

BACKGROUND INFORMATION REGARDING ARTICLE 8 – GLOSSARY

This document is based on the 1999 Public Comment Draft Zoning Ordinance Definitions Section (January 28, 1999). The Public Comment Draft was the Department’s first draft revised Zoning Ordinance based on the 1996 General Plan. In February 2006, Crawford Multari and Clark provided comments on the Public Comment Draft. Those comments resulted in the combination of the “Use Type Classifications” section with the “Definitions” section of the Public Comment Draft, resulting in a new Glossary.

Staff added a number of definitions from the APA PAS Report 421 “A Survey of Zoning Definitions” and reviewed the existing County Code definition Chapter (17.06). Selected definitions from other jurisdictions were also incorporated. Throughout the Glossary abbreviated notations are included for reference to the source of the definition.

This Glossary also includes new definitions from ordinances adopted since January 1999, that were not available in the January 28, 1999 Public Comment Draft Zoning Ordinance. Selected definitions from the Interpretive Guidelines for Policy 7.3.3.4 (riparian setbacks) and Policy 7.4.4.4 (tree canopy) are also included where such terms have been used in the ordinance.

Those definitions that have unique applications, as described in Article 4, the “Specific Use Regulations” section of the ordinance, are cross referenced to: “Section 17.xx.xxx: (Title)” or the “Site Planning and Project Design Standards” section (Article 3).

Draft Glossary Concepts and Use. These definitions are a starting point for discussions on the rest of the code. According to the APA PAS Report 421, regulations should not be within the definitions, but should be described in the “Specific Use Regulations” section or other applicable section. Certain definitions will need to be amended as we develop the standards in the “Specific Use Regulations.”

Important Note. Any notes in italics are for working draft purposes only and are intended to be removed.

References to separate sections such as Section 17.xx will be fully cross referenced in the final editing phase of the code update process.

New definitions will be added as necessary. Definitions not needed in the code will be removed.

During final editing, staff will:

1. Confirm that all definitions in the glossary are used in the Zoning Ordinance.
2. Check that all terms in the glossary are used consistently throughout the code.
3. Review the alphabetical organization of the definitions. (Some definitions may be grouped together based on their relationship, but alphabetical cross referencing will be provided).
4. Cross references will be inserted and re-checked.
5. Prepare an Index with cross references to all land use terms.

Special Notations. The sources of new or revised definitions are identified by an abbreviation for reference:

CHAPTER 17.80 – GLOSSARY**Sections:**

- 17.80.010 Purpose
- 17.80.020 Definitions of Specialized Terms and Phrases

17.80.010 Purpose

This Article provides definitions of terms and phrases used in this Zoning Ordinance that are technical or specialized, or that may not reflect common usage. If any of the definitions in this Article conflict with definitions in other provision of the County Code, these definitions shall control for the purposes of this Zoning Ordinance. If a word is not defined in this Article, or in other provision of the El Dorado County Code, the Director shall determine the correct definition.

17.80.020 Definitions of Specialized Terms and Phrases

As used in this Zoning Ordinance, the following terms and phrases shall have the meaning ascribed to them in this Article, unless the context in which they are used clearly requires otherwise.

Accessory Structures and Uses. A structure or use incidental to and on the same lot as the principal structure or use. (See also “Structure, accessory”). (See Section 17.40.030: Accessory Structures and Uses). *PCD*

Active Use Area (AUA). Specific areas within a project site that are used to calculate parking requirements, as follows:

Interior. All developed areas within a commercial building except storage areas, restrooms, and employee lunchroom/cafeteria.

Exterior. All areas dedicated to the performance of the specific activity, such as individual ride and arcade areas in amusement parks, or the skating course within a skateboard park. Accessory facilities for public use, such as ticket booths and concession stands are included in calculating this area, while walkways, promenades, outdoor dining areas, restrooms, landscaping, and parking areas are not. (See Chapter 17.36: Parking). *NEW*

Adjacent. Situated near or close to something or each other, especially without touching. (*Encarta Dictionary*)

Adjoin. To be next to or share a common border with something, especially an area of land. (*Encarta Dictionary*)

Adult Business Establishment. (Use Type.) Bookstores, bars, lounges, restaurants, theaters, cabarets, hotels or motels, or other business or establishment which have a substantial or significant portion of the stock in trade, or fare, books, magazines, pictures, films, media or live entertainment, which are distinguished or characterized by their emphasis on matter or live conduct depicting, describing, exposing, or relating to specific sexual activities or specified anatomical areas, as defined in Section 5.34.020 (Adult Related Establishments). (See Section 17.40.040: Adult Business Establishments). CMC

Agricultural District, Designated. Land located within an Agricultural Overlay District, as designated in the General Plan. *INT*

Agricultural Employee. One engaged in agriculture and/or hired to carry on agricultural pursuits. (California Labor Code Section 1140.4(b)). *NEW*

Agricultural Enterprise Structure. A structure used in the production, display, or sale of agricultural products and byproducts, edible byproducts, or agriculturally related accessory uses permitted in the agricultural zone district. (Ord. 4573, 2001.)

Agricultural Fencing. Fencing constructed of woven or mesh wire, barbed wire, electrified wire, board construction, and similar materials creating a barrier at least 50 percent open, as described in Section 17121 of the California Food and Agricultural Code, for the purpose of containing livestock and/or controlling predators. *NEW*

Agricultural Labor Housing. (Use Type.) Living accommodations for employees and their immediate families employed for the exclusive purpose of agricultural pursuits either on the premises or off site. It includes single or multi-unit dwellings, including mobile homes and dormitories. (See Section 17.40.120: Commercial Caretaker and Agricultural Employee Housing). *PCD*

Agricultural Preserve Criteria. Criteria for qualification to enter into a Williamson Act contract as established by Resolution of the Board of Supervisors, as amended from time to time. (See Section 17.40.050: Agricultural Preserves and Zoning, etc.). *PCD*

Agricultural Promotional Items. Gift items such as pencils, cookbooks, calendars, T-shirts, and other items with the name of the agricultural enterprise or growers association that is intended to promote the agriculture enterprise, growers association or agriculture product grown on site. (See Sections 17.40.260: Ranch Marketing and Section 17.40.400: Wineries). (Ord. 4573, 2001.)

Agricultural Structure. See “Structure”.

Agricultural Support Services. (Use Type.) Processing, packing, and storage of agricultural products, maintenance and repair of farm machinery and equipment, veterinary clinics, custom farming services, agricultural waste handling and disposal services, and other similar related services. (See Section 17.40.060: Agricultural Support Services). *PCD*

Agriculturally Incompatible Uses. Those uses of land which are apt to conflict with agricultural uses due to sprays, dust, noise, equipment, or livestock escaping the agricultural property in a manner which threatens the health, safety or welfare of adjacent occupants or land uses. It also means those uses which are apt to cause conflict and threaten the loss of viability of agricultural uses due to trespass, vandalism, theft, complaint, and dog-related problems. It includes, but is not limited to: Residential structures, nursing homes, schools, playgrounds, swimming pools, daycare centers, spas, ponds, and churches. (Ord. 4458, 1997) (See Section 17.30.040: Setback Requirements and Exceptions).

