“Supporting trail stakeholders & projects to maintain & create trails on the western slope of El Dorado County; for improved quality of life, alternative transportation, & economic development.”

June 20, 2014

Aaron Mount, Associate Planner
El Dorado County Planning Services
2850 Fairlane Court
Placerville, CA 95667

Dear Mr. Mount

As Trails Advocates of El Dorado County (TAOEDC) is committed actively supporting, assisting, and advocating for trails in El Dorado County, I am writing this letter, on behalf TAOEDC, in support of the American River Conservancy Salmon Falls Ranch Recreational Trail Project.

The addition of recreational trails and trailhead facility which will allow for parking and public access for equestrians, mountain bicyclists and hikers, this project will contribute to community trail assets for recreation and provide additional economic and health benefits to El Dorado County and its residents. The aim of the project to enhance almost 5 acres of oak woodland/annual grassland through the removal of yellow star thistle and planting native drought tolerant plants, including oak trees appeals to our environmental side!

TAOEDC urges El Dorado County to approve American River Conservancy's request for a special use permit for project.

Sincerely,

Pam Stoddard,
TAOEDC 2014 Operational Leader
