---

Hi CJ,

I have heard back from Bill Dietchman, Marilyn Tahl, Dave Martinez and Steve Liles.

They all would like to be considered for re-appointed.

Eric Carter is the State Parks Alternate and I would expect him to be interested as well but he has been on vacation this month so I have not heard back from him yet.

Please let me know if you would like to post the Land Owner vacancy notice in the Coloma-Lotus valley or if there is a particular time you would like to have interested people apply for that vacancy.

Thank you,

Noah Rucker-Triplett

Subject: River Management Advisory Committee

---

Noah,

It is time to reappoint some members of the River Management Advisory Committee. Currently I am showing that Eric Carter, Bill Deitchman, Dave Martinez Marilyn Tahl, and Stephen Liles need to be either reappointed, or someone new appointed. And, we also have one (1) vacancy for a landowner. Can you let me know if this information is correct. I want to add these names to the Board of Supervisors January appointment calendar, and I wanted to make sure we get them the right information to work from.

Thank you for your help.