Airport, Airstrips, and Heliports. (Use Type.) A place where aircraft take off or land, whether on land or water, but does not include places where aircraft land and take off solely for emergency purposes. It may include land improved and intended for aircraft storage, cargo, passengers, airport and airspace control facilities, repairs, or refueling. *ORD*

Airport Comprehensive Land Use Plan (CLUP). The document prepared by the airport land use commission pursuant to Section 21675 of the Public Utilities Code that specifies land use and development policies to protect the safety and general welfare in the vicinity of county airports and to assure the safety of air navigation. *PCD*

Airport Hazard. Any structure or natural growth that obstructs the navigable air space. *PCD*

Airport Imaginary Surfaces. Surfaces established in relation to the end of each runway or designated takeoff and landing area, as defined in applicable Federal Aviation Regulations (Part 77). Such surfaces include imaginary approach, horizontal, conical, transitional, primary, and other surfaces. These surfaces are specifically described for each airport in the airport comprehensive land use plan.

Animal, Domestic Farm. Any of a number of animal species commonly reared or used for food, fur, herding, riding, or other similar uses, including but not limited to horses, cattle, sheep, herding dogs, goats, pigs, rabbits, poultry, ostriches, emus, and small fur-bearing animals not classified as exotic or wild. *PCD*

Animal, Exotic. Any bird, mammal, fish, amphibian, or reptile not normally domesticated in the state of California, as determined by the California Department of Fish and Game. (See Section 17.40.070: Animal Raising and Keeping). *PCD*

Animal Keeping. (Use Type.) The maintaining, keeping, feeding, and raising of animals. (See Section 17.40.070: Animal Raising and Keeping). *PCD modified*

Animal Sales and Service. (Use Type.) Establishments engaged in animal-related sales and services, as follows:

Kennel, Commercial. Indoor and outdoor boarding of dogs, cats, and similar small animals, and dog training centers.

Pet Grooming and Pet Stores. The sale of dogs, cats, rodents, fish, birds, and similar small animals, the sale of pet food and supplies, grooming services, and limited indoor boarding.

Antenna. Any system of wires, poles, rods, reflecting discs or similar devices used for the transmission or reception of electromagnetic waves when such system is either external to or attached to the exterior of a building or structure. (Ord. 4589, 2001) (See Section 17.40.130: Communication Facilities). *ORD/PCD*

Apartment. See “Dwelling, multi-unit.” *PCD*

Appeal. A formal request by the applicant or interested party for the review authority to reconsider and either uphold or overturn the decision of an earlier review authority, in compliance with Article 6 (Appeals).

Approving, or Issuing Authority. The agency, board, group, or other legally designated individual or authority which has been charged with review and approval of project plans and permit development applications. *PCD*

Arbor. See “Structure”.

Artificial Slope. A slope created as a result of grading that is allowed under a grading permit. *NEW*

Automotive and Equipment. (Use Type.) Establishments that are primarily engaged in sales or services for automobiles, trucks, small engines, or heavy equipment. The following are Automobile and Equipment use types: *PCD*

Fuel Sales. The retail sale of petroleum products and other motor vehicle fuels. Fuel Sales may be combined with uses such as “Restaurants” and “Retail Sales and Service” if those uses are otherwise allowed in the zone.

Paint and Body Shops. The repair and painting of motor vehicle, aircraft, and similar vehicle bodies.

Repair Shops. The repair and servicing of motor vehicles, construction equipment, farm machinery, aircraft, boats, automobile and heavy equipment repair garages, muffler shops, car stereo installation, car wash and detailing services. These uses may not include fuel sales, or body repair and/or painting. It also includes facilities that repair small engines such as chain saws, lawn mowers, and other gasoline powered gardening equipment or other uses that test or demonstrate equipment outside a building.

Sales and Rental. The sales or rental from the premises of automobiles, trucks, heavy construction equipment, motorcycles, recreational vehicles, trailers, farm machinery, aircraft, or boats, and may include sales of parts and repair services. Does not include repair, bodywork, and painting.

Vehicle Storage. The service and storage of operable vehicles, boats and trailers. Typical uses include recreational vehicle storage lots, fleet storage lots, impound lots, and construction vehicle storage areas.

Wrecking/Dismantling Yard. See “Salvage and Wrecking Yard”.

Avalanche Hazard Zones. Areas subject to avalanche hazards based on the following zone levels:

High Hazard (Red) Zones. Areas in which an avalanche can produce impact pressures of 600 lbs/ft² or more on flat, rigid surfaces normal to the avalanche flow, or that have return periods of less than ten years, or a combination of both.

Moderate Hazard (Blue) Zones. Areas in which an avalanche can produce impact pressures of less than 600 lbs/ft² or more on flat, rigid surfaces normal to the avalanche flow and have return periods between ten and 100 years. Both of the above conditions must be satisfied or the area is classified as a red zone. (See Section 17.27.030: Avalanche Hazard Combining Zone). *PCD*

Bake Shop. (Use Type – See “Ranch Marketing”).

Bank and Financial Services. (Use Type.) Institutions such as banks, lending institutions, trust companies, credit agencies, brokers and dealers in securities and commodity contracts, investment companies, vehicle finance agencies, and similar financial services. *PCD*

Community Care Facility. Any facility, place, or building that is maintained and operated to provide nonmedical residential care, day treatment, adult day care, or foster family agency services for children, adults, or children and adults, subject to licensing by the State Department of Social Services, Health and Welfare Agency. Such facilities typically serve the physically handicapped, mentally impaired, incompetent persons, and abused or neglected children. Facilities included in this definition are listed under Health and Safety Code Section 1502.a.1-a.12 and 1502.3, and include, but are not limited to, residential facilities and foster family homes. Excluded from this definition are any house, institution, hotel, homeless shelter, or other similar place that supplies board and room only, or room only, or board only, provided that no resident thereof requires any element of care. Also excluded are recovery houses or similar facilities providing group living arrangements for persons recovering from alcoholism or drug addiction where the facility provides no care or supervision or where the facility provides alcohol and/or drug recovery treatment or detoxification services (HSC 1505, 11834.02).

Community Services. (Use Type.) Facilities and uses provided by public agencies for the community health, safety, and welfare, including fire stations, sheriff sub-stations, post offices, libraries, museums, and governmental offices. *PCD*

Concurrent Applications. Multiple applications for the same project that are processed together, and reviewed and approved, or disapproved, by the review authority.

Condominium. A structure of two or more units, the interior spaces of which are individually owned; the balance of the property (both land and buildings) is owned in common by the owner(s) of the individual units. *PCD*

Congregate Care Facility. (Use Type.) A residential or group care facility, or similar facility providing 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual. See “Community Care Facility”. *HSC*

Conservation Easement. (Use Type.) A voluntary, legal agreement between a property owner and a land trust that permanently limits the use of the property in order to preserve its conservation values.

Convenience Zone. For purposes of locating a certified recycling center, the area within one-half mile radius of a supermarket meeting the definition under the California Public Resources Code Section 14526.5.

