We understand that the Proposition 90, the tax transfer is due to sunset this coming February of 2015. For many of us seniors who have no choice but to relocate to a less pricey place and are planning on taking advantage of this Proposition, I would like to ask the Board of Supervisors to vote to immediately continue this and not sunset this Proposition.

As with many communities, curtailing this opportunity I would think would affect El Dorado County's economy adversely. The trickle-down result of less people moving in, buying homes, paying taxes, and purchasing goods and services in the County could be catastrophic, especially in this day and age.

We respectfully ask the Board to vote to continue this Proposition. Thank you for considering our views.
