I am writing you in reference
to the possible closing of the
Senior Day Center.

I take my husband there while
I attend the support group meeting
the first Friday of the month.

My husband has dementia and is 87.
He really enjoys mixing with the
group and I enjoy sharing what
experiences I have with other seniors.

Please consider what we will
all be giving up if the Senior
Day Center is forced to close.

Sincerely
Lily Ann McGowan