Cooking Facilities. Any area within a structure that contains the following: a gas or electric range, stove top and/or oven (not including a microwave oven), or a space that can accommodate the range or stove top and oven; a refrigerator greater than five cubic feet in size; and a standard-sized kitchen sink. *TRPA*

Coverage. A calculation of the area covered by all structures on a lot divided by the lot area. All area coverage calculations shall be computed at ground level and shall not include roof eaves. *ORD*

Cropland. (Use Type.) Irrigated land that is used for grains, alfalfa, or row and truck crops such as tomatoes or other vegetables. *PCD (modified)*

Cross-visibility Area (CVA). For motorist safety purposes, the triangular area that is to be maintained free of impacts to line of sight visibility, formed as follows:

At any Street Corner Intersection. The CVA shall be a triangle having two sides 35 feet long, running along each roadway edge of pavement, said length beginning at their intersection, and the third side formed by a line connecting the two ends.

At an Encroachment onto the Roadway. The CVA shall be a triangle having two sides 15 feet long, running along the driveway/encroachment edge and the roadway edge-of-pavement, said length beginning at their intersection, and the third side formed by a line connecting the two ends.

Defensible Space. The area around a structure or to the property line, whichever is closer, that is maintained in compliance with fire safe standards.

Density. The number of dwelling units per unit of land. *PCD*

Developable Acres, Net. The portion of a site that consists of developable land and which can be used for density calculations for the purposes of determining density bonus. [See Chapter 17.28: Planned Development (-PD) Combining Zone]. *PCD*

Developable Land. Land that can be developed consistent with regulatory limitations, that is suitable as a location for structures and the necessary infrastructure to support the proposed development and that can be developed free of hazard to, and without disruption of, or significant impact on natural resources. *PCD*

Development Plan. The written and graphic materials required for development of a planned development, including but not limited to a written description of a development, a plat of subdivision, all covenants relating to use, location and bulk of buildings and other structures, intensity of use or density of development, streets, walkways, landscaping and parking

facilities, and any other similar material reviewed by the approving authority at the time the planned development is approved. *PCD*

Development Project. Any project undertaken for the purpose of development. It includes a project involving the issuance of any discretionary or ministerial approval or permit, including a permit for construction or reconstruction, but not a permit to operate. *PCD*

Dining Facility. (Use Type) See “Ranch Marketing”. (Portion Ord. 4573, 2001.)

Director. The Development Services Director or designee.

Distillery. A place where fortified alcoholic liquors such as whiskey, vodka and brandy are made by distillation.

Dwelling. (Use Type.) A building or portion thereof used exclusively for residential purposes that constitutes an independent living unit, that has sleeping, eating, and sanitation facilities, but not more than one kitchen, and occupied or intended for use by one household on a long-term basis of more than 30 days. Dwellings may be structures, or modular or mobile units placed on a foundation. Types of dwelling units are further defined as follows:

Multi-unit Residential. A structure designed and intended for occupancy by two or more households living independently of each other, each in a separate dwelling unit, that may be owned individually or by a single landlord. This use includes apartments, condominiums, and co-op housing units.

Single-unit Residential. A structure designed exclusively for occupancy by one household. This use type includes both attached and detached dwelling units as defined below:

Attached. Single-unit residential structures attached to another residential unit where one or more walls, extending from foundation to roof, separate it from adjoining units to form a lot line. Each unit shall have separate kitchen, plumbing and heating systems. This use includes townhouses, row houses, and half-plexes.

Detached. Single-unit residential structures not attached to any other residential unit. This use includes mobile homes and modular units. *PCD modified*

Ecological Preserve. An area officially designated as such on General Plan maps on file in the Development Services Department. [See Section 17.27.060: Ecological Preserve (-EP) Combining Zone]. *PCD*

Ecological Preserve Mitigation. On and off-site mitigation standards that address direct or indirect impacts on rare plants or rare plant habitat and includes the Rare Plant Off-Site Mitigation Program. *PCD*

Emergency Shelter. (aka “Homeless Shelter”) Housing with minimal supportive services for homeless persons within the County that are limited to occupancy on an emergency (not to be confused with disaster) and temporary basis of six months or less. (HSC 50801). *NEW*

Employee Housing. (Use Type.) One or more dwelling units permitted under California Health and Safety Code Section 17021.5 et seq. (See Sections 17.40.120: Commercial Caretaker and Agricultural Employee Housing and 17.40.190: Mobile/Manufactured Homes). *PCD*

Employer-sponsored Child Day Care Center. Any child day care facility at the employer's site of business operated directly or through a provider contract by any person or entity having one or more employees, and available exclusively for the care of children of that employer, and of the officers, managers, and employees of that employer. *HSC*

Equipment Shelter. Roofed enclosure used to protect ground-based equipment cabinets at a wireless antenna site. (Ord. 4589, 2001.) (See Section 17.40.130: Communication Facilities).

Equivalent Occupancy. The number of persons that can occupy a building or use where fixed seating does not exist. *PCD modified*

Farmers’ Market. The temporary use of an off-site location for the sale of food and farm produce by multiple vendors that is usually conducted from parked vehicles or accessory display tables.

Farmland Conservation Contract. Contracts establishing agricultural preserves and zones in compliance with the California Land Conservation Act of 1965 (Williamson Act) and farmland security zone legislation under California Government Code Chapters 51200 and 51296-51297, respectively.

Federal Endangered Species Act. Those federal statutes found at 16 U.S.C. 1531 et seq. and implementing regulations. *PCD*

Fire Code. Those codes regulating fire-safety standards that are currently in use by the County, as adopted by the Board. *New*

Flood, Flooding, or Floodwaters. A general and temporary condition of partial or complete inundation of normally dry land areas from either:

- a. The overflow of inland or tidal waters; or
- b. The unusual and rapid accumulation of runoff of surface waters from any source. *Ord*

Flood Boundary and Floodway Map (FBFM). The official map on which the Federal Emergency Management Agency (FEMA) or Federal Insurance Administration has delineated

both the areas of flood hazard and the floodway. (See Chapter 17.32: Flood Damage Prevention). *Ord.*

Flood Insurance Rate Map (FIRM). The official map on which FEMA or Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community. (See Chapter 17.32: Flood Damage Prevention). *Ord.*

Flood Insurance Study. The official report provided by the Federal Insurance Administration that includes flood profiles, the Flood Insurance Rate Map (FIRM), the Flood Boundary and Floodway Map, and the water surface elevation of the base flood. *Ord.*

Floodproofing. Any combination of structural and nonstructural additions, changes or adjustments to structures that reduce or eliminate flood damage to real estate or improved property, water and sanitary facilities, and contents of structures. *Ord.*

Floodway. The channel of a river or other watercourse and the adjacent land area that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot. The floodway is delineated on the flood boundary floodway map. *Ord.*

Floor Area. See “Gross Floor Area”.

Food and Beverage Retail Sales. (Use Type.) Establishments primarily engaged in the retail sale of food and beverages for off-site consumption, typical uses include grocery stores, liquor stores, and specialty food stores. *PCD*

Free Food Distribution Center. (Use Type.) A location where food is distributed to general public without payments or consideration. *PCD*

Front Yard. An area extending across the full width of a lot between the edge of any road easement or right-of-way and the nearest point of a building. Where a lot adjoins more than one road, all portions of the lot between the building and the road easements or rights-of-way shall be considered front yards. *PCD modified*

Lot Configurations.

