Greetings, all;

After concluding this year's facility inspections, we have further work to bring our county's one remaining youth facility up to standards.

2019 Juvenile Justice Facility Inspection - Juvenile Treatment Center Deficiency Notice

In accordance with [California Welfare and Institutions Code \(WIC\)](#) Section 225 through 231, each county is to have a Juvenile Justice Commission (JJC) to inquire into the administration of juvenile justice in their counties.

The [El Dorado County Juvenile Justice and Delinquency Prevention Commission's](#) (EDC JJDP) mission is to serve the interests of at-risk youth, encourage and support the planning and evaluation of programs which prevent delinquency, and provide a leadership forum for citizen action.

Juvenile Justice Facility Inspection - Material Deficiency Notice

A material deficiency is reported in 2019's Juvenile Treatment Facility (JTC) in South Lake Tahoe. The JTC is undergoing significant changes in the coming two to three years. With the May 2019 closure of the Placerville Juvenile Hall, all El Dorado County and out-of-county youth have now been transferred and housed at the JTC.

A major concern at JTC has been the lack of suitable activity areas for both summer and winter months. These concerns have been reported repeatedly in past years and are now unacceptable for current conditions. Details are attached.

Requested Mitigation and County Response

The El Dorado County JJDPC requests a formal response from the Department of Probation and the Board of Supervisors no later than August 31, 2019 with a proposed mitigation plan. These deficiencies should be addressed immediately to provide a comfortable and safe place for the youth to participate in recreational activities. The Juvenile Justice Commission requests that the covered recreation area is heated and the playing field upgraded to green sod or artificial turf.

Best wishes,

Tiffany Rolston
Chair, EDC Juvenile Justice and Delinquency Prevention Commission (JJDPC)
