

November 8, 2012

The Honorable Tom McClintock  
8700 Auburn-Folsom Road, Suite 100  
Granite Bay, CA 95746

Dear Congressman McClintock:

We would like to invite you to a special ribbon cutting ceremony to open the Missouri Flat Road Interchange Phase 1B Project and 4.5 miles of new HOV lanes from the U.S. 50 HOV Lanes Phase 2A Project. We would be honored to have you participate in this event, which will be held on Tuesday, November 27<sup>th</sup>, beginning at 11:00 AM at the Mother Lode Park-and-Ride Lot at the intersection of Missouri Flat Road and Mother Lode Drive in Placerville.

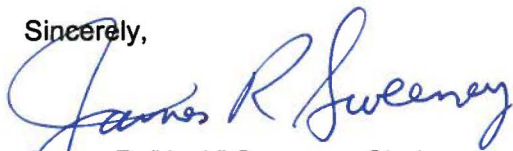

Caltrans and the California Transportation Commission (CTC) have shown tremendous support to El Dorado County and the region by programming approximately \$100 million to projects on the U.S. 50 Corridor within El Dorado County. The following projects would not have happened without the support of Caltrans and the CTC:

- U.S. 50 HOV Lanes Phase 0, \$15,500,000, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 1, \$20,000,00, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 2A, \$9,500,000, State Proposition 1B Bond
- Western Placerville Interchanges Phase 1A, \$6,000,000, State Proposition 1B Bond
- Missouri Flat Interchanges Phase 1B, \$27,500,000, State Transportation/Improvement Program
- Missouri Flat Interchanges Phase 1B, \$2,864,000, State Highway Operation Protection Program
- Missouri Flat Interchanges Phase 1B, \$5,173,000, Federal Recovery Act
- U.S. 50 Roadway Rehabilitation: Bass Lake Road to SR 49, \$13,000,000, State Highway Operation Protection Program

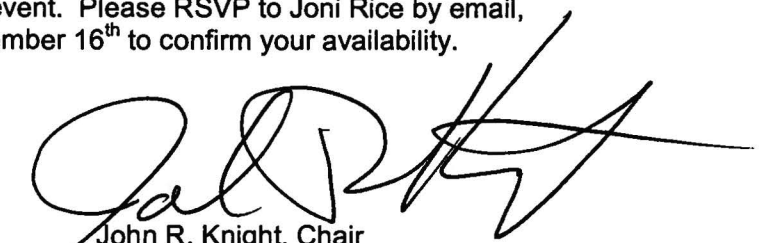

These projects provided a significant boost to the regional economy by creating over 1,800 jobs and improved access to goods, services, and employment by improving travel conditions on U.S. 50, including reducing the travel time for El Dorado Transit Authority's bus service by as much as 24 minutes from Placerville to downtown Sacramento. Additionally, the more than \$16 million in state maintenance funds spent on U.S. Highway 50 in El Dorado County have helped maintain the public's investment in California's transportation system.

We greatly appreciate working together in partnership with you, Caltrans, and the CTC and look forward to the opportunity to thank you for your strong support of key transportation projects in El Dorado County. We hope to hear from you soon to confirm your participation and to coordinate the logistics of your visit. Please note that we have also invited Senator Gaines, Assemblymember Gaines, the Caltrans Director, CTC Commissioners, the CTC Executive Director, as well as local elected officials to join us for our celebration. In addition, Sharon Scherzinger, Executive Director of the El Dorado County Transportation Commission, as well as other agency executives, will be on hand for the event. Please RSVP to Joni Rice by email, [jrice@edctc.org](mailto:jrice@edctc.org), or by phone 530-642-5260 by November 16<sup>th</sup> to confirm your availability.

