

Master Plan Advisory Committee Proposal

List of Representatives:

El Dorado National Forest
El Dorado Irrigation District
El Dorado Hills Community Services District
Georgetown Divide Recreation District
City of Placerville
Bureau of Land Management
Cameron Park Community Services District
El Dorado County Office of Education
American River Conservancy
City of South Lake Tahoe
California State Parks
Placer County Department of Parks & Open Space Director
El Dorado County Department of Transportation Commission

- All commissioners are in favor of advisory committee
- About 1-2 meetings
- Commission doesn't want committee members meeting too soon
- Recommend committee self-organize
- Commission would like committee members to make recommendations on the financial component of implementing the Master Plan (both acquisition and development costs, and ongoing operations and maintenance).
- Before committee members meet, ask that each member come prepared with a priority list for recreational improvements/projects planned from the entity they represent, total cost for projects, and when projects will be funded. This will help guide the commission with future needs for the Master Plan and trails.
- Commission/Parks Department will bring advisory committee recommendations to Jennifer and the Chief Administrative Office. Jennifer will discuss recommendations with commission.
