END OF CONSENT CALENDAR

DEPARTMENTAL REPORTS AND COMMUNICATIONS
(Development Services, Transportation, County Counsel)

Roger Trout, Development Services Division Director and Executive Secretary to the Planning Commission, stated that according to the Commission's Bylaws, Section 5.i., "the Commission will review and comment on the Planning Department/Planning Commission budget." He summarized this year's proposed budget and requested that any member contact them if they have comments or questions and he will agendize the item at an upcoming meeting. He will have the Bylaws emailed to the Commission and they may want to consider updating them as it was last amended in 1996. Mr. Trout summarized recent Board of Supervisors' activity regarding the Rancho Olivo appeal and Tilden Park Consultant Contracts for an EIR. He also informed the Commission that Gerri Silva, Environmental Management Division Director, recently retired.

COMMISSIONERS' REPORTS

Commissioner Pratt commented on the upcoming Sierra Century bike ride this weekend and although it was starting/ending at the Amador County Fairgrounds, one of the main highlights was the Slug Gulch Road climb. He voiced concern on the estimated 1,500 cyclists expected to participate. He also inquired on any information regarding the road signs stating that the Mount Aukum bridge will have a hard closures for 2 weeks as he is being approached by the public on this issue.

Chair Stewart expressed interest in finding out the impacts after some of the road projects are completed.

PUBLIC FORUM/PUBLIC COMMENT

Fran DuChamp stated that how enforcement was done was a key issue for her. Consumers, which would sometimes mean the community, need to be treated with respect.

AGENDA ITEMS

2. **13-0086** Hearing to consider the Sign Ordinance Update which consists of the adoption and implementation of an update to the County's existing Sign Ordinance (Chapter

130.16 of Title 130 of the El Dorado County Code of Ordinances, and other sections of Title 130 addressing sign regulations and standards) as well as amendments to General Plan Objective 2.7.1 and Policy 2.7.1.2 (pertaining to off-site signs) consistent with the goals of the project; and staff recommending the Planning Commission recommend the Board of Supervisors take the following actions:

B. Planning Commission Recommended Revisions to the Draft Sign Ordinance presented to the Planning Commission on March 26, 2015 (see Attachment 5G in Legistar File #13-0086. Note: page numbers referenced below refer to this draft document)

1. All Sections: Replace all references to “urban” with “Community Regions”
2. Section 17.16.030 (B)(5) – Exempt Signs With Limitations, Trespass Sign Spacing (page 5): Allow flexibility when 200 foot separation is too restrictive; allow to be spaced closer than 200 feet in some instances
3. Section 17.16.030 (B)(6)(a) – Exempt Signs With Limitations, Real Estate Signs (page 5): Revise “residential-zoned property” to “single family home and improved multi-family property for 2 to 4 units” and remove “On weekends and holidays,”
4. Section 17.16.030 (B)(6)(b) – Exempt Signs With Limitations, Real Estate Signs (page 6): Add “residential property suitable for investment or development”
5. Section 17.16.030 (B)(8) – Exempt Signs With Limitations, On-site Directional Signs (page 7): Apply rural area height standards when in a Community Region above 3,000 foot elevation
6. Section 17.16.030 (B)(9) – Exempt Signs With Limitations, Off-site commercial signs along rural area private roads (page 7): Revise Sign Ordinance language as shown below:

“Off-site commercial directional signs, located on private property within the designated rural areas of the County, for establishments that are not directly abutting County roads. For these establishments located on that solely derive access from a private roads, each establishment is allowed 1 non-illuminated

~~commercial identification and directional sign with a maximum sign area of 16 square feet and a maximum height of 12 feet at the intersection of the private road with the county road. Additional commercial directional signs are allowed for the establishment at other intersecting points along the private road to provide guidance to the establishment. Each additional commercial directional sign shall have a maximum allowed area of 12 square feet and a maximum allowed height of 12 feet. Such signs may be permanent or temporary and require property owner consent. This provision does not allow general advertising for hire.~~

Revised language to read as follows:

“Off-site commercial directional signs on private property within the designated rural areas of the County, for establishments that are not directly abutting County roads. For establishments that solely derive access from a private road, each establishment is allowed 1 non-illuminated commercial directional sign with a maximum sign area of 16 square feet and a maximum height of 12 feet at the intersection of the private road with the county road. Additional commercial directional signs are allowed for the establishment at other intersecting points along the private road to provide guidance to the establishment. Each additional commercial directional sign shall have a maximum allowed area of 12 square feet and a maximum allowed height of 12 feet. Such signs may be permanent or temporary and require property owner consent. This provision does not allow general advertising for hire.”