Corner. A lot abutting on and at the intersection of two or more road easements or rights-of-way. *APA*

Flag. Lots that are approved with less frontage on a road easement or right-of-way than is normally required under the development standards for the zone and where the “flag pole” portion of the lot is used as an access corridor. *APA*

Through. A lot having its front and rear yards each adjoining a road easement or right-of-way. *APA*

Lot Coverage. The area of a site covered by buildings or roofed areas, excluding projecting eaves, balconies, and similar allowed features. *APA*

Lot Dimensions.

Area. The measurement of the area formed within all property lines of a lot.

Depth. The average horizontal distance between the front and rear property lines. *APA*

Width. The horizontal distance between side property lines measured either as an average for the lot or as a minimum at the front property line in compliance with Section 17.30.030.C (Measurement of Lot Width).

Lot Lines.

Front. The property line adjoining a road easement or right-of-way or that forms the centerline of such roadways.

Corner Lot. All property lines adjoining intersecting road easements or rights-of-way or forming the centerlines of such intersecting roadways are front lot lines.

Through Lot. The property line adjoining that roadway which provides the primary access is the front lot line when a non-vehicular access easement (NVA) is recorded on the opposite property line. When no NVA is recorded, both property lines shall be considered front lot lines.

Rear. The lot line not intersecting a front lot line that is most distant from and most closely parallel to the front lot line. *APA*

Side. Any lot line not a front or rear lot line. *APA*

Lot, Minimum Size. Minimum acreage or square footage of a lot. See “Lot: Area”. *APA*

Lot, Substandard. A lot that has less than the required minimum area or width as established by the zone in which it is located.

Lowest Floor. For the purposes of flood hazard protection, the lowest floor shall be the floor of the lowest enclosed area, including a basement. (See Chapter 17.33: Flood Damage Prevention).

Maintenance and Repair. (Use Type.) All uses that provide maintenance and repair of furniture, appliances, and equipment normally used within a building, exclusive of automotive repair. Typical uses include sewing machine, refrigerator, and upholstery repair. *PCD modified*

Manufactured Housing. Residential structures that are constructed in a factory, and which since June 15, 1976, have been regulated by the federal Manufactured Home Construction and Safety Standards Act of 1974 under the administration of the U.S. Department of Housing and Urban Development (HUD). (See Section 17.40.190: Mobile/Manufactured Homes). *PCD*

Marina. (Use Type.) Facilities for the docking, mooring, or rental of boats to the public. Marinas are divided into the following categories: *PCD*

Motorized Craft. Marinas serving motorized and non-motorized watercraft, including motorboats and personal watercraft. It may so include the sale of gasoline for use in watercraft.

Non-Motorized Craft. Marinas serving non-motorized watercraft only, such as sailboats, canoes, and rowboats.

Medical Services. (Use Type.) Facilities that primarily provide medical or health care services. Medical Use types are further defined as follows: *PCD*

Hospital and Clinics. Facilities that provide out-patient and in-patient medical, surgical, diagnostic, and psychiatric services, including, but not limited to, accessory out-patient radiology, laboratory, therapy and training, pharmaceutical, and emergency medical services.

Typical uses include, but are not limited to, offices for physicians, dentists, physical therapists, chiropractors, and medical or dental laboratories.

Mineral Exploration. (Use Type.) Prospecting and exploratory activities for mineral resources where less than 1,000 cubic yards of material is disturbed. *PCD*

Mineral Production. (Use Type.) The processing of mineral resources extracted on-site or off-site. Processing includes rock crushing, stockpiling, aggregate washing, screening and drying facilities, and wholesale or retail distribution of mineral products. *PCD*

Mining. (Use Type.) The act or process of extracting resources, such as rock, sand, gravel, ores, coal, oil, clay, hydrocarbons, or mineral from the earth. The term also includes quarrying; excavating; drilling; well operation; milling, (such as crushing, screening, washing and flotation), and other preparation customarily done at the mine site or as part of a mining activity. Mining does not include “recreational mining/prospecting” as defined below. Mining use types are divided into the following categories:

Recreational Mining/Prospecting. The extraction of minerals for personal recreation and the use of such devices as pans, rockers, and dredges with intakes eight inches in diameter or less.

Subsurface Mining. The act of mining operations that are conducted below the surface of the ground except for surface access, and vent and escape shafts.

Surface Mining. All, or any part of mining operations that involve the removal of overburden and mining directly from the mineral deposit, open-pit mining of naturally exposed mineral, mining by the auger method, dredging and quarrying, or surface work related to a subsurface mine. (See Chapter 17.29: Mineral Resource Combining Zone, etc.). *PCD*

Mixed Use Development. Properties on which various uses, such as office, commercial, institutional, and residential, are combined in a single building or on a single site in an integrated development project with significant functional interrelationships and a coherent physical design. A "single site" may include contiguous properties. (See Section 17.40.180: Mixed Use Development). *PCD*

Mobile Home. A structure designed for use as a single-unit residential dwelling that is built on a permanent chassis and transportable in one or more sections, and that:

1. Has a minimum of 400 square feet of living space;
2. Has a minimum width in excess of 102 inches;
3. Can be connected to all available permanent utilities; and
4. Is either:
 - a. Tied down to a permanent foundation on a lot either owned or leased by the homeowner;
 - b. Tied down to a temporary foundation, when authorized by a Temporary Mobile Home Permit; or
 - c. Set on piers, with wheels removed and skirted, in a mobile home park. (See Section 17.40.190: Mobile/Manufactured Homes). *PCD*

Mobile/Manufactured Home Park. (Use Type.) Any site that is improved to accommodate two or more mobile or manufactured homes used for residential purposes, on which the underlying land is rented or leased. This term excludes a single-unit residential lot on which a mobile/manufactured home is placed either as a primary dwelling, secondary dwelling, or temporary mobile home in compliance with Section 17.52.060 (Temporary Mobile Home Permit). It includes sites that were converted from rental or lease to a subdivision, cooperative, or condominium complex. (See Section 17.40.190: Mobile/Manufactured Homes). *PCD*

Mobile/Manufactured Home Sales Lots. (Use Type) Retail sales establishments providing outdoor display of mobile or manufactured homes for sale to the public.

Model Home(s). House(s) in a residential subdivision that are open for view to prospective buyers as a marketing tool for similar floor plan(s) within the development. Said model home(s) may or may not be furnished and decorated.

Monopole. A structure of single pole (non-lattice) design erected on the ground to support telecommunications antennae and connection appurtenances. (Ord. 4589, 2001) (See Section 17.40.130: Communication Facilities).

Motorized Vehicle Recreation Area. (Use Type.) Areas and facilities that provide for public recreational use of motor vehicles. Typical uses are off-road vehicle parks, go-cart tracks, motocross courses, and snowmobile rental. *PCD*

Natural Resources. Naturally occurring materials, such as minerals, timber, water sources, vegetation, and agriculturally productive soils that can be used or developed to provide a personal, common, or public benefit. *NEW*

Net Acreage. The remaining area within a development lot or subdivision after deleting all portions for proposed and existing public roadways.

