Why do you seek appointment? I have significant understanding of and experience with legal concepts, rendering legally binding decisions and with dispute resolution. I believe my experience considering evidence, rendering decisions based on that evidence and testimony from the parties, and then defending my determinations on appeal on behalf of my agency before the CUIAB, as well as my understanding of state and federal laws relating to discrimination and wage and hour issues, has prepared me to do the same in the context of employment law. I feel that I would be able to consider even difficult cases fairly to all involved parties. I would cherish the opportunity to apply this knowledge in service of the County and uphold a high, yet fair, standard for County employees.
