Good morning,

I am writing in support of the proposed MOU with Placer County and the Forest Service.

As a long time user of the Rubicon Trail and a property owner in Placer County I feel this will preserve the safety of the trail and increase the positive financial impact to both El Dorado and Placer Counties.

My time as a Jeoper includes scores of hours maintaining the Rubicon Trail and surrounding trails. My involvement in several Tahoe local four wheel drive clubs has brought me detailed information about how well El Dorado has restored that side of the trail. I look forward to working with Vickie Sanders and the Tahoe National Forest on future maintenance efforts.

Thank you for supporting the Rubicon Trail and many recreational opportunities it provides for the public.

El Dorado County Supervisors:

We are the owners of the 360 acre parcel in El Dorado County that encompasses Rubicon Springs. We have provided EDC with deeded access to that portion of the Rubicon Trail that transverses our property and we work closely and cooperatively with EDC Parks Division in matters relating to the oversight and management of the Rubicon Trail and its environs.

We wish to go on record in support of BOS approval of the proposed Memorandum of Understanding between EDC and Placer County, Tahoe National Forest, Lake Tahoe Basin Management, El Dorado National Forest, and Cal Parks OHV Division.

Frank Maguire
Board President, Rubicon Soda Springs, Inc.