Nonconforming Use, Lot, or Structure. A use, lot, or structure which was compliant at the time of the adoption of the Articles codified in this Title, and which has been made noncompliant by the provisions of the Articles or any amendments thereto. *PCD*

Nuisance. Any use or structure which is injurious to health and safety, or is indecent or offensive to the senses, or an obstruction to the free use of property so as to interfere with the comfortable enjoyment of life or property, or unlawfully obstructs free passage or use, in the customary manner, of any navigable lake or river, bay, stream, canal or basin or any public park, square, street or highway. For the purpose of enforcement of the provisions of this Title, the Director or his designee shall make the determination whether a use constitutes a nuisance as defined herein. *PCD*

Professional offices such as accounting and bookkeeping services, advertising agencies, architectural and engineering services, attorneys, data processing and computer services, secretarial services, administrative offices, insurance agencies, real estate agencies, public relations, and consulting firms, photography and commercial art studios, telecommuting centers, and writers' offices. *PCD*

Off-Highway or Off-Road Vehicle Recreation Area, Commercial. Any area where motorized vehicles are driven for recreational use or for competitive speed or skill events, of which all or a portion of the vehicular use is conducted outside of road easements or public rights-of-way. *NEW*

Open Space. An area used or dedicated for recreation, resource protection, amenities, or buffers. Types of open space are further defined as follows:

Private. Open space on private land where access is restricted to the property owner and representatives of specified governmental agencies. *New*

Common. Open space within a development plan that is designated and intended for the use or enjoyment of all of the owners or occupants of the development. Common open space may contain such complementary structures and improvements as are necessary, desirable, or appropriate for the benefit and enjoyment of the owners or occupants of the development. Ownership of common open space is held by a homeowners association or similar organization and access is usually restricted to property owners and residents of the development and their guests. *PCD modified*

Public. Open space which is available to the general public, such as parks, wildlife habitat, and natural resource conservation areas. Public open space is typically owned and managed by a governmental agency that may restrict access to further its management goals. See also "Public Benefit". *GP Modified*

Orchard and Vineyards. (Use Type.) The cultivation of fruit trees, nut trees, or grape vines for the commercial sale of their agricultural produce. *PCD*

Ordinary High Water Mark (OHWM). The line on the shore in non-tidal areas established by the fluctuations of water and indicated by physical characteristics such as a clear, natural line impressed on the bank; shelving; changes in the character of soil; destruction of terrestrial vegetation; the presence of litter and debris; or other appropriate means that consider the characteristics of the surrounding area. *Interim Guidelines*

Outdoor Retail Sales. See "Retail Sales and Service – Outdoor".

Packing. (Use Type.) The handling of fruit, grain, vegetables, trees, and other crops to ready it for shipping and sales without changing the nature of the product. Types of packing are further defined as follows: *PCD*

On-site Product. The handling of agricultural products produced on the same lot of land which the packing facility is located, or on adjacent lots under the same ownership, lease, or management.

Off-site Product. The handling of agricultural products produced on a lot of land different from that on which the packing facilities are located.

Panel Antenna. Flat, conical or round surface receiving and/or transmitting device typically covering one of three 120-degree sectors, and used to concentrate a radio signal into or from that sector. (Ord. 4589, 2001.) (See Section 17.40.130: Communication Facilities).

Parking Lots, Public. (Use Type.) Publicly and privately owned and operated areas available for general public use for the parking of motor vehicles including park and ride lots, leased parking, and hourly or daily parking. *PCD/APA*

Parks. (Use Type.) Areas dedicated and used for passive and active recreation operated by a public agency and open to the public. Typical uses are playgrounds, ball fields, and picnic areas. Parks are divided in the following categories: *PCD*

Day Use. Parks intended for use only during daylight hours. It precludes lighting for ball fields and play structures except as may be necessary for public safety or security purposes.

Nighttime Use. Parks designed and intended for activities to be carried on after sunset, such as lighted ballfields and tennis courts.

Picnic Area. (Use Type.) Areas providing picnic tables and other facilities for day use outdoor eating, either as a primary use or accessory to other use types. *PCD*

Pine Hill Endemics. Plants found in serpentine or gabbroic soils that are listed as rare, threatened, or endangered on a state or federal list prepared under the Federal or California Endangered Species Acts or identified as species of special concern. This term includes the following species:

El Dorado bedstraw	Galium californicum ssp. sierrae
Laynes butterweed	Senecio layneae
Pine Hill ceanothus	Ceanothus roderickii
Pine Hill flannel bush	Fremontodendron californicum ssp. decumbens
Stebbins morning glory	Calystegia stebbinsii
Bisbee Peak rush rose	Helianthemum suffrutescens
El Dorado mule ears	Wyethia reticulata
Red Hills soaproot	Chlorogalum grandiflorum

Ord. 4500 modified

Planned Development. Land under unified control to be planned and developed as a whole in a single development operation or as a programmed series of development operations or phases. A planned development is built according to general and detailed development plans that include not only streets, utilities, lots, and building locations, but also construction, use, and relationships of buildings to one another, and plans for other uses and improvements on the land, such as common or public open space areas. A planned development includes a program for the provision, operation, and maintenance of such areas, facilities, and improvements that will be provided for common use by the occupants of the planned development or for use by the general public. (See Chapter 17.28: Planned Development). *PCD*

Pool House (or Cabana). A residential accessory structure associated with a private swimming pool, containing changing area(s) and restroom facilities, but which does not contain sleeping quarters or cooking facilities, and is not intended for permanent occupancy. *PCD*

Prepared Food Stand. See “Ranch Marketing.”

Printing and Publishing. (Use Type.) Establishments engaged in printing by letterpress, lithography, engraving, screen, offset or similar process, but not including xerographic copying and other “quick printing” services. It also includes the publishing of newspapers, books, and periodicals where the printing is done on the premises. *PCD*

Produce Sales. (Use Type.) The public sale of agricultural products grown on the same property where the sale is being conducted. This term specifically excludes the sale of products grown off-site and processed products. (See Section 17.40.240: Produce Sales). *PCD*

Produce Stand. Producer owned and operated facility for the sale of produce grown on the same site or as part of a shared multi-farm operation. (See Section 17.40.240: Produce Sales). *NEW*

Public Benefit. A benefit enjoyed by the general public. When applied to lands set aside for public benefit in order to utilize the density bonus provisions of Section 17.28.060 (Planned Development Combining Zone), it shall be considered open space for public use, such as parks and trail easements, or for the public good and not necessarily for public use, such as natural resource conservation areas and wildlife habitat areas. *PCD Modified*

Public Utility Lines and Facilities. Public utility towers and structures supporting power lines of 50 kilovolts (kV) potential and greater, trunk telephone lines and supporting structures, sewer and water lines of 12 inches or more inside diameter, natural gas pipe of six inches or more inside diameter, sewer and water lift stations, telephone equipment buildings, and natural gas storage and distribution facilities. (See Section 17.40.250: Public Utilities). *PCD*

Public Utility Structures and Services. (Use Type.) Structures and facilities necessary to provide the community with power, water, sewage disposal, telecommunications, and similar facilities and services. Public Utility Structures and Services are divided in the following categories: (See Section 17.40.250: Public Utilities). *PCD*

Intensive. Public Utility structures and facilities that may have the potential to cause impacts from noise, lights, odors, or the use of hazardous materials, typical uses include electrical receiving or substations, sewage treatment facilities, and power generating facilities.