23. Section 17.16.120 – Definitions (pages 34 – 43): Add the following twelve defined terms:
- 1) **Air-activated Sign.** An attention attracting device that is activated by wind or forced air, portions of which flutter or flap in the air; examples are known by commercial names such as sky puppet, air puppets, air crows, air dancers and wind dancers; the definition includes functionally similar devices.
 - 2) **Banner.** Any sign made of cloth, lightweight fabric, bunting, plastic, vinyl, paper or similar material that is permanently or temporarily placed on, or affixed to, real property in a location where the message or image displayed is visible to the public from outside of the building or structure. A flag, as defined, shall not be considered a banner.
 - 3) **Commercial Directional Sign.** A sign whose primary function is to provide directional information for an establishment offering retail sales to the general public, when the establishment does not have access through frontage on a county road.
 - 4) **Electronic Message Center (EMC).** Add to definitions of “Electronic (Digital) Message Sign” and “Digital Display.”
 - 5) **Feather Banner.** A pole (typically flexible) with an attachment generally made of fabric and in the shape of a feather or quill, used to attract attention and/or present some visually communicative image to public view. Also known as feather flag, quill flag and similar names.
 - 6) **Gas Pricing Signs.** *Revised to Motor Vehicle Fuel Pricing Signs.* Signs identifying the brand, type, octane rating, etc., of ~~gasoline~~ motor vehicle fuel for sale, as required by state law.
 - 7) **General Advertising for Hire.** The enterprise of advertising or promoting other businesses, establishments or causes using methods of advertising, in contrast to self-promotion or on-site advertising. The term applies regardless of whether a given message is commercial, noncommercial, or “public service” in nature. Also known as general advertising.
 - 8) **Mobile Billboard.** A vehicle which parks upon public land or traverses upon public roads for the primary purpose of displaying general advertising for hire.
 - 9) **Movable Sign.** A sign that can easily be moved from one place to another, typically by mounting it on a vehicle or trailer, or by attaching wheels to it.

- 10) **Sign Twirler.** A human being, or a robotic imitation of a human being, displaying signs visible from the public right of way by holding the physical sign and twirling or spinning for the purpose of attracting public attention. Also known as sign spinner.
- 11) **Tourist Industry.** Commercial businesses that provide goods and/or services (such as attractions and recreation; accommodations; restaurants and retail; transportation, travel and rental car services) for people traveling for pleasure (e.g. vacation, recreation, sightseeing). *Upon adoption of the updated Zoning Ordinance, Tourist Industry will be added to the Zoning Ordinance Glossary.*
- 12) **Vehicle Sign.** A sign mounted upon a vehicle which may legally be parked on or move on public roads as well as a sign mounted upon a water vessel which may legally move upon the waters.

C. Planning Commission Recommendations for Compliance

The Planning Commission recommends education and outreach efforts to be implemented to assist with code enforcement and compliance after the updated Sign Ordinance is adopted. Outreach to existing industries (including sign companies and sign industry associations) as well as local organizations such as Chambers of Commerce, community services districts and other community-based organizations to spread the word. Also recommend the County identify ways to incentivize bringing existing structures into conformance with the new code, and Code Enforcement to consider implementing an on-line form for complaints specific to signs.

Mitigation Monitoring Plan

MM Number	Mitigation Measure	Timing/ Implementation	Enforcement / Monitoring	Verification (date and Signature)
3.1.4	<p>The text of Code Section 17.16.070(H)(3)(c) shall be amended as follows: Digital signs shall not operate at brightness levels of more than 0.3 foot-candles above ambient light, as measured using a foot-candle meter <u>industry standard procedures</u> at a distance of 250 feet from the sign face as determined by the following formula: measurement distance = $\sqrt{\text{Area of sign in square feet} \times 100}$ shall equal the square root of Area of sign in square feet multiplied by 100. Each digital display area shall have a light-sensing device that will adjust the brightness of the sign as ambient light conditions change throughout the day.</p>	Prior to project approval	County of El Dorado Planning Services
