November 10, 2010

I. Introduction: The purpose of this agreement is to provide reimbursement to the Tahoe Regional Planning Agency (TRPA) for the Tahoe Metropolitan Planning Organization (TMPO) activities in the Lake Tahoe region including a planning position with the United States Forest Service-Lake Tahoe Basin Management Unit (USFS), planning support from the Federal Highway Administration (FHWA), Nevada Division, and FHWA support for project management. This agreement implements the SAFETEA-L Technical Corrections Act of 2008, Public Law No. 110-244, 122 Stat. 1572, 1576, §101(n), which provides, "...the Secretary shall set aside ½ of 1 percent of all funds authorized to be appropriated for such fiscal year to carry out section 204 and shall make such funds available to the metropolitan planning organization for the Lake Tahoe region to carry out the transportation planning process, environmental reviews, preliminary engineering, and design to complete environmental documentation for transportation projects for the Lake Tahoe region ...".

II. Location: Within the jurisdiction administered within the Tahoe Metropolitan Planning Organization.

III. Work Required: Transportation planning, environmental reviews, preliminary engineering, and design to complete environmental documentation for transportation projects in the region. The specific transportation planning activities will be reflected in the most recent TMPO Overall Work Program (OWP). - The remaining funding (\$1,141,102.00) as required by the statute cited above, will be transferred to TRPA via this reimbursable agreement. This will be considered a lump sum amount to be drawn upon throughout the period of performance as outlined in the following sections.

V. Deliverables and Schedule: Annual copy of approved Work Plan and quarterly progress reports detailing milestones, budget, activity type, description of activity, percent of progress completed on activity, anticipated date of completion of activity, and any potential issues that will affect the Work Plan. FHWA will review the delivery plan, to be provided by TRPA to the FHWA, for the work described in Item III, Work Required. TRPA will provide to FHWA a general summary describing the procurement methods and processes to be used for externally-delivered work products, and plans and processes to be used for internally-delivered work products.
