Dear Board Members,

I oppose the delegation of signature authority to the HHSA Director on this agenda item. This is a critically important matter and the final authority should be from the Board of Supervisors. HHSA Director should not have the authority to execute any grant agreement without the oversight of the Board or input from the public.

" 4) Delegate authority to the HHSA Director to accept funding and execute any grant agreement for HHAP Program Round 3, if awarded, with a term to be determined, including any extension(s) or amendment(s) thereto, contingent upon County Counsel and Risk Management Approval; 5) Authorize the HHSA Director to submit a letter of support on behalf"

Colleen Hearn, CCOCP

Dear Board Members,

I oppose the delegation of signature authority to the HHSA Director on this agenda item. This is an important matter and the final documents should come back to the Board of Supervisors for approval.

Dear Board Members,

This item should be continued. A public hearing should be held in Pollock Pines so that residents have an opportunity to weigh in on the intended use. Further, the Board of Directors of the local Fire Protection District (County Fire) should be briefed on the intended County use of this property so that County Fire can analyze the impacts to the vital services that they provide.