Sincerely,

James R. "Jack" Sweeney, Chair  
El Dorado County Transportation Commission

- Missouri Flat Interchanges Phase 1B, \$5,173,000, Federal Recovery Act
- U.S. 50 Roadway Rehabilitation: Bass Lake Road to SR 49, \$13,000,000, State Highway Operation Protection Program

These projects provided a significant boost to the regional economy by creating over 1,800 jobs and improved access to goods, services, and employment by improving travel conditions on U.S. 50, including reducing the travel time for El Dorado Transit Authority's bus service by as much as 24 minutes from Placerville to downtown Sacramento. Additionally, the more than \$16 million in state maintenance funds spent on U.S. Highway 50 in El Dorado County have helped maintain the public's investment in California's transportation system.

We greatly appreciate working together in partnership with you, the CTC, and Caltrans and look forward to the opportunity to thank you for your strong support of key transportation projects in El Dorado County. We hope to hear from you soon to confirm your participation and to coordinate the logistics of your visit. Please note that we have also invited the CTC, Caltrans Executive Director, Caltrans District 3 Director, as well as state, federal, and local elected officials to join us for our celebration. In addition, Sharon Scherzinger, Executive Director of the El Dorado County Transportation Commission, as well as other agency executives, will be on hand for the event. Please RSVP to Joni Rice by email, [jrice@edctc.org](mailto:jrice@edctc.org), or by phone 530-642-5260 by November 16<sup>th</sup> to confirm your availability.

Placerville, CA 95667

Dear Commissioner Nutting:

We would like to invite you to a special ribbon cutting ceremony to open the Missouri Flat Road Interchange Phase 1B Project and 4.5 miles of new HOV lanes from the U.S. 50 HOV Lanes Phase 2A Project. We would be honored to have you participate in this event, which will be held on Tuesday, November 27<sup>th</sup>, beginning at 11:00 AM at the Mother Lode Park-and-Ride Lot at the intersection of Missouri Flat Road and Mother Lode Drive in Placerville.

As you know, the California Transportation Commission (CTC) and Caltrans have shown tremendous support to El Dorado County and the region by programming approximately \$100 million to projects on the U.S. 50 Corridor within El Dorado County. The following projects would not have happened without your leadership and support as a member of the EDCTC:

- U.S. 50 HOV Lanes Phase 0, \$15,500,000, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 1, \$20,000,00, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 2A, \$9,500,000, State Proposition 1B Bond
- Western Placerville Interchanges Phase 1A, \$6,000,000, State Proposition 1B Bond
- Missouri Flat Interchanges Phase 1B, \$27,500,000, State Transportation/Improvement Program
- Missouri Flat Interchanges Phase 1B, \$2,864,000, State Highway Operation Protection Program
- Missouri Flat Interchanges Phase 1B, \$5,173,000, Federal Recovery Act
- U.S. 50 Roadway Rehabilitation: Bass Lake Road to SR 49, \$13,000,000, State Highway Operation Protection Program

These projects provided a significant boost to the regional economy by creating over 1,800 jobs and improved access to goods, services, and employment by improving travel conditions on U.S. 50, including reducing the travel time for El Dorado Transit Authority's bus service by as much as 24 minutes from Placerville to downtown Sacramento. The Honorable Mark DeSaulnier  
Member of the Senate  
State Capitol, Room 5035  
Sacramento, CA 95814

Dear Mr. DeSaulnier:

We would like to invite you to a special ribbon cutting ceremony to open the Missouri Flat Road Interchange Phase 1B Project and 4.5 miles of new HOV lanes from the U.S. 50 HOV Lanes Phase 2A Project. We would be honored to have you participate in this event, which will be held on Tuesday, November 27<sup>th</sup>, beginning at 11:00 AM at the Mother Lode Park-and-Ride Lot at the intersection of Missouri Flat Road and Mother Lode Drive in Placerville.

