DAYTIME TELEPHONE _____

APPEAL BEING MADE TO: Board of Supervisors Planning Commission

ACTION BEING APPEALED (Please specify the action being appealed, i.e., approval of an application, denial of an application, conditions of approval, etc., and specific reasons for appeal. If appealing conditions of approval, please attach copy of conditions and specify appeal.)

I am appealing the EDC Planning Commission's 9/12/24 decision to approve the Archon

Omo Ranch Cannabis Cultivation Project CCU21-0008 APN 095-030-036

1. Required reports from multiple agencies are non-existent and need to be included prior to approval

2. The water required to maintain this cannabis operation has not been proven to be adequate.

Please see page 2 attachment for additional points

DATE OF ACTION BEING APPEALED September 12, 2024

Judy L. Husak
Signature

9/23/2024
Date

3. The operation will further impact the water table, which is currently not sufficient, even for existing residents. There has not been a study to show that the withdrawal from the water table will not further impact the surrounding residents.

4. The project is not compliant with El Dorado County Ordinance #5111.

5. The project approval violates California Environmental Quality Act (CEQA)

6. The community was not notified of this discretionary project, whereas the community was denied the opportunity to address the impacts of the project.

7. The project is not compliant with the General Plan and Zoning Ordinance.

8. We reserve the right to address other violations and non-mitigated impacts that were not addressed at the Planning Commission Hearing.

Sec. 130.52.090 - Appeals.

Any decision by the review authority of original jurisdiction may be appealed by the applicant or any other affected party, as follows:

- A. An appeal must be filed within 10 working days from the decision by the review authority by completing the appeal form and submitting said form together with the applicable fee, as established by resolution of the Board, to the Department. The appellant shall clearly identify on the appeal form the specific reasons for the appeal and the relief requested.
- B. The hearing body for the appeal shall consider all issues raised by the appellant and may consider other relevant issues related to the project being appealed. The hearing body for the appeal shall be as follows:
 1. All decisions of the Director are appealable to the Commission and then to the Board.
 2. All decisions of the Zoning Administrator and the Commission are appealable to the Board.
 3. All decisions of the Board are final.
- C. The hearing on an appeal shall be set no more than 30 days from receipt of a completed appeal form and fee. If the Board meeting is canceled for any reason on the date on which the appeal would normally be heard, the appeal shall be heard on the first available regularly-scheduled meeting following the canceled meeting date. The 30-day time limitation may be extended by mutual consent of the appellant(s), the applicant, if different from the appellant, and the appeals body. Once the date and time for the hearing is established the hearing may be continued only by such mutual consent.
- D. In any appeal action brought in compliance with this Section, the appellant(s) may withdraw the appeal, with prejudice, at any time prior to the commencement of the public hearing. For the purposes of this Section, the public hearing shall be deemed commenced upon the taking of any evidence, including reports from staff.
- E. Upon the filing of an appeal, the Commission or the Board shall render its decision on the appeal within 60 days.
- F. No person shall seek judicial review of a County decision on a planning permit or other matter in compliance with this Title until all appeals to the Commission and Board have been first exhausted in compliance with this Section.

Petition Opposing Commercial Cannabis Cultivation License on Perry Creek Road and Surrounding Areas

To the El Dorado Planning and Building Department and El Dorado County Board of Supervisors:

We, the undersigned residents of Somerset and Surrounding Areas, are writing to express our strong opposition to the proposed commercial cannabis cultivation licenses in the Somerset community. We believe these developments present significant threats to the safety, character, and well-being of our community and urge you to deny the permit applications.

Concerns regarding social impact:

- **Public Park and School Bus Stops:** We are deeply concerned that at least one of the proposed cannabis cultivation farms is near a public park. Children and adults use the park's playground, disc golf course, horse arena, and athletic facilities daily. School bus stops, where children the ages of Kindergarten through high school wait for their bus throughout the school year, are near some of the proposed cannabis farms.
- **Increased crime and safety risks:** We are deeply concerned that the presence of a large-scale cannabis farm will attract unauthorized visitors, leading to increased theft, trespass, and potential drug trafficking activity. This poses a direct threat to the peaceful and secure environment we have enjoyed in Somerset and the surrounding areas.
- **Disruption of community character:** Our community values its tranquility, strong family values, and traditional way of life. We fear that these developments will alter this character, drawing unwanted attention and potentially attracting individuals outside our close-knit community.
- **Nuisance issues:** The farms' operations could result in a variety of nuisances, including noise from processing equipment, light pollution that disrupts the night sky, unpleasant odors, and increased traffic flow on our rural roads. These factors would significantly impact the quality of life for residents.

Concerns regarding economic impact:

- **Potential decrease in property values:** We are concerned that the presence of commercial cannabis cultivation farms could have a negative impact on property values in our community. This would be detrimental to residents, especially those invested in agriculture or tourism.
- **Excessive water usage:** Our region faces water scarcity challenges. The farms' high water demand could deplete vital resources, affecting both our community's access and the natural environment.

- **Unfair competition for resources:** We believe the farms could unfairly compete for limited resources, such as skilled labor or infrastructure, that are currently essential for existing businesses and residents.

Concerns regarding environmental impact:

- **Pesticide and herbicide use:** The potential use of pesticides and herbicides on the farms pose a significant risk to our local ecosystem, potentially harming wildlife and contaminating water sources.
- **Light pollution:** Excessive artificial lighting at the farms would disrupt nocturnal animals and impact the night sky, a cherished aspect of our rural environment.
- **Waste disposal concerns:** We are concerned about the proper disposal of waste generated by the farms, including plant trimmings and chemical containers. Improper disposal could lead to environmental contamination and health risks.

Additional concerns:

- **The difference in obtaining a Beer/ Wine or Liquor License:** Our community at-large is currently unaware of entities seeking permits to have industrial size cannabis grows in their neighborhoods. Unlike Liquor Licenses applicants who are mandated to publicly post their intentions well in advance, these Cannabis applications are being processed without the same requirements, denying directly affected people the same access to information.
- **Lack of trust in regulations:** We have concerns about the effectiveness of regulations governing cannabis farms. We fear inadequate enforcement or loopholes could lead to negative consequences for our community.
- **Moral objections:** Many residents hold personal or religious objections to cannabis use, regardless of its legal status. We believe they have the right to live in a community that aligns with their values.

Therefore, we implore you to consider the concerns outlined above and deny the permit application for the proposed commercial cannabis farms. We believe these developments are incompatible with the values and needs of our community and pose a significant threat to our way of life. We urge you to prioritize the safety, character, and well-being of Somerset and surrounding areas and reject this proposal.

Sincerely,

The undersigned residents of Somerset and Surrounding Areas

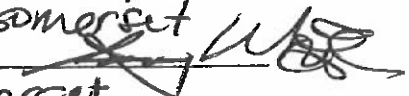

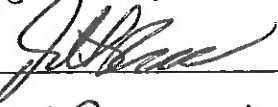

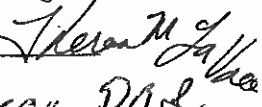

Notice: There are 12 approved (not just 2). Harde's project is "Processing".
