In the event Developers fail to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event. **ADDITIONAL STANDARDS:** Certificates shall meet such additional standards as may be determined by Transportation, either independently or in consultation with the Risk Management Division, as essential for protection of County.

**COMMENCEMENT OF PERFORMANCE:** Developers shall not commence performance of this Agreement unless and until compliance with each and every requirement of the insurance provisions is achieved.

**MATERIAL BREACH:** Failure of Developers to maintain the insurance required herein, or to comply with any of the requirements of the insurance provisions, shall constitute a material breach of the entire Agreement.

**REPORTING PROVISIONS:** Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to County, its officers, officials, employees, or volunteers.

**PRIMARY COVERAGE:** Developers' insurance coverage shall be primary insurance as respects the County, its officers, officials, employees, and volunteers. **DEVELOPERS' OBLIGATIONS:** Developers' indemnity and other obligations shall not be limited by the insurance required herein and shall survive the expiration of this Agreement.

**SECTION 9.           RESPONSIBILITY OF ENGINEER**

Developers shall employ and make available to County an individual or firm acceptable by the County Engineer to provide responses to contractor and construction inspector requests for information, and to provide requisite design revisions as requested by County Engineer before, during and close out of construction, and through the one-year warranty period of the Project. County Engineer shall be notified by Developers one (1) month in advance of terminating the services of the individual or firm accepted by County Engineer and shall employ a comparable replacement individual or firm acceptable by County Engineer simultaneously to the termination notice date. The individual or firm so employed shall act as Developers' representative to ensure full compliance with the terms and conditions set forth in the plans, specifications, all permits and any other agreements, notices or directives related to the Project. Notice shall specify the alleged default and the applicable Agreement provision. Developers shall cure the default within forty-five (45) days ("Time to Cure") from the date of the Notice. In the event that the Developers fail to cure the default within the Time to Cure, Developers shall be deemed to be in breach of this Agreement.

**SECTION 14. PUBLIC UTILITIES**

Developers shall investigate and determine if existing public and private utilities conflict with the construction of the Project. Developers shall make all necessary arrangements with the owners of such utilities for their protection, relocation, or removal. Developers shall pay all costs of protection, relocation, or removal of utilities. In the event that the utility companies do not recognize this Project as a County project for which the utility companies bear one hundred percent (100%) of the cost of relocation, then, as between County and Developers, Developers shall pay all costs of protection, relocation or removal of utilities. Notwithstanding the aforementioned, nothing in this provision shall be construed to prevent Developers from making a claim to the owner of said utilities for reimbursement for relocation costs.

**SECTION 15. RIGHT-OF-WAY CLEARANCE**

Right of way requirements for this project have been obtained by Developers and such acquisitions approved by County. No additional right of way requirements are necessary for the project improvements as designed and for which Improvement Plans have been approved.

**SECTION 16. NO DEVELOPERS REIMBURSEMENT**

The Parties agree and acknowledge that the Project costs associated with the improvements contemplated herein are not eligible for reimbursement by County and all costs shall be borne by Developers.