Minor. Minor structures such as water, sewer and gas pipelines and pump stations, telephone and electrical distribution lines 12 kilovolts (kV) or less, and drainage facilities.

Qualified Professional. A professional specializing in the following categories of natural sciences:

Certified Arborist. A person certified by the International Society of Arboriculture (ISA), American Society of Consulting Arborists (ASCA), or other recognized professional organization of arborists who provides professional advice and is a licensed professional to do physical work on trees.

Certified Rangeland Manager. A person licensed by the State of California through the California State Board of Forestry who applies scientific principles to the art and science of managing rangelands and is recognized by the California Section of the Society for Range Management as meeting the education, experience, and ethical standards for professional rangeland managers.

Qualified Biologist. A person who has a BA/BS or advanced degree in biological sciences or other degree specializing in the natural sciences; professional or academic experience as a biological field investigator; taxonomic experience and knowledge of plant and animal ecology; familiarity with plants and animals of the area including species of concern; and familiarity with the appropriate County, State, and Federal policies and protocols relating to special-status species and biological surveys, as determined by the Director of Development Services.

Qualified Hydrologist. A person who has a BA/BS or advanced degree in hydrology or other degree specializing in the scientific study of the properties, distribution, and effects of water on the earth's surface, in the soil and underlying rocks, and in the atmosphere, as determined by the Director of Development Services

Registered Professional Forester (RPF). A person licensed by the State of California to perform professional services that require the application of forestry principles and techniques to the management of forested landscapes. RPFs have an understanding of forest growth, development, and regeneration; forest health; wildfire; soils, geology, and hydrology; wildlife and fisheries biology; and other forest resources. *OW Conservation Ordinance modified*

Radio Frequency. Of, or pertaining to, any frequency within the electromagnetic spectrum normally associated with radio wave propagation. Cellular and personal communication services wireless networks operate in the 824-894 Megahertz (MHz) and the 1850-1990 MHz ranges, respectively. (*Ord. 4589, 2001*) (See Section 17.40.130: Communication Facilities).

Ranch Marketing. (Use Type.) Commercial activities on a site qualifying as a bona fide agricultural operation, as determined by the Agricultural Commissioner, including packing and processing of agricultural products and edible byproducts grown on site, and the following types of uses:

Bake Shop. A facility for the preparation and consumption of food items in which agricultural products grown on site are used as a main ingredient for at least one of the baked goods, such as apples used to make apple pies, apple turnovers, or other apple pastries. Baked goods made from other ingredients may be offered for sale concurrently with goods made from produce grown on site. (Portion Ord. 4573, 2001.)

Dining Facility. An establishment where food, other than that produced on the premises (such as at a Bake Shop), is prepared and served to the public in an established seating area. (Portion of Ord. 4573, 2001.)

Retail Sales and Service use types are divided into the following categories:

Indoor. Those retail sales establishments where merchandise is displayed and sales are conducted entirely within a building. Typical sales uses include hardware, auto parts, drug and discount, furniture, and sporting goods stores, and bakeries.

Outdoor. Those retail sales establishments where merchandise is displayed and sales are conducted entirely or partially outside of a building, such as landscape materials, lumber and construction material, and plant nursery sales.

Personal Services. Establishments engaged in the provision of services relating to personal improvement or appearance, such as barber shops, beauty salons, therapeutic message parlors, tailors, shoe repair shops, self-service laundries, and dry cleaners.

Temporary Outdoor Sales. The retail sales of merchandise displayed outside of a building or structure on a specified, temporary basis. Typical uses include sidewalk or parking lot sales, and farmers' markets. (See also "Seasonal Sales.") *PCD*

Ridge. A raised land formation, such as a long narrow hilltop or range of hills.

Ridgeline. (1) A line connecting the highest points along a ridge and separating drainage basins or small-scale drainage systems from one another; or (2) The intersection of two roof surfaces forming the highest horizontal line of the roof.

River Put-In- and Take-Out. (Use Type.) Sites and facilities for the put-in and take-out of rafts, canoes, kayaks, and other non-motorized watercraft primarily on the South Fork of the American River, which serve commercial outfitters or are open to the general public. *PCD*

Roads. As used in this Title, roads shall be categorized as follows:

Easement. A grant by the property owner of the use of his/her property to another person, the general public, or an entity such as a homeowner's association for transit, access, or egress purposes where legal title to the underlying land is retained by the property owner for all other purposes. A "prescriptive easement" can be claimed after

continuous and open use by the non-owner against the rights of the property owner for a period of five years.

Right-of-Way. A strip of land acquired by fee title or easement that is occupied or intended to be occupied by certain transportation and/or public use facilities, such as roadways, walkways, trails, railroads, and/or utility lines, whether or not the entire area is actually used for such purpose(s). *NEW*

Rooming House. (Use Type.) A single-unit or multi-unit dwelling where two or more individual bedrooms are rented by the property owner or manager in residence, for a period exceeding 30 days, whether or not meals are provided, provided that no resident thereof requires any element of care. *PCD modified*

Salvage and Wrecking Yards. (Use Type.) Establishments engaged in the dismantling of automobiles and other vehicles, equipment, machinery, or appliances; and the storage, sale, or dumping of such material and other materials, such as tires or scrap metal. *PCD*

Schools. (Use Type.) Educational facilities and institutions including classrooms and associated administration offices, playgrounds, and assembly areas. Schools are divided into the following categories:

Colleges and Universities. Institutions of higher education operated by a public or private agency granting associated arts degrees, certificates, undergraduate and graduate degrees, and requiring at least at high school diploma or equivalent general academic training for admission.

Elementary and Secondary, Private. Schools operated by a private company, non-profit, or religious entity providing education to students from kindergarten through grade 12, excluding those categorized under Specialized Education and Training.

Elementary and Secondary, Public. Schools operated by a public school district serving students from kindergarten through grade 12. *PCD modified*

Seasonal Sales. The off-site, outdoor, wholesale or retail sale of seasonal, holiday-related products, such as pumpkins and Christmas trees.

Secondary Dwelling. (Use Type.) A residential unit, either attached or detached, with independent living, sleeping, dining, kitchen, and sanitation facilities that is accessory to the primary dwelling on a lot zoned for single-unit residential development. (See Section 17.40.300: Secondary Dwellings). *PCD*

Self Storage (Mini-storage). See “Storage, Self”.

