driving.

Other Public Awareness Outreach and Presentations

Please provide number of educational presentations and planned outreach efforts.

Outreach and Presentations

-Annual Information Booth at the County Fair. - "Every 15 Minutes" presentation at a total of (6) schools. - Project Lead Presentation educating elementary schools on overview of the Criminal Justice System with modules on various crimes including drugs and alcohol and drunk driving (6 participating schools) El Dorado County hosts an annual county fair. This venue provides an opportunity for our office to provide informational/educational materials to the public regarding the dangers, costs and risks of DUID-Cannabis. This would be accomplished in Quarter 2 of the grant. The funded district attorney investigator would reach out to the four high schools within the county to inquire about opportunities to educate the students on the dangers and risks of impaired driving.
