Interim Objective Design Standards and Interim Design Standards and Guidelines

County of El Dorado

Project Title

Project Applicant

El Dorado County's Community Regions (i.e., El Dorado Hills, Cameron Park, El Dorado / Diamond Springs, Shingle Springs, and Placerville) and Rural Centers (i.e., Camino, Cedar Grove, Coloma, Cool, Fairplay, Garden Valley, Greenwood, Georgetown, Grey's Corner, Grizzly Flat, Kelsey, Kyburz, Latrobe, Little Norway, Lotus, Mosquito, Mount Ralston, Mt. Aukum, Nashville, Oak Hill, Phillips, Pilot Hill, Pleasant Valley, Pollock Pines, Quintette, Rescue, Somerset, Strawberry, and Chrome Ridge).

Project Location – Specific

(El Dorado County)

The project consists of adopting Interim Objective Design Standards for state streamlined, ministerial projects and Interim Design Standards and Guidelines for multifamily, mixed-use, and commercial projects in the County's Community Regions and Rural Centers.

Exempt Status:

☐ CEQA Statute Section 21080.

☒ Categorical Exemption. State type and section number:

☐ Statutory Exemption. State code number:

Sections 15305 (Minor Alterations in Land Use Limitations), 15308 (Actions by Regulatory Agencies for Protection of the Environment) and 15378 (Definition of a "Project")

Reasons why project is exempt:

CEQA Guidelines Section 15305 refers to areas with an average slope of less than 20% and where there are no proposed changes in land use or density. The proposed interim design standards do not propose any changes to land use or density, and the lands zoned for multifamily, mixed-use, or commercial projects in Community Regions and Rural Centers are located on relatively flat lands with average slopes less than 20%. CEQA Guidelines Section 15308 refers to actions by regulatory agencies to protect the environment. The two sets of interim design standards require common outdoor areas for multifamily and mixed-use projects and requires wildlife-friendly fencing for projects adjacent to open space. The Interim Design Standards and Guidelines encourages bioswales and access to bike trails and public transportation. The interim design standards also qualify for exemption under CEQA Guidelines Sections 15061(b)(3) and Section 15378; there is no direct or reasonably indirect physical change in the environment, since the proposed standards would not change the locations, allowed uses, or densities of development projects.