Septic System. An on-site sewage disposal system, including any combination of septic tanks and leaching or evaporative systems or areas, subject to the requirements of the El Dorado County Environmental Management Department. *INT*

Shade Structure. Awnings, arbors, gazebos, and similar structures used to provide shade, either attached to another structure or free-standing. See “Structure, arbor”. *PCD*

Sign. A structure or device designed or intended to convey information to the public in written or pictorial form. Sign categories include the following:

Free-standing. A sign supported by one or more poles, columns, or braces placed in or on the ground and not attached to any building or structure. *PCD*

Monument. A sign placed upon a monument made of stone, masonry, or similar material and where such monument is not an integral part of a building or wall. *PCD*

Off-premises. A sign that advertises a use, product, or service conducted or available at a location other than the lot on which the sign is located, or that otherwise conveys information unrelated to an authorized activity on the lot on which the sign is located. *PCD*

Portable. A sign not permanently affixed to the ground or to a building, including any sign attached to or displayed on a vehicle that is used for the expressed purpose of advertising a use, product or service, when that vehicle is so parked as to attract the attention of the motoring or pedestrian traffic. *PCD*

Projecting. A sign that is attached to and projects more than six inches from the wall or face of a building or structure. *PCD*

Roof. A sign erected upon or attached to a roof or roof eave and extending above any portion of the roof. *PCD*

Temporary. A sign intended for use for a limited period of time, including banners, balloons, flags, pennants, and similar devices. *PCD*

Wall. A sign that is attached to a wall of a building. *NEW*

Ski Area. (Use Type.) Land areas and facilities to accommodate downhill (alpine) skiing and snowboarding, it includes ski lifts, day lodge, and restaurant facilities, but not overnight accommodations. *PCD*

Slaughterhouse. (Use Type.) Establishments engaged in the commercial butchering of animals, including facilities dedicated for dead animal reduction and fat rendering. *PCD modified / Sac Co.*

Slope. The land gradient described as the vertical rise divided by the horizontal run and expressed in percent. *GP*

Solar Collection Systems. Any solar panel system or structural design feature whose primary purpose is to provide for the collection, storage, and distribution of solar energy for space heating or cooling; for domestic, recreational, therapeutic, or service water heating; and for the generation of electricity. Generally, solar collection systems include active thermal systems

and/or passive thermal systems. Active thermal systems include the use of photovoltaic panels or solar thermal collectors, with electrical or mechanical equipment to convert sunlight into useful outputs. Passive solar techniques include orienting a building to the sun, selecting materials with favorable thermal mass or light dispersing properties, and designing spaces that naturally circulate air. Active thermal systems increase the supply of energy, while passive solar techniques reduce the need for alternate resources. *NEW*

Snow Play Area. (Use Type.) Areas used for snow play without developed facilities such as rope tows or ski lifts. *PCD*

Special Events. (Use Type.) Temporary events that are usually held outdoors whether or not for compensation, such as auctions, carnivals, rodeos, concerts, and religious revival meetings. Special events may be further defined based on the use types below:

Special Events, Wineries. Events held on site that are not considered to be tasting or marketing activities, as described in Section 17.40.400 (Wineries), such as charitable, promotional, or facility rental events, including those listed under “Special events, Ranch Marketing”, below.

Special Events, Ranch Marketing. Events such as weddings, parties, company picnics, birthdays, reunions, or other social gatherings. *PCD/NEW*

Specialized Education and Training. Private establishments providing training or education programs where all activities are carried on inside a building. Typical uses include, but are not limited to vocational schools, drama, dance or music studios, language schools, and computer training centers. *PCD*

Special Flood Hazard Area. An area having special flood or flood-related erosion hazards, as shown on the Flood Hazard Base Map (FHBM) or Flood Insurance Rate Map (FIRM) as Zone A1 – A9, A14, A24, and B. *PCD*

Stable. Stables are divided into the following categories:

Commercial or Riding. (Use Type.) Facility for keeping horses available to the public for hire. This may also include larger facilities that specialize in equestrian training, exhibitions, and boarding; and their accessory structures, such as arenas, spectator stands, and training facilities. Commercial stables do not include the keeping of horses for personal use, training, or horse boarding consistent with a home occupation. *PCD*

Private. An accessory building to a primary residential use that is used to shelter horses and other domestic farm animals for the exclusive use of the property owner or occupant, or for training and horse boarding consistent with a home occupation. (See Article 4. Section 17.40.170: Home Occupations). *PCD*

Start of Construction. The date the building permit was issued, provided the actual construction, repair, reconstruction, placement, or other improvement was within 180 days of

the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. For the purposes of floodplain management, permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of street or walkways; nor does it include excavation for a basement, footing, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For other purposes, permanent construction shall include all of the above activities. *PCD*

Storage, Self. (Use Type.) A building or group of buildings in a controlled access and fenced compound that contains varying sizes of individual, compartmentalized, and controlled access units, stalls, or lockers for the storage of customers' goods or wares. (See Article 4.xx: Storage Facilities) *APA*

Storage Yards: Vehicle, Equipment, and Material. (Use Type.) All uses related to outdoor storage of large construction equipment or machinery, company vehicles, and materials produced or constructed on site for off site sales and/or delivery. Parking lots accommodating the personal vehicles of employees or visitors to the site are not included in this definition. Equipment and Materials Storage Yards are divided into the following categories:

Permanent. Those storage yards that are intended to be used on a permanent or long-term basis including, but not limited to, contractor's storage yard(s), corporation yards, and incidental outside storage associated with transportation corridor, manufacturing, and resource extraction operations.

Temporary. Those storage yards that serve a single construction project and which shall be removed after a specified period of time. *PCD*

Stream. A natural or man-made channel through which water flows. It does not include channels and ditches lined with concrete or similar impervious material that are devoid of riparian vegetation, nor does it include underground drainage and sewer systems. The term can be interchangeable with "watercourse" or "river". Types of streams are as follows:

Intermittent. Defined and normally flowing for at least 30 days after the last major rain of the season and dry the remainder of the year. *INT*

Perennial. Either shown on the USGS 7.5 minute map series as a solid blue line or normally flowing year round. *PCD*

Structure. (New) Something built or erected from multiple parts, such as a building, bridge, framework, or other object, and is 30 inches or greater in height at its tallest point, as measured from the finished grade directly below said point. Specific types of structures are further defined as follows:

Accessory. A subordinate building detached from and incidental to the principal building on the same lot. In this instance, “detached” shall mean not sharing a common wall with any portion of the principal building. For example, a breezeway connecting two buildings does not create a shared common wall between them; therefore the buildings are considered detached from each other. (See Article 4, Section 17.40.030: Accessory Structure and Uses). *PCD*

Agriculture. (Development Standards) Any structure associated with agricultural activities on a lot including, but not limited to barns, stables, and animal shelters; storage facilities for animal feed, farm machinery, and chemicals; and buildings to contain growing, processing, packing, storage, and sale of an agricultural product. For purposes of determining development standards as to setbacks, the use of any portion of a building for any of the agricultural purposes listed herein causes the entire building to be treated as an agricultural structure. *NEW*

Arbor. A structure used to support vegetation that forms a covered area from interwoven leaves and branches in order to provide shade. *NEW*

Building. A structure having a roof supported by columns or by walls, and designed for the shelter or housing of any person, animal, use, or personal property. *Source: 17.060.050(K) modified.*

Historic. Any structure that is:

1. Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
2. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
3. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of Interior; or
4. Individually listed on the County inventory of historic places, if and when a historic preservation program has been certified either by an approved state program as determined by the Secretary of the Interior or directly by the Secretary of the Interior in states without approved programs. *Flood Damage Prevention Ord.*

Trellis. A framework for the support of climbing vegetation that differs from an arbor in that it does not provide a covered area. *NEW*

Studio. See “Workshop”.