As you know, the California Transportation Commission (CTC) has shown tremendous support to El Dorado County and the region by programming approximately \$100 million to projects on the U.S. 50 Corridor within El Dorado County. The following projects would not have happened without the support of the CTC:

- U.S. 50 HOV Lanes Phase 0, \$15,500,000, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 1, \$20,000,00, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 2A, \$9,500,000, State Proposition 1B Bond
- Western Placerville Interchanges Phase 1A, \$6,000,000, State Proposition 1B Bond
- Missouri Flat Interchanges Phase 1B, \$27,500,000, State Transportation/Improvement Program
- Missouri Flat Interchanges Phase 1B, \$2,864,000, State Highway Operation Protection Program
- Missouri Flat Interchanges Phase 1B, \$5,173,000, Federal Recovery Act
- U.S. 50 Roadway Rehabilitation: Bass Lake Road to SR 49, \$13,000,000, State Highway Operation Protection Program

These projects provided a significant boost to the regional economy by creating over 1,800 jobs and improved access to goods, services, and employment by improving travel conditions on U.S. 50, including reducing the travel time for El Dorado Transit Authority's bus service by as much as 24 minutes from Placerville to downtown Sacramento. Additionally, the more than \$16 million in state maintenance funds spent on U.S. Highway 50 in El Dorado County have helped maintain the public's investment in California's transportation system.

We greatly appreciate working together in partnership with you, the CTC, and Caltrans and look forward to the opportunity to thank you for your strong support of key transportation projects in El Dorado County. We hope to hear from you soon to confirm your participation and to coordinate the logistics of your visit. Please note that we have also invited your Executive Director, the Caltrans Executive Director, as well as state, federal, and local elected officials to join us for our celebration. In addition, Sharon Scherzinger, Executive Director of the El Dorado County Transportation Commission, as well as other agency executives, will be on hand for the event. Please RSVP to Joni Rice by email, [jrice@edctc.org](mailto:jrice@edctc.org), or by phone 530-642-5260 by November 16<sup>th</sup> to confirm your availability.

We would be honored to have you participate in this event, which will be held on Tuesday, November 27<sup>th</sup>, beginning at 11:00 AM at the Mother Lode Park-and-Ride Lot at the intersection of Missouri Flat Road and Mother Lode Drive in Placerville.

As you know, the California Transportation Commission (CTC) has shown tremendous support to El Dorado County and the region by programming approximately \$100 million to projects on the U.S. 50 Corridor within El Dorado County. The following projects would not have happened without your leadership and support as Chair of the CTC:

- U.S. 50 HOV Lanes Phase 0, \$15,500,000, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 1, \$20,000,00, State Proposition 1B Bond
- U.S. 50 HOV Lanes Phase 2A, \$9,500,000, State Proposition 1B Bond
- Western Placerville Interchanges Phase 1A, \$6,000,000, State Proposition 1B Bond
- Missouri Flat Interchanges Phase 1B, \$27,500,000, State Transportation/Improvement Program
- Missouri Flat Interchanges Phase 1B, \$2,864,000, State Highway Operation Protection Program
- Missouri Flat Interchanges Phase 1B, \$5,173,000, Federal Recovery Act
- U.S. 50 Roadway Rehabilitation: Bass Lake Road to SR 49, \$13,000,000, State Highway Operation Protection Program

These projects provided a significant boost to the regional economy by creating over 1,800 jobs and improved access to goods, services, and employment by improving travel conditions on U.S. 50, including reducing the travel time for El Dorado Transit Authority's bus service by as much as 24 minutes from Placerville to downtown Sacramento. Additionally, the more than \$16 million in state maintenance funds spent on U.S. Highway 50 in El Dorado County have helped maintain the public's investment in California's transportation system.

We greatly appreciate working together in partnership with you, the CTC, and Caltrans and look forward to the opportunity to thank you for your strong support of key transportation projects in El Dorado County. We hope to hear from you soon to confirm your participation and to coordinate the logistics of your visit. Please note that we have also invited your Executive Director, the Caltrans Executive Director, as well as state, federal, and local elected officials to join us for our celebration. In addition, Sharon Scherzinger, Executive Director of the El Dorado County Transportation Commission, as well as other agency executives, will be on hand for the event. Please RSVP to Joni Rice by email, [jrice@edctc.org](mailto:jrice@edctc.org), or by phone 530-642-5260 by November 16<sup>th</sup> to confirm your availability.

Sincerely,

James R. "Jack" Sweeney, Chair  
El Dorado County Transportation Commission
