Summary of qualifications I have a master's degree in City and Regional Planning from California Polytechnic State University, SLO. I've been on the MAC for the last two years and served as chair for the first year. During my time with the MAC we have worked to bring about elements of the Meyers Community Plan, such as a gateway sign, as well as lend a voice to the community on Meyers specific issues, such as traffic. I also sit on the Planning Commission for District 5.			
Affiliations with professional and/or community groups Director - Meyers Community Foundation Director/Vice President - Tahoe Home Connection Commissioner - Planning Commission, EDC Council Member - Meyers Advisory Council Member - American Planners Association			
Why do you seek appointment? I am seeking this appointment because I want to continue my work helping the Meyers community. With my connections to the Meyers Community Foundation, I've been able to kick-start the process of getting a gateway sign in at the Highway 50 entrance to Meyers. I want to keep working with our local partners to move forward on items that are important to the community. I bring a professional range of knowledge and experience from which to draw upon. I consider myself an advocate planner, meaning that I choose to listen to the community and foster development and planning that is in-line with the community's values. I am invested in the health and success of the Meyers community.
