To: Clerk of the Board of Supervisors, El Dorado County
c: Supervisor Lori Parlin

Please add the following comments to Agenda Item # 55 for the December 17, 2019 meeting of the Board of Supervisors. Thanks. Rich Stewart

The Greenstone Country Planned Development in the unincorporated Placerville area should be in Phase 1 or Phase 2 for Fiber to the Home (FTTH) for the following reasons:

- Fiber Optic cable has already been run on the telephone line poles along the major artery streets throughout the development
- There is no concern for "rock" as all utility lines are run above ground on the telephone/power poles
- The owner would be responsible for running fiber from the connection at the street to the house
- No "Grant Funding" would be necessary as cost per home would be low
- This is "low hanging fruit" for 345 residential units
