**DO NOT** do this. Placerville is turning into Sacramento. You are ruining beautiful land that makes this county special. It would definitely **NOT** be an improvement for this county. Where is the water going to come from? There are already way too many empty office spaces. How about using the unused buildings on Broadway. They are just sitting there empty. You will be putting small businesses out of business, ruining the very thing that makes this county rural. Is that what you want? How much are they paying you? El Dorado County is **RURAL**. If people don't like it they should move back to where they came from. Already the so called improvements look horrible & junky. I will not be voting for my Supervisor again if they agree to this atrocity. I can't believe what's happened to this county. My vote is a big **NO**. I would be at the meeting tomorrow but recent back surgery keeps from driving right now. Please remember what this county truly is and don't ruin it even more.

Sincerely,

Collette Wheeler

**LATE DISTRIBUTION**