Substantial Damage.

1. Damage of any origin sustained by a structure whereby the cost of restoring the structure to its before-damaged condition would equal or exceed 50 percent of the market value of the structure before damage occurred; or
2. Flood-related damages sustained by a structure on two separate occasions during a 10-year period for which the cost of repairs at the time of each such event, on the average, equals or exceeds 25 percent of the market value of the structure before the damage occurred. This is also known as ‘repetitive loss.’

Substantial Improvement. Any repair, reconstruction, or improvement to a structure, the cost of which exceeds 50 percent of the market value of the structure, before the “start of construction” of the improvement. This term includes structures which have incurred “substantial damage” regardless of the actual repair work performed. The term does not include any alteration of a “historic structure” provided the alteration will not preclude the structure’s continued designation as a “historic structure.” *NEW*

Swimming Pool, Public. (Use Type.) Publicly owned swimming pools and pools that are part of a private recreation facility operated by a membership club or a homeowners’ association, as part of a subdivision. *PCD Modified*

Tandem Parking. Two or more parking spaces aligned end to end so that a vehicle occupying one space must move to access the second space. *PCD*

Technical Advisory Committee. A committee consisting of the Department staff assigned to a project and representatives of other county, local, and state agencies having jurisdiction or interest in the project. *NEW*

Temporary Mobile Home. (Use Type.) A mobile or manufactured home placed on a single-unit residential lot, as a temporary dwelling unit accessory to an existing primary dwelling. (See Sections 17.40.190: Mobile/Manufactured Homes and 17.52.060: Temporary Mobile Home Permit). *PCD*

Temporary Use. A short-term activity lasting more than one hour within any 24-hour period, not usually requiring permanent structures, and not exceeding the frequency of use allowed in Section 17.52.070 (Temporary Use Permit). *NEW*

Tennis Courts, Public. (Use Type.) Publicly owned tennis courts and tennis courts that are part of a private recreation facility operated by a membership club or a homeowners’ association, as a part of a subdivision. *PCD Modified*

Timber. (Use Type.) The growing and harvesting of trees, whether planted or of natural growth, standing or down, including Christmas trees and nursery stock for restocking commercial forest land. *Ord: 17.44.030.A*

Top of Bank. The visible high water mark of any lake, stream, or other body of water where the presence and action of the water are so common and usual and so long continued in all ordinary years as to mark upon the soil. (See Section 17.30.040: Setback Requirements and Exceptions).

Tower, Communications. A free-standing lattice work structure, pole, monopole, or guyed tower used to support antennae. (Ord. 4589, 2001.) (See Section 17.40.130: Communication Facilities).

Trade Schools. Private establishments providing vocational training or education programs of an industrial nature where activities can be carried on inside or outside of a building. Typical uses include, but are not limited to training in auto repair, welding, or truck driving. *NEW*

Trail Head Parking or Staging Area. (Use Type.) Parking lots, restrooms, and similar non-commercial facilities for the convenience of hikers, equestrians, cyclists, and skiers at a trail head or intersection of a trail and road easement or right-of-way. *PCD*

Trails, Non-motorized. A path or track linking other paths and points of interest for the use of non-motor vehicle traffic, such as hiking or horseback riding.

Transitional Housing. (Use Type.) A dwelling unit or building used for temporary housing for up to 24 months that is exclusively designated and targeted for recently homeless persons. Transitional housing differs from an “emergency shelter” in that it includes self-sufficiency development services, with the ultimate goal of moving recently homeless persons to permanent housing as quickly as possible. Rents and service fees are limited to an ability-to-pay formula reasonably consistent with U.S. Dept. of Housing and Urban Development requirements for subsidized housing for low-income persons. Rents and service fees paid for transitional housing may be reserved, in whole or in part, to assist residents in moving to permanent housing. (HSC 50801)

Trellis. See “Structure”.

Undevelopable Land. Land that is not suitable as a location for structures and infrastructure, such as (1) Lakes, rivers, and perennial streams; (2) Wetlands that meet the Army Corps of Engineers definition of jurisdictional wetlands; (3) Areas with 30 percent or steeper slopes; (4) Areas encumbered by road and/or public utility easements; or (5) Other land that cannot be developed because of regulatory limitations that would preclude structures or infrastructure. *PCD Modified*

Use, Accessory. See “Accessory Structures and Uses”.

Vacation Home Rental. (Use Type.) See “Lodging Facilities”.

Vehicle, Heavy Commercial. Vehicles used for commercial purposes that typically exceed the size and weight of passenger vehicles and generate additional noise. These vehicles include, but are not limited to tow trucks, dump trucks, truck tractors with or without semitrailers, flat bed trucks over one ton load capacity, fork lifts, front end loaders, backhoes, logging vehicles, graders, bulldozers, and other similar construction equipment. Heavy commercial vehicles do not include pickup trucks of one ton load capacity or less. *PCD*

Warehouse. See “Wholesale Distribution”.

Water Feature. A design element where open water performs an aesthetic or recreational function. Water features include ponds, lakes, waterfalls, fountains, artificial streams, spas, and swimming pools where water is artificially supplied. Constructed wetlands used for on-site wastewater treatment or stormwater best management practices that are not irrigated and used solely for water treatment or stormwater retention are not water features. *NEW*

Wells. (Land use.) Private water wells used for domestic consumption or for irrigation use for residential or agricultural purposes. *PCD*

Wet Bar. A single, bar-sized sink with minimal cabinets and counters. A wet bar shall not include a gas or electric range, stove top, or oven (not including a microwave oven); a refrigerator in excess of 5 cubic feet in size; or a standard-sized kitchen sink. *TRPA modified*

Wetland. Land that qualifies as a jurisdictional wetland by displaying hydric soils, hydrophilic plants, and wetlands hydrology, as defined by the U.S Army Corps of Engineers. Wetlands include those areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. *INT*

Wholesale Distribution. (Use Type.) Establishments engaged in wholesaling, storage, warehousing, and bulk sale distribution. It does not include uses classified under “Equipment and Materials Storage Yard”. *PCD*

Williamson Act Contract. (Use Type.) A contract authorized under the California Land Conservation Act of 1965 (Government Code Section 51200 et seq.) permitting the preservation of land devoted to agriculture and its compatible uses for a minimum term of 10 years, in return for a tax assessment based on its agricultural use rather than its market value (See Section 17.40.050: Agricultural Preserves and Zoning, etc). *NEW*

Wineries. (Use Type.) Facilities producing and bottling wine for sale (See Section 17.40.400 Wineries). Wineries are divided into the following categories:

Production Facilities. Those facilities used for production and bottling without tasting room and accessory retail sales facilities.

Full-service Facilities. Those facilities used for production, bottling, wine tasting, and retail sales of wine and other incidental goods. *PCD*

Workshop. A residential accessory structure typically associated with craftwork, hobbies, woodwork, artwork, and similar activities by the property owner or lessor, which does not contain sleeping quarters or kitchen facilities, and is not intended for permanent occupancy.
NEW
