5. Summary of qualifications related to group (s) listed above. (What experience or special knowledge do you bring to your area of interest?)

Parent of committed skateboarder who desires to become a professional rider. I have spent over \$7500 building our own skate park in our backyard. We have built half pipes, quarter pipes, fun boxes, rails etc. We probably have the largest half pipe in the county now. I have taken my sons and their friends on many skate park tours around California and have been to more than 25 parks. I observed how they operated, their levels of supervision, their rules and the behavior of the kids who use these parks. I have especially noted how each of these facilities were managed, supervised and protected by local law enforcement.

I have managed various business operations with 10-175 employees and volumes from 1-15 million annual sales.

9. Occupation & title: **Outside sales / Gas specialist, Osborne Company Inc. Livermore CA**

10. Other Remarks: **This committee currently has only two regular members out of the fifteen positions allocated. It desperately needs to have a greater pool of concerned citizens to provide input to the Board of Supervisors. This skate park is one of the highest rated (top 5) in California. It is an extremely valuable asset to the City and County. This highly respected position in the skating community should be viewed as a way to enhance our standing and attract professional competitions and related tourist income to the benefit of the community.**
