Dear Board of Supervisors,

The Community Planning process is very important to communities and will provide clarity to both residents and developers about how each community wants to grow. Please acknowledge that the Community Planning Guide is **ONLY** a guide and will not derail any efforts already taken by communities toward creating a Plan.

I also ask that you support your constituents by placing the Community Plan process as a top priority in the county to provide clarity to both residents and developers to protect our quality of life in El Dorado County. Coloma residents are especially concerned about preserving our tranquil, rural lifestyle.

Thank you,

Melody Lane

Dear Supervisor Mikulaco, Frentzen, Veerkamp, Briggs, Santiago, and Clerk of the Board

Since a previous engagement precludes our being able to attend the November 17 meeting, we are forwarding you this email to apprise you of our thoughts and comments regarding the subject Agenda Item.

The Community Planning process is very important to the communities of El Dorado County since it provides clarity to both residents and developers about how we wish to grow. The Community Planning Guide we have developed as a community is only a guide, and as such, it will not derail any efforts already taken by the communities of El Dorado County toward creating a Plan. Our goal as a community is to protect our quality of life in El Dorado County; so with this in mind, we respectfully ask that you support your constituents by placing the Community Plan process as a top priority.

Thank you,
